WHAT'S IN THE Box

- Earplugs
- Type C Charging Cable
- User Manual

SETUP

Charging the Headphones

Before first use, fully charge your kurdene GM1 headphones. A full charge takes approximately one hour and provides up to 120 hours of talk time or 100 hours of music playback. The headphones also boast an impressive 500 days of standby time.

Pairing with a Device

The headphones feature Bluetooth 5.4 connectivity, ensuring a stable and reliable wireless connection with a transmission range of up to 100 meters. To pair:

1. Ensure the headphones are charged and powered on.
2. Activate Bluetooth on your compatible device (smartphone, tablet, computer).
3. Select "kurdene GM1" from the list of available Bluetooth devices.
4. Once connected, the headphones will indicate successful pairing.

Advanced Bluetooth 5.4

Super stability and long transmission distance

OPERATING INSTRUCTIONS

Sound Modes

The kurdene GM1 headphones offer three distinct sound options to suit your preferences and the audio content:

- **Original:** For a balanced and natural sound profile.
- **Bass:** Enhances low frequencies for a richer, deeper bass experience.
- **Vocals:** Optimizes mid-range frequencies for clearer voice reproduction, ideal for podcasts or audiobooks.

You can easily switch between these modes using the controls on the neckband.

Unbelievable Sound Quality

1. Superior Hi-Fi Sound Quality
2. Fast Connection Response
3. Stable Sound Transmission

Media Controls

The headphones feature intuitive media controls on the neckband, allowing you to manage your audio playback and calls with ease. These controls typically include:

- Play/Pause button
- Volume Up/Down buttons
- Next/Previous track buttons
- Call Answer/End button

Refer to the included quick start guide for specific button functions.

Low Latency for Gaming

The powerful low latency feature ensures that audio is transmitted and processed at a faster speed, providing immediate sound during gaming or calls. This minimizes audio delay, offering a more synchronized and immersive experience.

MAINTENANCE

Cleaning and Care

The headphones are water-resistant, making them suitable for workouts and light exposure to moisture. To maintain optimal performance and hygiene:

- Wipe the neckband and earbuds with a soft, dry cloth after each use, especially after workouts.
- Avoid submerging the headphones in water.
- Store the headphones in a cool, dry place when not in use.

Earplug Replacement

The kurdene GM1 comes with replaceable earplugs made from soft silicone material, ensuring comfort even during extended wear. Different sizes (M, L, XL) are included to provide a personalized and secure fit.

TROUBLESHOOTING

If you encounter issues with your kurdene GM1 headphones, consider the following common solutions:

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the headphones are in pairing mode. Try unpairing and re-pairing.
- **Poor Sound Quality:** Check the earplug fit. Ensure the headphones are within the Bluetooth range of your device.
- **No Sound:** Verify volume levels on both the headphones and your connected device.

For persistent issues, refer to the full user manual or contact kurdene customer support.
