Gintao NA-T2611A

Gintao Electric Heated Blanket Throw User Manual

Model: NA-T2611A | Brand: Gintao

1. INTRODUCTION

Thank you for choosing the Gintao Electric Heated Blanket Throw. This manual provides essential information for the safe and effective use of your heated blanket. Please read all instructions carefully before use and retain this manual for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

1. Read all instructions before using this heated blanket.
2. Do not use this blanket with an infant, a child, an incapacitated person, a paraplegic, a quadriplegic, a diabetic, anyone insensitive to heat, or anyone who cannot clearly understand the instructions and/or operate the controls.
3. Do not use this blanket on an animal.
4. Never use the blanket if the cord or plug is damaged.
5. Do not use the blanket if it has malfunctioned in any way.
6. Do not use pins or other metallic objects with this blanket. They may damage the wiring and cause an electric shock.
7. Do not use the blanket if it is wet.
8. Do not use this blanket in conjunction with another heating appliance.

9. Do not tuck in, fold, cross, pinch, or wrap the control unit or power cord during use. This can cause overheating and potential damage.
10. Always unplug the blanket from the electrical outlet when not in use.
11. This blanket is equipped with a 4-hour auto-shutoff function and overheat protection for safety.
12. The product is ETL and FCC certified for safety standards.

3. PRODUCT FEATURES

- **2-in-1 Multi-Functional Design:** Features a detachable hat and snap buttons, allowing use as a traditional heated blanket or a wearable heated shawl. The snap buttons secure the blanket in place.
- **Premium Material:** Crafted from double-layer 200GSM flannel fabric for ultra-softness, lightweight comfort, and breathability.
- **3 Heat Settings:** Adjustable temperature levels ranging from 86°F to 113°F (30°C to 45°C) for personalized warmth.
- **Fast & Even Warmth:** Utilizes quick-heating technology and an extended heating wire for efficient and uniform heat distribution.
- **Safety Features:** Equipped with PTC and NTC intelligent technologies for overheat protection and a 4-hour automatic shut-off function. ETL and FCC certified.

4. SETUP

Follow these steps to set up your Gintao Electric Heated Blanket Throw:

1. **Unpack:** Carefully remove the blanket and controller from the packaging.
2. **Connect Controller:** Locate the connector on the blanket and the corresponding plug on the controller cord. Firmly connect the controller cord to the blanket. Ensure a secure connection.
3. **Position Blanket:** Place the blanket as desired, either spread out on a bed or couch, or worn as a shawl. Ensure the heating wires are not folded or bunched tightly.
4. **Plug In:** Insert the power cord into a standard 120V AC electrical wall outlet.

5. OPERATING INSTRUCTIONS

The Gintao Electric Heated Blanket Throw features a user-friendly controller with three heat settings and an automatic shut-off function.

- **Power On/Off:** Press the orange "On/Off" button on the controller to turn the blanket on or off.
- **Adjust Heat Level:** Use the slider switch on the side of the controller to select your desired heat level:
 - **L (Low):** Gentle warmth.
 - **M (Medium):** Moderate warmth.
 - **H (High):** Maximum warmth (up to 113°F / 45°C).
- **Automatic Shut-Off:** For safety and energy conservation, the blanket will automatically turn off after 4 hours of continuous use. To restart, simply turn the blanket off and then on again using the "On/Off" button.

6. MAINTENANCE AND CLEANING

Proper care will ensure the longevity and performance of your heated blanket. Always follow these instructions carefully.

1. **Disconnect Power:** Before cleaning, always unplug the blanket from the wall outlet and detach the controller from the blanket.
2. **Machine Washable:** The blanket is machine washable. Use a gentle cycle with cold water.
3. **Detergent:** Use a mild detergent. Do not use bleach.
4. **Drying:** Tumble dry on low heat or line dry. Ensure the blanket is completely dry before reconnecting the controller or plugging it in. Do not iron.
5. **Do Not Dry Clean:** Dry cleaning solvents may damage the insulation of the heating elements.

Tips: Do not trap, fold, cross, pinch or wrap control the heated blanket during use

Image: Instructions for machine washing the heated blanket, emphasizing to unplug the controller and use gentle, cold water washing.

7. TROUBLESHOOTING

If your heated blanket is not operating correctly, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Blanket does not heat.	Not plugged in securely; controller not connected; power outage; internal safety feature activated.	Ensure power cord is firmly plugged into outlet. Ensure controller is securely connected to blanket. Check household circuit breaker. Unplug for 5 minutes, then reconnect and try again.
Blanket heats unevenly.	Heating wires are bunched or folded.	Lay the blanket flat and smooth out any folds or bunches. Ensure no heavy objects are on the blanket.
Blanket turns off too soon (before 4 hours).	Overheat protection activated; power fluctuation.	Unplug the blanket for 5 minutes to reset the safety system. Ensure the blanket is not folded or covered in a way that traps heat. Plug back in and restart.
Controller light is off.	Blanket is off; power issue.	Press the "On/Off" button. Check power connection and wall outlet.

If the problem persists after attempting these solutions, please contact Gintao customer support.
