SQUATZ SQEB1.5

SQUATZ Electric Shaker Bottle User Manual

Model: SQEB1.5

PRODUCT OVERVIEW

The SQUATZ Electric Shaker Bottle is designed for efficient and smooth blending of protein shakes, coffee, milkshakes, and other beverages. It features a powerful motor, a USB rechargeable battery, and a durable, leak-proof construction for convenient daily use.

SETUP AND FIRST USE

- Initial Charge:** Before first use, fully charge the shaker bottle using the provided USB cable. Connect the USB cable to the charging port on the base of the bottle and plug the other end into a standard USB power adapter (not included). The charging time is approximately 3.5 hours.
- Clean Before Use:** Hand wash all components of the bottle with warm, soapy water. Ensure the charging port area is dry before charging or use.
- Assemble:** Ensure the blending mechanism is securely attached to the base and the lid is properly sealed.

Easy to Assemble

22oz. Protein Juice or Shake Capacity

Up to 30mins Continuous Operation

POWERFUL

TIME-SAVING

MULTI

Image: A visual guide illustrating the ease of assembly, the 22oz capacity, 30 minutes of continuous operation, and the simple one-button operation for blending.

OPERATING INSTRUCTIONS

- Add Ingredients:** Open the lid and add your desired liquids and powders (e.g., protein powder, milk, water) to the bottle. Do not exceed the 22 oz (500 ml) capacity mark.
- Secure Lid:** Close the lid tightly to ensure a leak-proof seal. Ensure the flip-top cap is also securely closed.
- Activate Blending:** Press the power button located on the base of the bottle. The powerful motor will create a vortex, blending your ingredients smoothly in approximately 15 seconds.

POWERFUL MOTOR FOR SMOOTH BLENDING

MAKES ALL OF YOUR DRINKS AND SHAKES SILKY SMOOTH

POWERFUL MOTOR
15 SECONDS
TO A PERFECTLY
BLENDDED

Image: A user demonstrating the powerful blending action of the SQUATZ Electric Shaker Bottle, highlighting its ability to create smooth drinks quickly.

4. **Stop Blending:** Press the power button again to stop the blending cycle. The bottle can operate continuously for up to 30 minutes on a full charge.
5. **Enjoy Your Drink:** Open the flip-top cap and enjoy your perfectly blended beverage.

Important Usage Tips:

- Do not immerse the entire base of the bottle in water, as it contains electronic components.
- Avoid blending hot liquids, as pressure buildup can cause the lid to open unexpectedly.
- For best results, add liquid first, then powder.
- The bottle is designed for mixing powders and liquids, not for crushing ice or solid foods.

MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your SQUATZ Electric Shaker Bottle.

1. **Disassemble:** Separate the lid from the bottle. The blending mechanism can also be detached from the base for thorough cleaning.

2. **Hand Wash Only:** Wash the bottle, lid, and blending mechanism with warm, soapy water immediately after each use. Use a bottle brush for hard-to-reach areas.

SLEEK MOUTH & HANDLE DESIGN

SPILL PROOF - KEEPS BEVERAGES FRESH

Image: A detailed view of the shaker bottle's sleek mouth and handle design, emphasizing its spill-proof features and ease of cleaning.

3. **Clean Base:** Wipe the exterior of the base with a damp cloth. *Do not submerge the base in water.*
4. **Dry Thoroughly:** Allow all parts to air dry completely before reassembling or storing to prevent odor and bacterial growth.
5. **Storage:** Store the bottle in a clean, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bottle not blending/turning on.	Low battery.	Charge the bottle fully (approx. 3.5 hours).

Problem	Possible Cause	Solution
Bottle not blending/turning on.	Power button not pressed correctly.	Ensure a firm press on the power button.
Leaking from the lid.	Lid not securely closed or seal is dirty/damaged.	Ensure lid and flip-top cap are tightly sealed. Check silicone gasket for debris or damage and clean/replace if necessary.
Poor blending performance.	Too much powder or insufficient liquid.	Adjust liquid-to-powder ratio. Add liquid first, then powder. Do not overfill.
Unusual noise during operation.	Obstruction in blending mechanism.	Turn off the bottle, disassemble, and check for any foreign objects or buildup around the blending blades. Clean thoroughly.

If the problem persists after attempting these solutions, please contact SQUATZ customer support.
