SETUP GUIDE

Follow these steps to set up your MARVO Scorpion M292-BK Gaming Mouse:

1. **Unpack the Mouse:** Carefully remove the mouse from its packaging.
2. **Connect to PC:** Plug the USB connector of the mouse into an available USB port on your computer.
3. **Driver Installation:** The mouse is plug-and-play. Your operating system will automatically detect and install the necessary drivers. No additional software installation is typically required for basic functionality.
4. **Software (Optional):** For advanced customization of programmable buttons and LED effects, visit the official MARVO website to download the dedicated software for the M292-BK model, if available.

OPERATING INSTRUCTIONS

The MARVO Scorpion M292-BK Gaming Mouse features an ergonomic design for comfortable use and several customizable options.

DPI Adjustment

The mouse supports adjustable DPI (Dots Per Inch) settings up to 8000 DPI. Use the dedicated DPI buttons (usually located below the scroll wheel) to cycle through different sensitivity levels. Each DPI setting may correspond to a different LED color indicator for easy identification.

Programmable Buttons

This mouse is equipped with 7 programmable buttons. These buttons can be assigned various functions, macros, or shortcuts using the optional MARVO software. Refer to the software's user interface for detailed instructions on button customization.

LED Lighting

Experience dynamic lighting with 7 different LED color options. The lighting can often be customized or cycled through various effects via the optional MARVO software, enhancing your gaming setup's aesthetics.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your gaming mouse:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Sensor Cleaning:** Occasionally, use a cotton swab lightly dampened with isopropyl alcohol to gently clean the optical sensor on the underside of the mouse. Ensure no liquid enters the mouse body.
- **Storage:** When not in use for extended periods, store the mouse in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharply bending or pulling the USB cable to prevent damage.

TROUBLESHOOTING

If you encounter issues with your MARVO Scorpion M292-BK Gaming Mouse, refer to the following common solutions:

Mouse Not Responding:

- Ensure the USB cable is securely plugged into a working USB port on your computer.
- Try plugging the mouse into a different USB port.
- Restart your computer.
- Test the mouse on another computer to determine if the issue is with the mouse or your system.

DPI/Sensitivity Issues:

- Press the DPI adjustment buttons to cycle through different sensitivity settings.
- Check your operating system's mouse settings (e.g., Windows Mouse Properties) for pointer speed adjustments.

- If using the optional MARVO software, verify DPI settings within the application.

LED Lights Not Working/Incorrect Color:

- Ensure the mouse is properly connected.
- If using the optional MARVO software, check the lighting settings within the application.
- Some mice have a dedicated button or combination for LED control; consult the software or product page for specific instructions.

Programmable Buttons Not Functioning:

- Ensure the optional MARVO software is installed and running.
- Verify that the buttons have been correctly assigned functions within the software.
- Check for any software updates for the mouse.
