

## Raycon RBO725

# Raycon Everyday Open Earbuds User Manual

Model: RBO725

## INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Raycon Everyday Open Earbuds. Please read this manual carefully before using your earbuds to ensure optimal performance and longevity.

The Raycon Everyday Open Earbuds are designed for comfort and awareness, allowing you to enjoy audio while remaining connected to your surroundings. They feature a secure hook design, IPX5 water resistance, and extended battery life.

## PACKAGE CONTENTS

Verify that all items are present in your package:

- Raycon Everyday Open Earbuds (Left and Right)
- Charging Capsule
- USB-C Charging Cable
- User Manual

Image: Raycon Everyday Open Earbuds (Blue) with their charging case. The earbuds feature an open-ear hook design, and the case is a sleek, elongated oval shape with LED indicators on the front.

## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge your earbuds and charging case.

1. Place both earbuds into the charging capsule. Ensure they are seated correctly.
2. Connect the USB-C charging cable to the charging port on the case and to a power source.
3. The LED indicators on the front of the charging case will light up white to indicate charging. All four LEDs will be solid white when fully charged.

# MULTIPOINT CONNECTIVITY

---

Seamlessly switch audio inputs and spend less time in settings and more time listening to what you love.

Image: A close-up of the Raycon Everyday Open Earbuds charging case showing four white LED indicator lights, signifying battery level or charging status. The text indicates "8 Hours of Playtime" and "40 Hours of Battery Life" from the case.

## 2. Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, computer), go to the Bluetooth settings.
3. Select "Raycon Open Earbuds" from the list of available devices.
4. Once connected, you will hear an audible confirmation.

## OPERATING INSTRUCTIONS

### Wearing the Earbuds

The Raycon Everyday Open Earbuds feature a multi-angular hook design for a secure and comfortable fit. They are designed to sit just above your ear canal, allowing for environmental awareness.

1. Gently rotate the ear hooks to align with the natural curve of your ears.
2. Place the earbuds into your ears, ensuring the hooks rest comfortably over the tops of your ears.
3. Adjust the earbuds by gently wiggling and rotating them back and forth until they feel snug and comfortable, sitting just above your ear canal.

## 40 HOURS OF BATTERY

---

Get 8 hours of playtime, plus 40 more from the case — power for days on a single charge.

**MAINTENANCE**

## Cleaning

Regular cleaning helps maintain the performance and hygiene of your earbuds.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts on both the earbuds and case are clean and free of debris.

## Storage

When not in use, store the earbuds in their charging case to protect them and ensure they remain charged.

## Water Resistance (IPX5)

The Raycon Everyday Open Earbuds are IPX5 water resistant, meaning they can withstand splashes and sweat. They are not designed for submersion in water.

# CLEAR CALLS

Digital Signal Processing enhances speech and blocks noise, ensuring clear calls in any environment.

Image: A black Raycon Everyday Open Earbud with water splashing around it, illustrating its IPX5 water resistance feature. The text highlights its ability to withstand any weather worry-free.

## TROUBLESHOOTING

This section addresses common issues you might encounter with your Raycon Everyday Open Earbuds.

### Earbuds Won't Charge

- 1. Ensure the charging case has sufficient power. Check the LED indicators on the front of the case.
- 2. Verify that there is no obstruction blocking the charging contacts on both the earbuds and inside the case.
- 3. Place the earbuds firmly into the charging case. A blinking white light on the front of the case indicates charging.

### Charging Capsule Won't Charge

- 1. Ensure the USB-C cable is firmly connected to both the charging case and the power adapter.
- 2. Try using a different USB-C cable or power adapter to rule out cable/adaptor issues.

### Resetting Your Earbuds (Hard Reset)

If you experience connectivity issues or other malfunctions, a hard reset may resolve the problem.

- 1. On your device, go to Bluetooth settings and "Forget" or "Remove" "Raycon Open Earbuds" from the list of paired devices.
- 2. Place both earbuds into the charging capsule.
- 3. Close the lid of the charging capsule and wait for 5 to 10 seconds.
- 4. Open the lid and re-pair the earbuds with your device as described in the "Pairing with Your Device" section.
