## SOLFART S8568-4T-6000K-5CCT

# SOLFART 4 Lights Bathroom Vanity Lighting Instruction Manual

Model: S8568-4T-6000K-5CCT

Brand: SOLFART

## 1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your SOLFART 4 Lights Bathroom Vanity Lighting fixture. This modern LED light fixture offers adjustable color temperature and dimming capabilities to enhance your bathroom or other indoor spaces.

Figure 1: SOLFART 4 Lights Bathroom Vanity Light with 5 adjustable color temperatures.

## 2. KEY FEATURES

- **Easy Installation:** Designed for quick 15-minute installation, hardwired, no assembly required, with a USA standard back plate.
- **5 Color Temperature & Dimmable:** Features an adjustable LED light with 5 color temperature options (2900K, 3700K, 4000K, 5200K, 6000K) via a side button. Dimmable from 100% to 0% with a suitable dimmer switch (not included).
- **High-Quality Material:** Constructed from sturdy aluminum with an exquisite matte black finish. Features a thick white frosted acrylic lampshade for soft, uniform, and eye-friendly lighting.
- **Certificated Safety:** US Patent NO. US D898,269 S. Includes built-in LED beads/chips and an ETL US standard LED drive for enhanced safety, efficiency, and longevity.

## 3. PACKAGE CONTENTS

Please ensure all items are present before beginning installation:

- SOLFART 4 Lights Bathroom Vanity Lighting Fixture

- Mounting Hardware (screws, wire nuts, etc.)
- Installation Gloves (to prevent fingerprints)

## 4. SETUP AND INSTALLATION

Installation is designed to be straightforward, typically taking about 15 minutes. It is recommended to have basic electrical knowledge or consult a qualified electrician.

1. **Safety First:** Before starting, ensure the power to the circuit where you are installing the light is turned OFF at the circuit breaker.
2. **Mounting Bracket Installation:** Attach the provided mounting bracket to your wall's electrical box using the supplied screws. Ensure it is securely fastened and level.
3. **Wiring Connection:** Connect the light fixture's wires to your household wiring. Match the black wire from the fixture to the black (live) wire from the wall, the white wire from the fixture to the white (neutral) wire from the wall, and the ground wire to the ground wire. Secure connections with wire nuts.
4. **Mount the Fixture:** Carefully align the light fixture with the mounting bracket and secure it in place with the provided screws. Ensure all wires are tucked neatly into the electrical box.

## 5. OPERATING INSTRUCTIONS

Your SOLFART vanity light offers versatile lighting options:

- **Power On/Off:** Use your standard wall switch to turn the light fixture on or off.
- **Adjusting Color Temperature:** A button located on the side of the light body allows you to cycle through 5 different color temperatures: 2900K (Warm Light), 3700K (Soft Warm), 4000K (Warm White), 5200K (Daylight), and 6000K (Cool Light). Press the button repeatedly to select your desired color temperature.
- **Dimming:** If connected to a compatible dimmer switch (not included), the brightness of the light can be adjusted smoothly from 100% down to 0%.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your SOLFART vanity light, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the fixture with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or polishes as they may damage the finish or acrylic lampshade.
- **Moisture Resistance:** The fixture is designed to be anti-corrosion and moisture-proof, making it suitable for humid environments like bathrooms. However, avoid direct water spray or submersion.
- **No Bulb Replacement:** This fixture uses integrated LED beads and chips, meaning there are no bulbs to replace.

## 7. TROUBLESHOOTING

If you encounter any issues with your light fixture, please refer to the following common problems and solutions:

- **Light Does Not Turn On:**

- Check the circuit breaker to ensure power is supplied to the fixture.
- Verify all wire connections are secure and correctly matched (live to live, neutral to neutral, ground to ground).
- Ensure the wall switch is in the 'ON' position.

- **Light Flickers or Dims Unexpectedly:**

- Confirm that the dimmer switch (if installed) is compatible with LED lighting.

- Check for loose wiring connections at the fixture or the wall switch.

- **Color Temperature Does Not Change:**

- Ensure you are pressing the color temperature adjustment button firmly and correctly.
- If the issue persists, contact customer support.

For issues not listed here or if troubleshooting steps do not resolve the problem, please contact SOLFART customer service.

## 8. SPECIFICATIONS

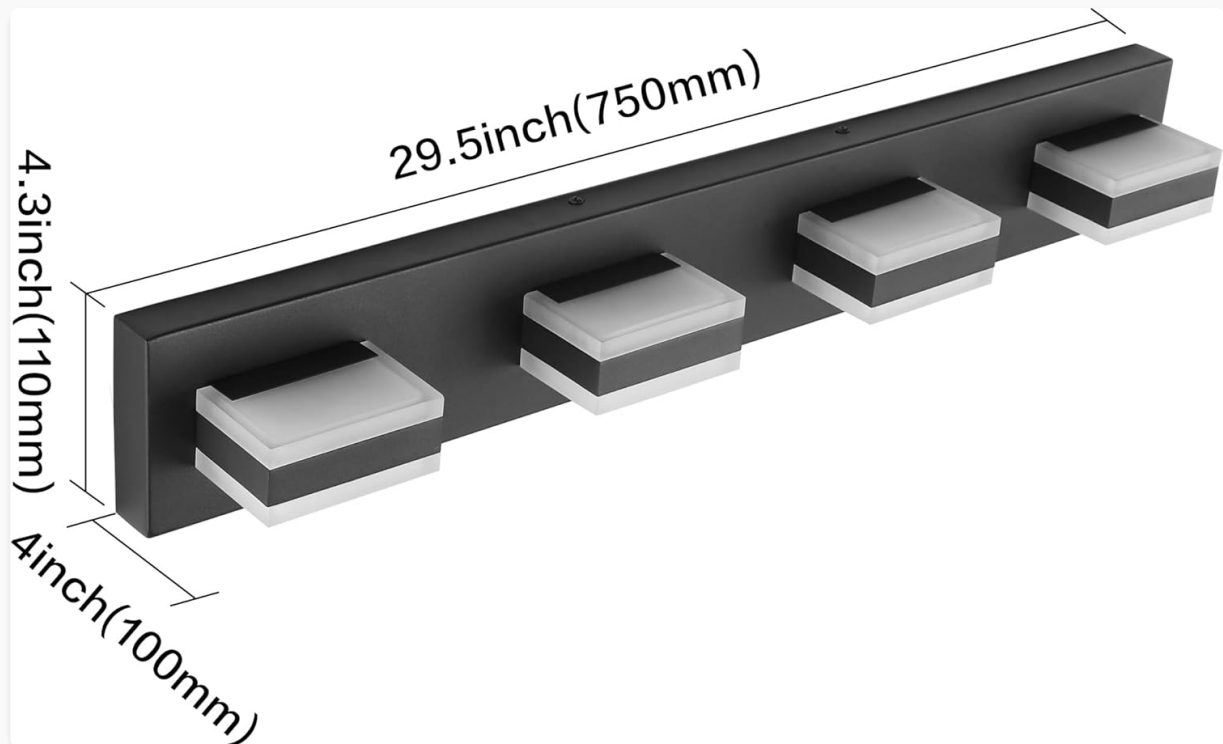

Figure 6: Dimensions of the SOLFART 4 Lights Bathroom Vanity Light.

Specification	Detail
Brand	SOLFART
Model Number	S8568-4T-6000K-5CCT
Color	Matt Black-5 Color Temperature & Dimmable
