Ertuly LX410 Pro

Ertuly LX410 Pro Sleep Earbuds User Manual

Model: LX410 Pro | Brand: Ertuly

1. PRODUCT OVERVIEW

The Ertuly LX410 Pro Sleep Earbuds are engineered for ultimate comfort and effective noise blocking, especially for side sleepers. Their ergonomic design and soft silicone ear caps ensure a snug fit without discomfort, allowing for a peaceful night's sleep or focused work sessions. These earbuds are also built for durability with IPX6 water and sweat resistance, making them versatile for various activities.

2. WHAT'S IN THE BOX

- 1 x Wireless Sleep Headphone (Pair of Earbuds)
- 1 x Type-C Cable
- 1 x User Manual
- 1 x Packaging Box

3. SETUP GUIDE

3.1 Charging the Earbuds

Before first use, fully charge the earbuds and the charging case. The case supports both Type-C cable charging and wireless charging. A full charge typically takes about 1 hour.

Image: Illustration detailing the 30 hours of battery power, 1.5 hours fast charging, and wireless charging support for the Ertuly LX410 Pro Sleep Earbuds.

3.2 Pairing with Your Device

1. Ensure the earbuds are charged and in the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.

4. Search for Bluetooth devices and select "LX410" from the list.
5. Once connected, you will hear an audible confirmation.

The earbuds feature Bluetooth V5.3 for a fast and stable wireless connection, with a communication distance of 20-30 feet.

3.3 Wearing the Earbuds

The LX410 Pro earbuds are designed with an ergonomic shape and soft silicone ear caps for comfortable wear, especially for side sleepers. Gently insert each earbud into your ear canal and rotate slightly to ensure a secure and comfortable fit. The ultra-light design (approx. 3g per earbud) minimizes pressure.

Ultra-Light

Incredibly Comfortable

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The LX410 Pro earbuds feature intuitive touch controls. Specific functions are activated by tapping the earbud surface. Refer to the detailed instructions in the included User Manual for a complete list of touch commands (e.g., play/pause, track skip, volume adjustment, call management).

4.2 Sleep Mode

For uninterrupted sleep, the earbuds offer a dedicated 'Sleep Mode'. This mode is designed to prevent common sleep disruptions such as power-off alarms or low battery alerts. To activate Sleep Mode, tap the earbud 4 times. You will hear an audible confirmation, "now in sleep mode".

Experience Unparalleled Comfort During Sleep

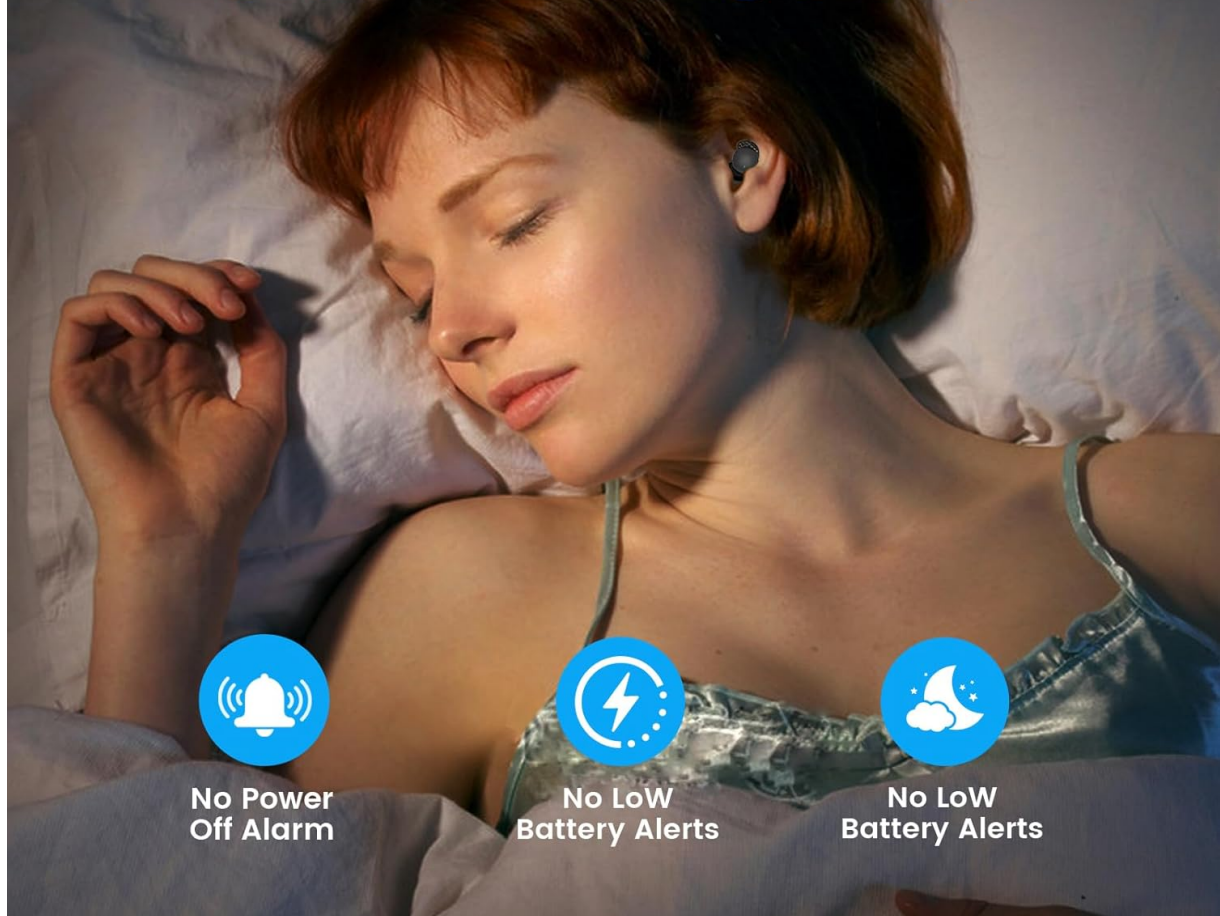

Image: A person sleeping peacefully with the Ertuly LX410 Pro Sleep Earbuds, highlighting features like no power off alarm and no low battery alerts in sleep mode.

4.3 LED Power Display

The charging case features an LED power display, allowing you to easily monitor the battery level of the case and individual earbuds (L/R).

5. MAINTENANCE

5.1 Cleaning

Regularly clean the earbuds and charging case with a soft, dry cloth. For the ear caps, you may use a slightly damp cloth and ensure they are completely dry before reattaching. Do not use harsh chemicals or abrasive materials.

5.2 Water Resistance

The earbuds are IPX6 water and sweat resistant. This means they can withstand strong jets of water, making them suitable for workouts and light rain. However, they are not designed for submersion in water. Avoid exposing the charging case to water.

6. TROUBLESHOOTING

- **Earbuds not charging:** Ensure the Type-C cable is securely connected to both the case and a power source, or that the case is properly placed on a wireless charging pad. Check for any debris in the charging port.
- **Connectivity issues (random disconnections):** Ensure your device is within the 20-30 ft communication range. Try unpairing and re-pairing the earbuds with your device. Ensure no other strong wireless signals are interfering.
- **Low battery alerts waking you up:** Ensure 'Sleep Mode' is activated (4 taps on the earbud). This mode is designed to disable power-off alarms and low battery alerts.
- **Touch control sensitivity:** The touch controls are highly sensitive. Be mindful of accidental touches, especially when adjusting the earbuds or lying on a pillow. Ensure your fingers are dry when operating the touch controls.
- **No sound or low volume:** Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly seated in your ears.

7. SPECIFICATIONS

Feature	Detail
Model Name	LX410 Pro
Brand	Ertuly
Connectivity Technology	Wireless (Bluetooth V5.3)
Communication Distance	20-30 ft
Play Time	About 30 hours (at 70% volume)
