Honor HONOR 200

HONOR 200 Smart Smartphone User Manual

Model: HONOR 200 | Brand: Honor

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your HONOR 200 Smart Dual-SIM 5G Smartphone. Please read this manual thoroughly before operating the device to ensure proper functionality and to prevent damage.

The HONOR 200 Smart is a powerful 5G smartphone featuring a 2.2 GHz Octa-core processor, 4GB of RAM, and 256GB of internal storage. It operates on Android 14 and is equipped with a 5230 mAh non-removable battery, designed for extended use.

2. WHAT'S IN THE BOX

Upon unboxing your HONOR 200 Smart, verify that all components are present:

- HONOR 200 Smart Smartphone
- USB Cable

Note: A power adapter is not included in the standard package and may need to be purchased separately.

3. SETUP

3.1. SIM Card Installation

The HONOR 200 Smart supports dual-SIM functionality, allowing the use of two Nano-SIM cards simultaneously. Ensure the device is powered off before inserting or removing SIM cards.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) into the designated slots on the tray, ensuring the gold contacts face downwards.
4. Carefully reinsert the SIM card tray into the device until it clicks into place.

3.2. Initial Power On

To power on your device for the first time:

1. Press and hold the Power button located on the side of the phone until the HONOR logo appears on the screen.
2. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account setup, and security settings.

3.3. Network Compatibility

Important Note for USA Buyers:

This smartphone is designed for GSM networks and is not compatible with CDMA networks, including but not limited to VERIZON, SPRINT, and US CELLULAR. Please verify network compatibility with your service provider before purchase and use.

Supported Frequencies (Dual SIM):

- **SIM CARD 1 & 2:**
- 2G: GSM 850 / 900 / 1800 / 1900
- 3G: HSDPA 850(B5) / 900(B8) / 1700|2100(B4) / 1900(B25) / 2100(B1)
- 4G: LTE
- 5G: SA/NSA

4. OPERATING INSTRUCTIONS

4.1. Display and Navigation

The HONOR 200 Smart features a 6.8-inch TFT LCD display with a resolution of 1080 x 2412 pixels, providing a clear and vibrant visual experience. Navigation is primarily via touchscreen gestures and on-screen buttons.

4.2. Camera Functions

The device is equipped with a versatile camera system:

- **Main Camera:** 50 MP, f/1.8, (wide), PDAF
- **Depth Sensor:** 2 MP, f/2.4
- **Ultra-wide Camera:** 5 MP, f/2.2

To access the camera, tap the Camera icon on your home screen or lock screen. Various modes such as Photo, Video, Portrait, and Pro are available for different shooting scenarios.

4.3. Battery Management

The HONOR 200 Smart is powered by a 5230 mAh (typical) non-removable battery, providing up to 24 hours of talk time. To optimize battery life:

- Adjust screen brightness.
- Disable Wi-Fi, Bluetooth, and GPS when not in use.
- Close background applications.
- Utilize power-saving modes.

Charge the device using the provided USB cable and a compatible power adapter (sold separately).

5. MAINTENANCE

5.1. Software Updates

Regular software updates are released to improve performance, enhance security, and introduce new features. It is recommended to keep your device's software up to date.

- Connect your device to a stable Wi-Fi network.
- Navigate to *Settings > System & updates > Software update* to check for and install available updates.

5.2. Cleaning and Care

To maintain your device's appearance and functionality:

- Wipe the screen and body with a soft, lint-free cloth.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.
- Keep the device away from extreme temperatures and direct sunlight.

6. TROUBLESHOOTING

6.1. Network Connectivity Issues

If you experience issues with network connectivity, particularly in the USA, reconfirm that your service provider

operates on GSM frequencies. This device is not compatible with CDMA networks.

- Ensure SIM cards are correctly inserted.
- Check network settings (*Settings > Mobile network*).
- Restart the device.

6.2. Common Issues

- **Device unresponsive:** Press and hold the Power button for approximately 10 seconds to force a restart.
- **Battery draining quickly:** Refer to Section 4.3 for battery optimization tips.
- **Apps crashing:** Clear app cache (*Settings > Apps > [App Name] > Storage > Clear cache*) or reinstall the app.
