## Hushing V1

# Hushing White Noise Sound Machine V1 User Manual

Model: V1 | Brand: Hushing

[Introduction](#) [Setup](#) [Operation](#) [Features](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

## INTRODUCTION

This manual provides detailed instructions for the Hushing White Noise Sound Machine Model V1. Designed to enhance sleep, focus, and privacy, this device offers a variety of soothing sounds and customizable settings. Please read this guide thoroughly to ensure proper use and to maximize your product experience.

## SETUP

### Package Contents

- Hushing White Noise Sound Machine (Model V1)
- USB Power Cable
- AC Adapter
- User Manual (this document)

### Powering the Device

- Connect the provided USB power cable to the sound machine's power input port.
- Plug the other end of the USB cable into the AC adapter.
- Insert the AC adapter into a standard electrical outlet.
- Alternatively, the device can be powered via a USB port on a computer or other compatible USB power source.

Figure 1: Hushing White Noise Sound Machine Model V1. The device is compact and black, with control buttons on the top surface.

## OPERATING INSTRUCTIONS

---

### Power On/Off

- To power on the device, press the **Power button** (usually indicated by a circle with a vertical line).
- To power off, press and hold the **Power button** for a few seconds.

### Sound Selection

The device features 30 non-looping natural sounds, including white noise, brown noise, pink noise, fan sounds, lullabies, ocean waves, and campfires.

- To cycle through the available sounds, use the **Previous/Next track buttons** (often indicated by << and >> symbols).

# 30 Non Looping Sounds

3 white noise

2 fan sounds

10 lullabies

15 nature sounds

Figure 2: The sound machine on a nightstand, illustrating the variety of 30 non-looping sounds available, including white noise, fan sounds, lullabies, and nature sounds.

## Volume Adjustment

The sound machine offers 36 adjustable volume levels.

- Press the **Volume Up (+) button** to increase the sound volume.
- Press the **Volume Down (-) button** to decrease the sound volume.

# 36 Levels of Volume

✖️✖️ Relaxing environment

✖️✖️ Blocking noise

✖️✖️ Soothing mood

Figure 3: A baby sleeping peacefully with the sound machine nearby, highlighting the 36 adjustable volume levels for a relaxing environment.

## Timer Function

Set the device to play for a specific duration with the integrated timer.

- Press the **Timer button** (often indicated by a clock icon) to select from 1 hour, 2 hours, 3 hours, or continuous playback.
- The device will automatically turn off after the selected time, or continue playing indefinitely if continuous mode is chosen.

# 4 Timers & Memory Function

Figure 4: The sound machine next to a sleeping mother and baby, showing the timer options (1h, 2h, 3h, continuous) for timed playback.

## Memory Function

The sound machine remembers your last used sound and volume settings.

- Upon restarting the device, it will automatically resume playback with the previously selected sound and volume level. No need to reset your preferences each time.

## Night Light (if applicable)

Some models may include a night light feature. Refer to your specific model's controls for activation.

## FEATURES OVERVIEW

- **30 Non-Looping Natural Sounds:** A wide selection of soothing audio to aid relaxation and sleep.
- **36 Adjustable Volume Levels:** Fine-tune the sound output to your preferred intensity.
- **4 Timer Options:** Choose from 1-hour, 2-hour, 3-hour, or continuous playback.
- **Memory Function:** Automatically recalls the last sound and volume settings upon restart.
- **Compact and Portable Design:** Lightweight and easy to transport for travel or use in various locations.
- **Simple Interface:** User-friendly buttons for easy control.

## MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Ensure the device is unplugged before cleaning.
- Store in a cool, dry place when not in use.
- Do not expose the device to water or excessive moisture.

## TROUBLESHOOTING

Problem	Possible Solution
Device does not power on.	Ensure the power cable is securely connected and the AC adapter is plugged into a working outlet. Try a different outlet or USB power source.
No sound or low volume.	Check the volume level using the <b>Volume Up (+) button</b> . Ensure the device is not muted.
Sound quality is poor.	Ensure the device is placed on a flat, stable surface. Avoid placing it near other electronic devices that may cause interference.
Timer function not working.	Verify that a timer duration (1h, 2h, or 3h) has been selected and not continuous playback.

## SPECIFICATIONS

- **Model:** V1
- **Brand:** Hushing
- **Product Dimensions:** 2.98 x 1.69 x 2.98 inches
- **Item Weight:** 8.15 ounces
- **Material:** Plastic
- **Power Source:** Adapter Power (AC or USB)
- **Certifications:** ETL, FCC, CE, RoHS

## WARRANTY & SUPPORT

### Safety Assurance

This product is designed and manufactured to meet high safety standards, holding ETL, FCC, CE, and RoHS certifications. Please use the device as instructed in this manual to ensure safe operation.

### Customer Support

For any dissatisfaction with the product, or if you require assistance with setup, operation, or troubleshooting, please contact Hushing customer service. Information regarding replacement or refund is available upon inquiry. Please refer to the product packaging or official brand website for the most current contact details.
