1. SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembling and using this product. Failure to follow these instructions may result in injury or property damage.

- Always follow the assembly instructions provided.
- Be cautious when handling heavy components during assembly.
- Keep the lockable door locked when not in use to prevent unauthorized access.
- Ensure the shed is installed on a level and stable surface.
- Do not store flammable materials or chemicals inside the shed.
- Keep children and pets away from the assembly area.
- Wear appropriate safety gear, such as gloves and eye protection, during assembly.

2. PRODUCT OVERVIEW

The YITAHOME 4.4x6.2FT Outdoor Resin Storage Shed is designed to provide a durable and secure storage solution for your outdoor items. Its robust construction and thoughtful features ensure longevity and protection.

Key Features:

- **Ample Storage Space:** External dimensions are 52.36"L x 74.8"W x 81.89"H; The 4.4x6.2ft resin shed is available in various sizes, colors, and shapes to provide storage for a variety of items such as garden tools, lawn equipment, and bicycles; Also serves as a comfortable shelter for pets and a greenhouse for plant cultivation.

- **Ventilated & Transparent:** The garden tool storage shed features a lockable door to prevent theft and damage to stored items; The translucent side windows guide in natural light to illuminate the interior, while the louvered vents promote airflow and prevent water buildup; The sloped roof aids in drainage, prevents water accumulation, and extends the lifespan of the shed.
- **Durable Materials:** Our garden shed with floor is crafted from premium thermoplastic resin that's durable and resistant to deformation or cracking; The corrosion-resistant, waterproof, and UV-resistant resin panels make it ideal for all weather conditions; The fade-resistant materials contribute to a long service life and lowers maintenance costs.
- **Double-Wall Structure:** The backyard storage shed is constructed with a sturdy double-wall resin structure and a 0.6mm galvanized steel frame for extra longevity and resistance against external impact; It improves insulation inside the space for more stable temperatures.
- **Easy Installation:** Our bicycle storage shed can be easily assembled with no special tools or expertise required; We recommend two people working together for best results; The package includes all necessary components, labeled parts, and detailed instructions; The product will come in two separate packages which may arrive at slightly different times.

3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for installation. Ensure all parts are present before beginning.

3.1. Foundation Installation

Assemble the base frame of the shed. Ensure all components are securely fastened to provide a stable foundation.

3.5. Door Installation

Install the lockable double doors. Ensure they open and close smoothly and the locking mechanism functions correctly for security.

SECURE DOOR LOCK

Defends your private property from thieves

STABLE BASE FRAME

The product is more robust and durable.

TWO LOUVER VENTS

Promote air circulation, prevent dampness, and keep items dry.

4. OPERATION

4.1. Opening and Closing Doors

To open the doors, disengage the lock and pull the handles. To close, push the doors firmly until they meet, then engage the lock. Ensure both doors are properly aligned for a secure closure.

4.2. Ventilation

The shed is equipped with louvered vents to facilitate air circulation. These vents are designed to remain open to prevent moisture buildup and maintain a fresh interior environment. No manual adjustment is required for the vents.

5. MAINTENANCE

Regular maintenance will extend the life and appearance of your YITAHOME storage shed.

- **Cleaning:** Clean the shed periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the resin material.
- **Inspection:** Regularly inspect all screws, bolts, and connections to ensure they remain tight. Tighten any loose fasteners as needed.
- **Drainage:** Ensure the area around the shed is clear of debris to allow for proper water drainage from the sloped roof.
- **Snow Removal:** In areas with heavy snowfall, remove excessive snow from the roof to prevent structural stress.

6. SPECIFICATIONS

Attribute	Detail
Brand	YITAHOME
Model Number	MAYIHOX2IY
Color	Dark Gray
Material	Thermoplastic Resin, Alloy Steel Frame
Product Dimensions (D x W x H)	52.36" x 74.8" x 81.89"
Item Weight	88 Pounds
Storage Capacity	150 cu. Ft.
Water Resistance Level	Waterproof
Door Style	French Doors
Assembly Required	Yes
