WLIVE AD SG615 Low-Profile TV Stand Instruction Manual

Model: AD SG615 | Brand: WLIVE

1. INTRODUCTION

Thank you for purchasing the WLIVE AD SG615 Low-Profile TV Stand. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new TV stand. Please read these instructions carefully before assembly and retain them for future reference.

Safety Information

Caution: Be aware of sharp edges during handling and assembly. The top panel has a maximum load capacity of 40kg. Exercise caution to avoid exceeding this limit and ensure stability.

2. SETUP AND ASSEMBLY

Your WLIVE AD SG615 TV Stand is designed for straightforward assembly. An instruction manual and necessary assembly tools are included in the package. An electric screwdriver is recommended for easier and faster assembly.

Components Overview

Before starting assembly, verify that all components and hardware listed in the included parts list are present and undamaged. If any parts are missing or damaged, please contact customer support.

Assembly Steps

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Follow the step-by-step diagrams provided in the separate assembly guide.
3. Attach the side panels to the base using the provided hardware.
4. Install the central shelf. Note that the central shelf is 3-level height adjustable. Choose the desired height before securing.

5. Attach the top panel. Ensure all connections are secure.
6. Install the doors. The doors utilize rotating shafts for easy installation, eliminating traditional hinges.
7. Place the TV stand in its desired location. Ensure it is on a level surface.

3. OPERATION AND USAGE

TV Placement

This TV stand is compatible with TVs ranging from 24 to 47 inches. The top panel has a maximum load capacity of 40kg. Ensure your TV's weight does not exceed this limit. The low-profile design positions the TV to reduce eye and shoulder strain, enhancing viewing comfort.

Storage Features

The TV stand features door-equipped storage compartments, offering more storage volume than typical drawer designs. The central shelf is approximately 48cm wide and designed with two tiers, allowing two devices to be placed together. This shelf is also adjustable to three different heights, accommodating various item sizes such as media players, game consoles, or decorative items.

4. MAINTENANCE

The WLIVE AD SG615 TV Stand is constructed from E1 melamine-processed board, offering excellent durability and resistance to scratches and water. To maintain its appearance and longevity:

- Wipe surfaces regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Promptly clean up any spills to prevent water damage.
- Periodically check all screws and connections to ensure they remain tight.
