

Dreo DR-HHM002S

Dreo Smart Cool Mist Humidifier User Manual

Model: DR-HHM002S

1. INTRODUCTION

Thank you for choosing the Dreo Smart Cool Mist Humidifier. This manual provides important information regarding the safe operation, maintenance, and troubleshooting of your new humidifier. Please read it thoroughly before use and retain it for future reference.

This humidifier is designed to provide optimal humidity levels in your home, featuring intelligent humidity control, dual-mist output, a large 5L tank for extended runtime, and smart control options via app and voice assistants.

2. IMPORTANT SAFEGUARDS

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

- Read all instructions before using the humidifier.
- Place the humidifier on a firm, flat, water-resistant surface away from direct sunlight and heat sources.
- Do not place the humidifier directly on carpet, towels, or other absorbent surfaces.
- Do not immerse the main unit in water or other liquids.
- Always unplug the humidifier before filling, cleaning, or moving it.
- Do not add essential oils directly into the water tank. Use the designated aroma pad tray.
- Keep out of reach of children and pets.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent white dust.
- Do not block the mist outlet or air intake.
- If the power cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons in order to avoid a hazard.

3. PACKAGE CONTENTS

- Dreo 5L Humidifier x1
- Aroma Pad x1
- Cleaning Brush x1
- User Manual x1

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your Dreo Humidifier.

Control Panel

The humidifier features an intuitive control panel with a digital display and touch-sensitive buttons.

- **Power Button:** Turns the humidifier on/off.
- **Humidity Button:** Adjusts target humidity level.
- **Mist Level Button:** Cycles through mist output settings.
- **Night Light Button:** Controls the ambient night light.
- **Timer Button:** Sets an auto-off timer.
- **Auto Mode Indicator:** Shows when intelligent humidity control is active.

5. GETTING STARTED (SETUP)

Placement

Place the humidifier on a flat, stable surface at least 6 inches (15 cm) away from walls and furniture. Ensure it is not placed directly on carpet or near heat sources.

Filling the Water Tank

The Dreo Humidifier features a convenient top-fill design.

1. Remove the top cover.
2. Pour clean, cool tap water directly into the water tank opening. Do not exceed the MAX water level line.
3. Replace the top cover securely.

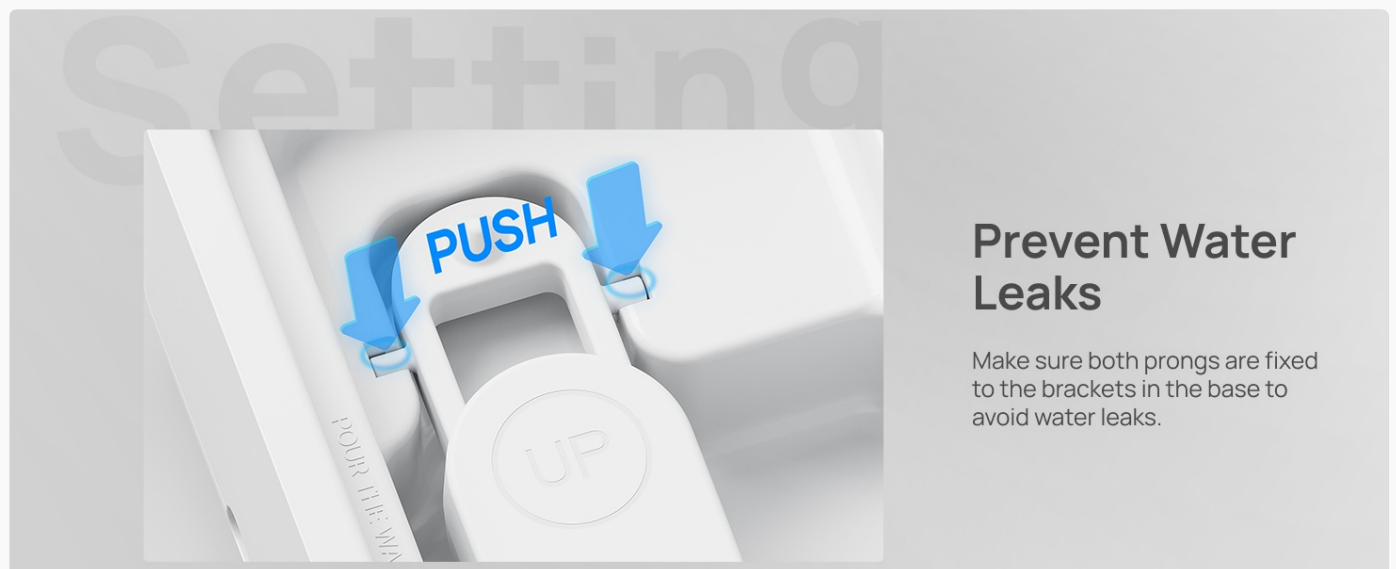

Image: Illustration demonstrating how to ensure the water tank is properly seated by pushing down on the prongs to prevent water leaks. Ensure both prongs of the water tank are fixed to the brackets in the base to avoid water leaks.

Power Connection

Plug the power cord into a standard 120V AC electrical outlet.

6. OPERATION

Powering On/Off

Press the Power button on the control panel to turn the humidifier on or off.

Intelligent Humidity Control

The humidifier features an intelligent humidistat to maintain your desired humidity level.

More ways to humidify your air

Dreo Compatible with
Dreo App

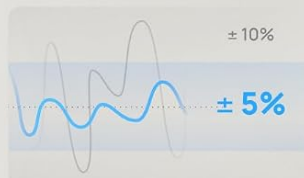

Image: The humidifier's display showing 60% humidity, with an overlay indicating high precision humidistat control within a $\pm 5\%$ range. Press the Humidity button to set your desired humidity level. The humidifier will automatically adjust its mist output to reach and maintain this level within a 5% tolerance.

Mist Level Adjustment

The humidifier offers multiple mist output settings.

Night Light Function

Press the Night Light button to turn the ambient light on or off. This feature provides a soft glow for nighttime use.

Aroma Diffuser

To use the aroma diffuser function:

1. Locate the aroma pad tray on the side or back of the humidifier.
2. Pull out the tray and add a few drops of your preferred essential oil onto the aroma pad.
3. Slide the tray back into place.

The smart choice to
Humidify your air

DREO Compatible with
Dreo App

Image: The Dreo Humidifier on a table, with a close-up inset showing the built-in aroma pad tray being pulled out. Essential oils are not included.

Do not add essential oils directly into the water tank, as this may damage the humidifier.

Smart Control (App & Voice Assistants)

The Dreo Humidifier can be controlled via the Dreo app, Alexa, or Google Assistant.

Ultrafine mist for more soothing comfort

*Comparison made by Dreo against traditional humidifiers.

Image: A hand holding a smartphone displaying the Dreo app interface, showing controls for humidity, schedule, and cleaning reminders for the humidifier.

Download the Dreo app from your smartphone's app store. Follow the in-app instructions to connect your humidifier. Once connected, you can adjust mist settings, set timers, monitor humidity, and receive cleaning reminders from anywhere.

7. MAINTENANCE AND CLEANING

Regular cleaning is essential to ensure optimal performance and hygiene of your humidifier.

Easy Cleaning Design

The Dreo Humidifier features an innovative modular design for easy disassembly and cleaning.

Create a healthier ambience

Image: An exploded view of the Dreo Humidifier, illustrating its main unit, mist tube, and water tank separated for easy cleaning.

Daily Maintenance

- Empty the water tank and base daily.
- Rinse the tank and base with clean water.
- Wipe down all surfaces with a soft, dry cloth.

Weekly Cleaning

1. Unplug the humidifier and disassemble the water tank and mist tube from the main unit.
2. Fill the water tank with 1 cup (250ml) of white vinegar and 1 cup (250ml) of water. Let it soak for 30 minutes.
3. Use the provided cleaning brush to clean the nebulizer and other hard-to-reach areas.
4. Rinse all components thoroughly with clean water until the smell of vinegar is gone.
5. Wipe all parts dry before reassembling.

Demineralization Cartridge (Optional)

The humidifier is compatible with demineralization cartridges (sold separately). If you experience white dust, consider using a cartridge. Refer to the cartridge's instructions for installation and replacement.

Storage

When not in use for an extended period, clean the humidifier thoroughly, dry all parts, and store it in a cool, dry place.

8. TROUBLESHOOTING

If you encounter issues with your humidifier, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No mist output	No water in tank; Tank not properly seated; Nebulizer dirty.	Refill water tank; Re-seat tank securely; Clean nebulizer.
White dust around humidifier	Hard water used.	Use distilled or demineralized water; Consider a demineralization cartridge.
Unusual odor	Stagnant water; Dirty tank/base.	Empty and clean the water tank and base regularly.
Humidifier not responding to controls	Power issue; Control panel error.	Ensure unit is plugged in; Unplug and plug back in to reset.
App connectivity issues	Wi-Fi signal weak; Incorrect pairing steps.	Ensure strong Wi-Fi signal; Follow app pairing instructions carefully.

9. SPECIFICATIONS

Feature	Detail
