SETUP

Charging the Battery

Before first use, fully charge the goSPKR. Connect the provided USB-C cable to the charging port on the speaker and to a USB power source. The LED indicator will show charging status and turn off when fully charged. A full charge takes approximately 2 hours and provides up to 7 hours of playtime.

Built-in Rechargeable Battery
Enjoy up to 7 hours of uninterrupted playback on a single charge

Bluetooth Pairing

1. Ensure the goSPKR is charged.
2. Press and hold the Power button (O) for 3 seconds to turn on the speaker. The LED indicator will flash to indicate pairing mode.
3. On your device (smartphone, tablet, etc.), go to the Bluetooth settings and select "MEE audio goSPKR" from the list of available devices.
4. Once connected, the LED indicator will show a solid light, and you will hear an audible confirmation.

OPERATING INSTRUCTIONS

Basic Audio Playback

- **Play/Pause:** Press the Power button (O) once.
- **Volume Control:** Press the Volume Up (+) or Volume Down (-) buttons.
- **Next Track:** Long press the Volume Up (+) button.
- **Previous Track:** Long press the Volume Down (-) button.
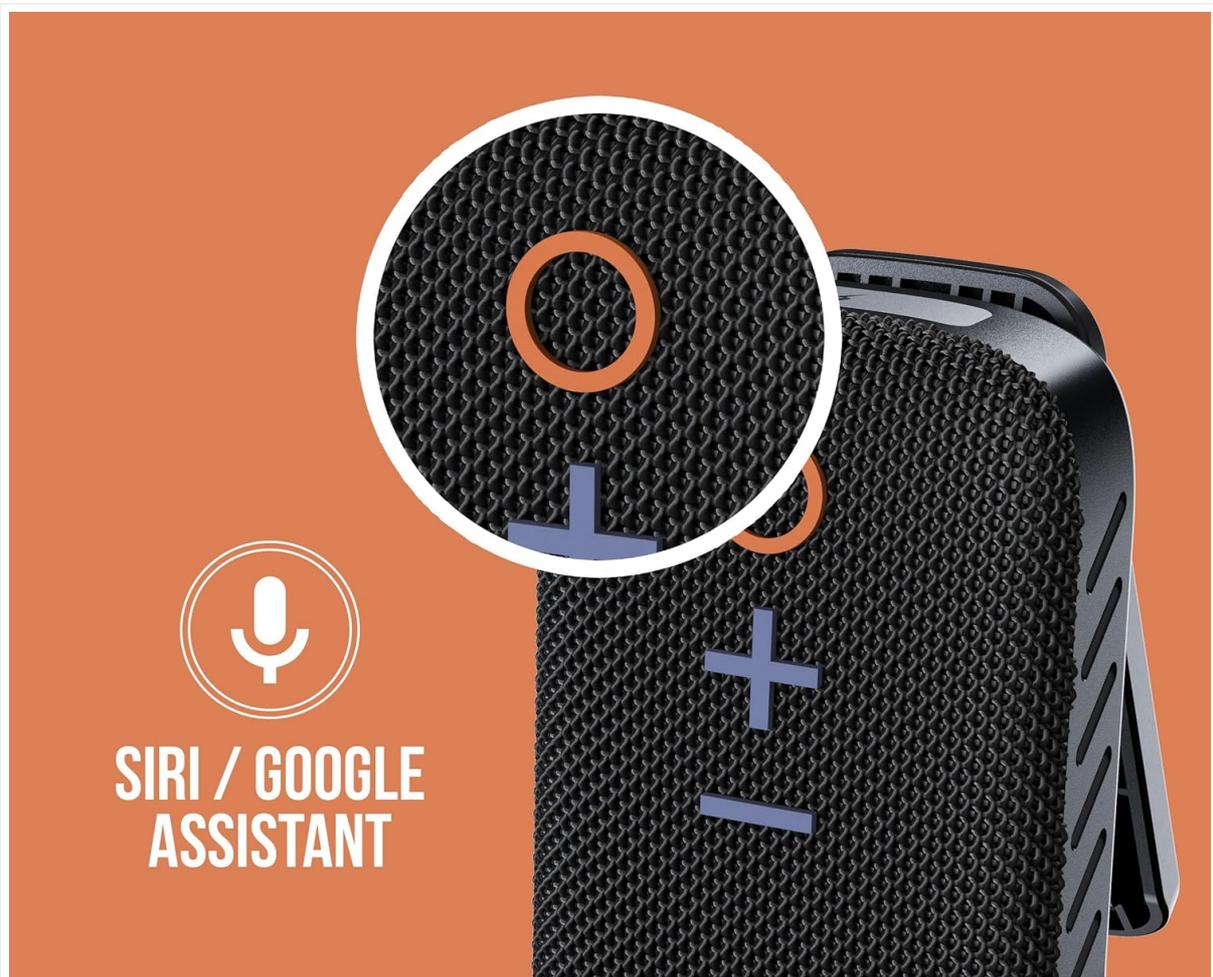

Hands-Free Calling

The goSPKR features a built-in microphone for hands-free calls.

- **Answer/End Call:** Press the Power button (O) once.
- **Reject Call:** Long press the Power button (O).

Voice Assistant

Access your device's voice assistant (Siri, Google Assistant) directly from the goSPKR.

- **Activate Voice Assistant:** Triple-click the Power button (O).

Built-in Mic and Voice Assistant

Access your phone's Siri / Google Assistant any time
by triple-clicking the main button

Stereo Mode Pairing (Two goSPKRs)

For a wider soundstage, two goSPKR units can be paired together for stereo audio.

1. Ensure both goSPKR units are powered on and not connected to any other Bluetooth device.
2. On one goSPKR, double-click the Power button (O) to initiate stereo pairing. The LED indicators on both speakers will flash.
3. Once paired, one speaker will act as the left channel and the other as the right. The LED indicators will show a solid light.
4. Connect your device to the primary goSPKR via Bluetooth as described in the "Bluetooth Pairing" section.

Two is Better than One

Connect two goSPKRs together in stereo to enjoy louder, more natural sound with dedicated left and right channels

Wearable Design

The goSPKR features a built-in clip for easy attachment to clothing, bags, or other items, allowing for hands-free listening while maintaining awareness of your surroundings.

Ultra-Portable Bluetooth Speaker

The goSPKR is a pint-sized Bluetooth speaker so light,
you'll forget you're wearing it!

MAINTENANCE

Cleaning

Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port cover is securely closed to maintain water resistance.

Storage

Store the goSPKR in a cool, dry place away from extreme temperatures and direct sunlight. If storing for an

extended period, charge the battery periodically to maintain its lifespan.

Water Resistance

The goSPKR is IPX5 water resistant, meaning it can withstand splashes and light rain. It is not designed for submersion in water. Always ensure the charging port cover is sealed to prevent water ingress.

IPX5 Water Resistance
Weather-proof design for protection from
moisture both indoors and out

TROUBLESHOOTING

No Power

- Ensure the battery is charged. Connect the speaker to a power source using the USB-C cable.
- Press and hold the Power button (O) for 3 seconds to turn on.

Cannot Pair via Bluetooth

- Ensure the goSPKR is in pairing mode (flashing LED). If not, turn it off and then on again, holding the power button until the LED flashes.
- Make sure Bluetooth is enabled on your device and it is within 30 feet (10 meters) of the speaker.

- If previously paired, try forgetting the device in your phone's Bluetooth settings and re-pairing.
- Restart both the speaker and your Bluetooth device.

No Sound or Low Volume

- Increase the volume on both the goSPKR and your connected device.
- Ensure the speaker is properly connected to your device via Bluetooth.
- Check if the speaker is muted.

Stereo Mode Not Working

- Ensure both goSPKRs are fully charged and not connected to any other Bluetooth device.
- Follow the stereo pairing instructions carefully, double-clicking the Power button on one speaker to initiate pairing between the two units.
- If issues persist, reset both speakers and attempt stereo pairing again.
