If you encounter any issues with your Goplus poker table, refer to the following common problems and solutions:

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Table feels unstable or wobbly.	Legs not fully extended or locked. Uneven floor surface.	Ensure all legs are fully extended and safety locks are engaged. Move the table to a flat, even surface. Check if the reinforced cables are properly connected.
Difficulty folding/unfolding the table.	Mechanism obstruction or stiffness.	Ensure no objects are obstructing the folding mechanism. Apply a small amount of silicone lubricant to hinges if stiffness persists. Always follow the folding instructions carefully.
