

Kichae 33x19x9

Kichae 33x19x9 Inch Gunmetal Black Undermount Workstation Kitchen Sink Instruction Manual

Model: 33x19x9

1. INTRODUCTION

Thank you for choosing the Kichae 33x19x9 inch Gunmetal Black Undermount Workstation Kitchen Sink. This manual provides essential information for the proper installation, operation, and maintenance of your new kitchen sink. Please read these instructions carefully before beginning installation and retain them for future reference.

2. PRODUCT FEATURES

- **Premium Construction:** Crafted from durable SUS304 stainless steel with a gunmetal black Nano-PVD coating. This coating features a self-cleaning Lotus Effect technology, designed to repel water, oil, and heat for easier maintenance.
- **Workstation Design:** Equipped with front and back ledges that provide a track for sliding accessories, enhancing food preparation efficiency and saving countertop space.
- **Efficient Drainage:** Features a sloped sink bottom with X-shaped drain grooves to ensure quick water drainage and keep the sink dry.
- **Quiet Operation:** Incorporates sound reduction technology and thick rubber pads to minimize noise during use. Fully insulated with an anti-condensation undercoating to protect cabinets.
- **Easy to Clean Corners:** R10-unique 10mm radius inside corners offer a slightly curved design for simplified cleaning while maintaining a modern aesthetic.

5. SETUP AND INSTALLATION

Proper installation is crucial for the optimal performance and longevity of your Kichae kitchen sink. It is recommended to have a

professional plumber or installer perform the installation.

5.1 Pre-Installation Checks

- Verify all package contents are present and undamaged.
- Ensure your cabinet base meets the recommended size of 36 inches (left to right).
- Confirm the countertop cutout dimensions match the sink's external size. A cutout template is provided for assistance.

5.2 Installation Steps (Overview)

1. Prepare the countertop opening according to the provided template.
2. Apply a silicone sealant around the rim of the sink opening on the underside of the countertop.
3. Carefully position the sink into the opening from below the countertop.
4. Secure the sink using the provided installation clips, ensuring a tight and even seal.
5. Install the drain assembly into the 3 1/2 inch standard draining hole.
6. Connect plumbing according to local codes and standards.

SINK INSTALLATION DIMENSIONS

Kichae

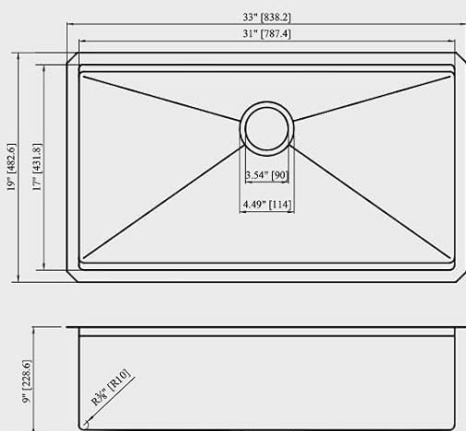

Works well with your cabinet

Exterior Size: 33.0" x 19.0" x 9.0"

Bowl Size: 31.0" x 17.0" x 8.75"

Minimum cabinet base size: 36 inch

Drain Opening: 3.5 inch

6. OPERATING INSTRUCTIONS (DAILY USE)

Your Kichae workstation sink is designed for versatile daily use. Utilize the integrated accessories to enhance your kitchen tasks.

6.1 Using Workstation Accessories

- **Wood Cutting Board:** Slide the cutting board along the ledges to create an instant food preparation area over the sink. This saves countertop space and allows for direct transfer of chopped items into the sink or colander.
- **Colander:** Place the colander on the ledges for rinsing fruits, vegetables, or draining pasta. Its position over the sink allows for efficient water drainage.
- **Roll-Up Rack:** Use the roll-up rack as a drying area for dishes, glasses, or produce. It can be easily rolled up and stored when not in use.
- **Bottom Rinse Grid:** Place the grid at the bottom of the sink to protect the surface from scratches and dents, and to elevate dishes for better draining.

DAILY USE OF BLACK STAINLESS STEEL SINKS

Kichae

SPACIOUS ROOM

7. MAINTENANCE

Regular cleaning and proper care will help maintain the appearance and functionality of your Kichae kitchen sink.

7.1 Daily Cleaning

- After each use, rinse the sink thoroughly with water.
- Wipe the sink dry with a soft cloth to prevent water spots and mineral buildup.
- For general cleaning, use a mild dish soap and a soft sponge or cloth. Avoid abrasive cleaners or scouring pads, which can damage the Nano-PVD coating.

7.2 Preventing Damage

- Avoid dropping heavy or sharp objects into the sink, which could cause dents or scratches.
- Do not leave acidic foods (e.g., citrus juices, vinegar) or harsh chemicals in contact with the sink surface for extended periods.
- The R10 rounded corners are designed for easy cleaning; ensure regular wiping to prevent residue buildup.
