## 1. INTRODUCTION

Thank you for choosing the IRONCK Kitchen Pantry Cabinet, Model HK-PA-03. This freestanding cupboard is designed to provide ample storage with a drawer, sliding storage racks, and six hanging shelves, suitable for various rooms including dining, laundry, and living areas. This manual provides essential information for safe assembly, operation, and maintenance of your new cabinet. Please read it thoroughly before beginning assembly or use.

## 2. SAFETY INFORMATION

**WARNING: Failure to follow these safety instructions could result in injury or property damage.**

- **Anti-Tip Kit:** Always secure the cabinet to the wall using the provided anti-tip kit to prevent tipping, especially in households with children or pets.
- **Assembly:** Assemble the cabinet on a soft, clean surface to prevent scratches. Ensure all parts are correctly aligned and fasteners are tightened securely before use.
- **Weight Distribution:** Distribute weight evenly across shelves and in drawers. Avoid placing heavy items on top shelves to maintain stability.
- **Overloading:** Do not overload shelves or drawers beyond their capacity.
- **Movement:** Do not move the cabinet when it is loaded. Empty the cabinet before attempting to relocate it.
- **Children:** Do not allow children to climb on or play with the cabinet.

### 3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (various sizes for top, bottom, sides, back, doors)
- 6 x Adjustable Shelves
- 3 x Sliding Storage Racks
- 1 x Drawer (components for assembly)
- Hardware Pack (screws, dowels, cam locks, hinges, handles, drawer slides)
- Anti-Tip Kit (wall anchor, strap, screws)
- Assembly Tool (screwdriver)
- Instruction Manual

### 4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults and approximately 3-4 hours. Follow the detailed diagrams and instructions provided in the separate assembly guide included in your package. Below is a general overview of the assembly

process:

1. **Prepare Workspace:** Clear a spacious area and lay out all components on a soft, protective surface.
2. **Assemble Base Unit:** Connect the bottom and side panels to form the lower section of the cabinet.
3. **Install Sliding Racks:** Secure the rails for the three sliding storage racks within the lower cabinet section.
4. **Assemble Drawer:** Construct the large center drawer and install its slides.
5. **Assemble Top Unit:** Connect the top and side panels to form the upper section of the cabinet.
6. **Attach Door Shelves:** Install the six door shelves onto the interior of the cabinet doors.
7. **Attach Doors:** Mount all cabinet doors using the provided hinges. Adjust hinges as needed for proper alignment.
8. **Connect Units:** Carefully lift and secure the top cabinet section onto the lower section.
9. **Install Handles:** Attach the round handles to the drawer and all cabinet doors.
10. **Final Placement & Safety:** Position the assembled cabinet in its desired location. Secure it to the wall using the anti-tip kit as described in the safety section.

## 5. OPERATING INSTRUCTIONS

This cabinet is designed for versatile storage. Familiarize yourself with its features for optimal use.

- **Door Shelves:** The six door shelves are ideal for smaller items like spices, condiments, or small jars. They help maximize vertical space and keep frequently used items accessible.
- **Sliding Storage Racks:** The three push-pull sliding racks allow for easy access to items stored deeper within the cabinet. Gently pull the rack forward to retrieve items and push back to store.
- **Large Drawer:** The central drawer is suitable for storing cutlery, kitchen utensils, towels, or other household knick-knacks.
- **Adjustable Shelves:** The main interior shelves can be adjusted to different heights to accommodate items of various sizes. Refer to the assembly guide for instructions on adjusting shelf positions.

## 6. MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Hinges and Slides:** If doors or drawers become stiff, a small amount of silicone-based lubricant can be applied to hinges and drawer slides.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet feels wobbly or unstable.	Loose fasteners; uneven floor; anti-tip kit not installed.	Ensure all screws are tightened. Adjust furniture levelers if applicable. Install the anti-tip kit securely to the wall.

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Doors do not close properly or are misaligned.	Hinges are loose or require adjustment; cabinet is not level.	Adjust the door hinges using a screwdriver (refer to hinge instructions). Ensure the cabinet is on a level surface.
Drawer sticks or does not slide smoothly.	Drawer slides are dirty or misaligned; drawer is overloaded.	Clean drawer slides. Check for proper alignment of slides. Reduce the weight in the drawer. Apply silicone lubricant if needed.
Missing parts or damaged components upon arrival.	Manufacturing or shipping error.	Do not proceed with assembly. Contact IRONCK customer support immediately for replacement parts.
