

FocusOnHome B0DBZF9XKN

FocusOnHome Queen Size Platform Bed Frame with Wood Headboard

Model: B0DBZF9XKN

Brand: FocusOnHome

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before beginning assembly. Failure to follow these instructions may result in injury or damage to the product.

- Keep all children and pets away from the assembly area.
- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, non-abrasive surface (e.g., carpet or cardboard) to prevent scratches.
- Do not overtighten screws or bolts. Hand-tighten until snug, then use the provided tool for final tightening.
- Ensure the bed frame is placed on a level surface to prevent instability.
- Do not exceed the maximum weight capacity of 700 lbs.
- Periodically check all connections to ensure they remain tight.

2. PACKAGE CONTENTS

Verify that all components listed below are included in your package. If any parts are missing, please contact customer support.

- Headboard (MDF)
- Side Rails (Metal)
- Footboard (Metal with Wood Accent)
- Center Support Beam (Metal)
- Metal Slats with Mute Sponge
- Support Legs (Metal)
- Hardware Pack (Screws, Allen Wrench, etc.)
- Plastic Foot Plugs

- Installation Manual

3. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your bed frame.

Step 1: Unpack and Identify Parts

Carefully remove all components from the packaging. Lay them out on a clean, soft surface and compare them against the package contents list to ensure everything is present.

Image: All bed frame components before assembly.

Step 2: Assemble the Headboard and Footboard

Attach the wooden headboard panels to the metal headboard frame using the provided screws. Repeat for the footboard if applicable.

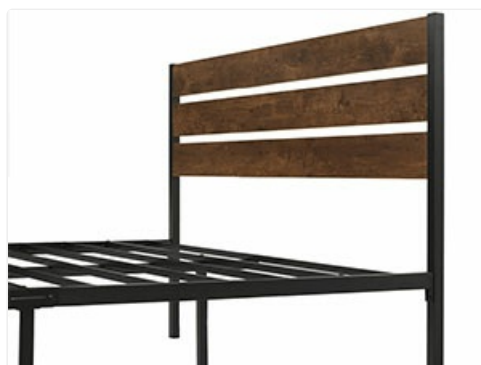

Image: Detail of the wooden headboard construction.

Step 3: Connect Side Rails

Connect the metal side rails to the headboard and footboard using the designated bolts. Ensure all connections are secure but do not fully tighten yet.

Image: Frame connection point, showing how components fit together.

Step 4: Install Center Support Beam and Legs

Attach the center support beam to the designated points on the side rails. Install any additional support legs to the frame, ensuring they are oriented correctly.

Step 5: Place Metal Slats

Lay the metal slats across the frame. The slats are designed with mute sponges to prevent noise. Secure them according to the instructions in your hardware pack, typically by snapping them into place or using screws.

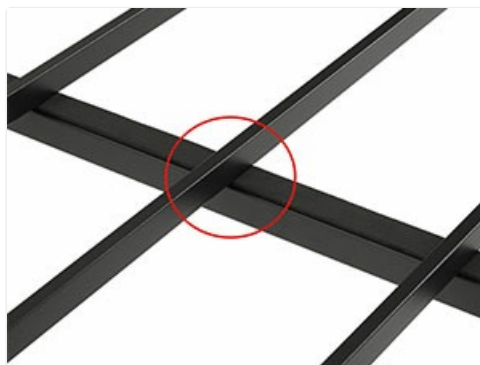

Image: Detail of the metal slats, highlighting the mute sponge for noise reduction.

Step 6: Final Tightening

Once all components are in place, go back and fully tighten all bolts and screws. Ensure the frame is stable and level.

4. OPERATING INSTRUCTIONS

Your FocusOnHome bed frame is designed for ease of use and durability.

- **Mattress Placement:** Place your queen-size mattress directly onto the metal slats. A box spring is not required for this platform bed frame.
- **Weight Capacity:** The bed frame is designed to support a maximum weight of 700 lbs, including the mattress and occupants.
- **Under-bed Storage:** The frame provides approximately 12.6 inches of clearance underneath, offering ample space for storage bins and other items.

Image: Example of under-bed storage space.

5. MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal and wood surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Periodic Checks:** Every 3-6 months, inspect all bolts and screws to ensure they are still tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Floor Protection:** The plastic foot plugs are designed to protect your floors. Ensure they remain in place.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Noise/Squeaking:**
 - Ensure all bolts and screws are securely tightened.
 - Check that the mute sponges on the metal slats are properly positioned and not damaged.
 - Verify that the mattress is placed evenly on the slats.
- **Instability/Wobbling:**
 - Confirm that the bed frame is on a completely level surface.

- Re-tighten all connection points, starting from the headboard and working towards the footboard.
- Ensure all support legs are firmly touching the floor.
- **Missing Parts:** If you find any parts missing upon unboxing, please contact customer support immediately for assistance.
