2. SETUP

2.1 Package Contents

Verify that all items are present in the package:

- Headwolf FPad6 Tablet
- USB Type-C Cable
- Power Adapter
- SIM Card Pin
- User Manual (Japanese)

Figure 2.1: Contents of the Headwolf FPad6 package and device port layout.

2.2 Initial Power On and Charging

To power on your tablet for the first time, press and hold the Power button located on the side of the device until the Headwolf logo appears. If the battery is low, connect the tablet to the power adapter using the provided Type-C cable and charge it fully before first use.

3. OPERATING YOUR TABLET

3.1 Android 15 Features

The FPad6 runs on the latest Android 15, offering enhanced privacy, productivity, and AI capabilities. Key features include:

- **Private Space:** Secure sensitive apps and data with dual authentication.
- **Single App Recording:** Record specific app screens without capturing the entire display.
- **App Pair:** Pin app combinations to your home screen for quick split-screen multitasking.
- **Gemini AI:** Google's advanced AI assists with text input, search, and translation.

3.4 Camera Functions

The FPad6 is equipped with an 8MP front camera for video calls and face recognition, and a 16MP rear camera with autofocus and background blur support for capturing clear photos and videos.

Figure 3.4: Front and rear camera capabilities.

3.5 Connectivity

Stay connected with 4G LTE communication, 2.4/5G WiFi, and Bluetooth 5.2. The tablet also features a quad-satellite positioning system (GPS) for accurate navigation.

4. MAINTENANCE

To ensure the longevity of your Headwolf FPad6 tablet, follow these maintenance guidelines:

- Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- Storage:** Store the tablet in a cool, dry place away from direct sunlight and extreme temperatures.
- Battery Care:** Avoid fully discharging the battery frequently. For long-term storage, charge the battery to about 50% to prevent deep discharge.
- Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your Headwolf FPad6 tablet. If you experience problems not listed here, please refer to the support section.

Problem	Possible Cause	Solution
Tablet does not power on.	Low battery; system crash.	Charge the tablet for at least 30 minutes. Press and hold the Power button for 10-15 seconds to force restart.
Screen is unresponsive.	Software glitch; screen protector interference.	Restart the tablet. Ensure screen protector is properly applied and not damaged.
Cannot connect to Wi-Fi.	Incorrect password; router issue; Wi-Fi disabled.	Verify Wi-Fi password. Restart router. Ensure Wi-Fi is enabled in settings.
Apps are crashing or freezing.	Insufficient memory; app bug; outdated app.	Close background apps. Clear app cache. Update the app or reinstall it.
Slow performance.	Too many apps running; low storage; outdated software.	Close unused apps. Free up storage space. Check for system updates.
