UGREEN X555

UGREEN Nexode 65W GaN Charging Station

Model: X555 | Brand: UGREEN

PRODUCT OVERVIEW

The UGREEN Nexode 65W GaN Charging Station is a compact and powerful charging solution designed to efficiently power multiple devices. It integrates a 15W Qi2 wireless charging stand with two USB-C ports and one USB-A port, allowing for simultaneous charging of up to four devices. Built with advanced GaNFast II technology, it ensures optimized charging performance and enhanced safety features.

cable.

- **65W Fast Charging:** Delivers up to 65W of power via a single USB-C port, ideal for high-demand devices like MacBook Pro and iPad Air.
- **Foldable 15W Qi2 Wireless Charging Stand:** Provides safe, fast, and efficient 15W wireless charging with Qi2 certification. The stand is foldable for portability and adjustable for viewing angles.
- **4-in-1 Charging Station:** Features a Qi2 wireless charging stand, two USB-C ports, and one USB-A port, enabling simultaneous charging of up to four devices.
- **GaNFast II Technology:** Incorporates an advanced GaNFast II chip for a more compact design and optimized charging experience, including real-time temperature detection and multiple protection features.
- **Wide Compatibility:** Compatible with a broad range of devices, including iPhone 16/15/14/13/12 series, Galaxy S24/S23, iPad Air, MacBook Pro, and more.

WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- 1 x UGREEN Nexode 65W Charging Station with Qi2 15W Wireless Charging
- 1 x Power Cable
- 1 x User Manual

SETUP INSTRUCTIONS

1. **Unpack the Device:** Carefully remove the charging station and all accessories from the packaging.
2. **Connect Power Cable:** Insert the included power cable into the power input port on the back of the UGREEN Nexode 65W Charging Station.
3. **Plug into Outlet:** Plug the other end of the power cable into a standard wall power outlet. Ensure the outlet provides the correct input voltage (240 Volts max).
4. **Position the Station:** Place the charging station on a stable, flat surface, ensuring adequate ventilation around the device.

OPERATING INSTRUCTIONS

Using the Qi2 Wireless Charging Stand

1. **Adjust the Stand:** The wireless charging pad can be folded up to 65 degrees and rotated 360 degrees for optimal viewing and charging angles. Adjust it to your desired position.
2. **Place Your Device:** Place your Qi2-compatible smartphone (e.g., iPhone 16-12 series) onto the magnetic wireless charging pad. Ensure proper alignment for optimal charging.

3. **Standby Mode:** For iPhones, standby mode is available when the device is placed horizontally on the magnetic charging pad.

Using USB-C and USB-A Ports

- **Connect Devices:** Use appropriate USB-C to USB-C or USB-A to USB-C/Lightning cables to connect your devices (laptops, tablets, smartphones, headphones, smartwatches, etc.) to the available USB ports on the front of the charging station.
- **Simultaneous Charging:** The station can charge up to four devices simultaneously (one wirelessly, three via cables). Power distribution will adjust based on the number and type of connected devices.

4-IN-1 Charger Station

Charging Power Distribution Examples

The charging station intelligently distributes power based on the connected devices. Below are examples of power output in various scenarios:

MAINTENANCE

- **Cleaning:** Disconnect the charging station from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use for extended periods, store the charging station in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Obstructions:** Ensure the charging station's ports and wireless charging area are free from dust and debris.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging via USB port.	Loose cable connection; incompatible cable; device issue.	Ensure cables are securely connected. Try a different cable. Test the device with another charger.

Problem	Possible Cause	Solution
Wireless charging not working or intermittent.	Misalignment; phone case too thick; metal objects on pad; non-Qi2 compatible device.	Adjust device position on the pad. Remove thick phone cases. Ensure no metal objects (keys, cards, rings) are between the device and the pad. Verify device supports Qi2 wireless charging.
Slow charging.	Too many devices connected; cable quality; device not supporting fast charging.	Disconnect some devices to allow higher power to a single port. Use high-quality, fast-charging compatible cables. Ensure your device supports the charging protocols (e.g., PD, QC).
Charger feels warm.	Normal operation during high power output; poor ventilation.	Slight warmth is normal. Ensure the charger has adequate ventilation and is not covered. If it becomes excessively hot, disconnect immediately and contact support.

Caution

Do not place metal objects (such as finger ring holders, metal plates or magnetic cards) on the wireless charging area to avoid abnormal charging.

Image: Important caution regarding placing metal objects (like finger ring holders, metal plates, or magnetic cards) on the wireless charging area to prevent abnormal charging.

SPECIFICATIONS

Feature	Detail
Model Number	X555

Feature	Detail
Product Dimensions	2.36 x 2.36 x 3.62 inches
Item Weight	1.54 pounds
Color	Space Gray
Connectivity Technology	USB
Connector Type	USB Type C, USB Type A
Total USB Ports	3 (2x USB-C, 1x USB-A)
Wireless Charging Output	15W (Qi2 Certified)
Max Wired Output	65W (Single USB-C Port)
Input Voltage	240 Volts
Compatible Devices	Tablet, Laptop, Cell Phone, Headphone, Smart Watch, Switch, Steam Deck
Compatible Phone Models	iPhone 16 / 16 Plus / 16 Pro / 16 Pro Max / 15 / 15 Plus / 15 Pro / 15 Pro Max / 14 / 14 Plus / 14 Pro / 14 Pro Max / 13 / 12, Galaxy S24 Ultra / S24+ / S24 / S23 / S22 / S21 / S20 / S10 / S9 / S8, Galaxy Fold / Z Fold2 / Z Fold3 / Z Fold4, Galaxy Note 20 / 10 / 9 / 8, Moto G / Edge / Razr, Pixel 8 / 7 / 7 Pro / 6 / 6 Pro / 5 / 4 / 3, OnePlus 10 / 9 / 8
Special Features	65W Fast Charging, 15W Qi2 Wireless Charging, GaN Tech, 4-in-1, Foldable Stand
