Logitech 920-013073

Logitech POP Icon Keys Wireless Bluetooth Keyboard User Manual

Model: 920-013073

INTRODUCTION

This user manual provides comprehensive instructions for setting up, operating, and maintaining your Logitech POP Icon Keys Wireless Bluetooth Keyboard. Please read this manual thoroughly before using the product to ensure proper functionality and to maximize your user experience.

The Logitech POP Icon Keys keyboard is designed for comfortable typing with contoured, ultra-flat keys, offering a quiet and familiar laptop-like experience. It features customizable action keys and supports connection to up to three devices simultaneously via Bluetooth, allowing seamless switching between Windows, macOS, iPadOS, iOS, ChromeOS, and Android operating systems.

SAFETY INFORMATION

- Do not expose the keyboard to extreme temperatures or humidity.

- Avoid dropping or subjecting the keyboard to strong impacts.

- Keep the keyboard away from liquids and corrosive substances.

- Do not attempt to disassemble or repair the keyboard yourself. Refer to qualified service personnel.

- Dispose of batteries according to local regulations.

PACKAGE CONTENTS

Verify that all items are present in your package:

- Logitech POP Icon Keys Wireless Bluetooth Keyboard

- 2 x AAA Batteries (pre-installed or included separately)

- User Documentation (this manual)

SETUP

1. Installing Batteries

1. Locate the battery compartment on the underside of the keyboard.
2. Open the battery compartment cover.
3. Insert the two AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

2. Connecting via Bluetooth

1. Turn on the keyboard by sliding the power switch located on the top right edge. The LED indicator will light up.

2. Press and hold one of the Easy-Switch keys (F1, F2, or F3) for 3 seconds until the LED indicator above the key starts blinking rapidly. This indicates the keyboard is in pairing mode.

3. On your device (computer, tablet, or smartphone), go to Bluetooth settings.

4. Select "Logitech POP Keys" from the list of available devices.

5. Follow any on-screen prompts to complete the pairing process. The LED indicator on the keyboard will turn solid for 5 seconds and then turn off, indicating a successful connection.

6. Repeat these steps for up to two additional devices using the other Easy-Switch keys (F2 and F3).

OPERATING THE KEYBOARD

Basic Functions

The Logitech POP Icon Keys keyboard features a standard QWERTY layout with additional function keys and customizable action keys.

- **Typing:** Use the main alphanumeric keys for text input.

- **Function Keys (F1-F12):** These keys have dual functions. By default, they perform media control or system functions (e.g., volume, brightness). To use them as standard F-keys, press the **Fn** key simultaneously.

- **Easy-Switch Keys (F1, F2, F3):** Quickly switch between up to three paired devices by pressing the corresponding Easy-Switch key.

CUSTOMIZATION WITH LOGI OPTIONS+

To unlock the full potential of your Logitech POP Icon Keys keyboard, download and install the Logi Options+ application. This software allows you to:

- Customize the action keys to perform specific functions, launch applications, or insert text.
- Reassign function keys (F1-F12) to your preferred shortcuts.
- Adjust keyboard settings and check battery status.

Logi Options+ is available for recent versions of Windows and macOS. Visit the official Logitech website to download the application.

CONNECTIVITY AND COMPATIBILITY

The Logitech POP Icon Keys keyboard utilizes Bluetooth wireless technology for connection. It supports simultaneous connection to up to three devices and is compatible with a wide range of operating systems:

- Windows
- macOS
- iPadOS
- iOS
- ChromeOS
- Android

Connectez jusqu'à 3 dispositifs

Raccourcis et touches multimédias

37% Recycled Plastic*

MAINTENANCE

Cleaning

- To clean the keyboard, use a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaning solution.
- Do not spray cleaners directly onto the keyboard.
- Avoid using harsh chemicals, solvents, or abrasive materials.

Battery Replacement

When the keyboard's battery indicator signals low power, replace the AAA batteries following the instructions in

the "Setup" section. Battery life may vary based on usage and environmental conditions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Keyboard not turning on.	Batteries are dead or incorrectly installed.	Check battery polarity or replace batteries. Ensure power switch is ON.
Keyboard not connecting via Bluetooth.	Not in pairing mode; device's Bluetooth is off; too many devices connected; interference.	Ensure keyboard is in pairing mode (blinking LED). Turn device's Bluetooth ON. Disconnect other Bluetooth devices. Move closer to the device.
Keys are not responding or typing incorrectly.	Low battery; software issue; debris under keys.	Replace batteries. Restart your device. Clean the keyboard. Re-pair the keyboard.
Custom action keys not working.	Logi Options+ not installed or configured.	Download and install Logi Options+. Ensure the keys are configured correctly within the application.
