LUMINA L2

LUMINA 17" 3D Holographic Fan User Manual

Model: L2 | Brand: LUMINA

1. PRODUCT OVERVIEW

The LUMINA 17" 3D Holographic Fan is an advanced display device capable of projecting stunning 3D visuals that appear to float in mid-air. Featuring a 1600x384px HD resolution and 384 premium LED beads, it delivers ultra-bright and vibrant colors. This device supports both 2D and 3D content, including various video and image file types. Control is made convenient through a dedicated iOS/Android mobile application, allowing for easy content management and device settings adjustments. For a complete audio-visual experience, the fan can connect to Bluetooth speakers. A free library of over 400+ 3D animations is also included.

2. WHAT'S IN THE Box

Upon unboxing your LUMINA 17" 3D Holographic Fan, please verify that all components listed below are present:

- Fan Motor and LED Blades
- Wall Mount and Assembly Screws
- Remote Control
- Power Supply and Adapter
- 3D Video Library Access

3. SETUP GUIDE

Follow these steps to set up your LUMINA 3D Holographic Fan:

- 1. Attach LED Blades:** Securely attach the LED blades to the fan motor using the provided screws and screwdriver.
- 2. Install Wall Mount:** Install the included wall mount onto a solid surface. Ensure the surface can support the fan's weight.
- 3. Mount the Fan:** Carefully slide the holographic fan onto the installed wall mount.
- 4. Connect Power:** Plug in the power supply and adapter to power on the device.
- 5. Download Mobile App:** Download the "LUMINA Holographic Fan" mobile application from the iOS App Store or Google Play Store.
- 6. Connect via Wi-Fi:** Connect your smartphone to the holographic fan via Wi-Fi.
- 7. Start Managing Content:** Open the app to begin uploading and managing your display content.

400+ 3D ANIMATIONS INCLUDED

FREE 3D VIDEO LIBRARY WITH AMAZING ANIMATIONS READY TO DOWNLOAD

BLUETOOTH SOUND CONNECTION

EASILY CONNECT TO BLUETOOTH SPEAKER FOR CRYSTAL CLEAR AUDIO

4. OPERATING INSTRUCTIONS

4.1. App Control (iOS/Android)

The LUMINA Holographic Fan app provides comprehensive control over your device. Once connected via Wi-Fi, you can:

- Upload files (videos and images)
- Organize, rename, and delete files
- Control power (On/Off)
- Adjust brightness
- Adjust video angle
- Change Wi-Fi name and password

Alternatively, content can be uploaded from a computer using the included SD card and USB drive.

Video: Official demonstration of the LUMINA Holographic Fan mobile application, showcasing its features and ease of use for content management and device control.

4.2. Supported Content and Display

The fan supports both 2D photos and videos, as well as 3D content. The 3D effect is achieved by animating a 3D model against a pure black background, as black color does not display on the fan, creating a transparent effect. Supported file types include:

- **Video:** MP4, AVI, MOV, GIF
- **Image:** JPEG, PNG

MANY INSTALLATION METHODS

SUPER QUICK AND EASY INSTALLATION WITH INCLUDED COMPACT MOUNT

 LUMINA	 YOUR 3D HOLOGRAM	 HIGH TIDE
 USE THE INCLUDED WALL MOUNT TO SECURE FAN TO ANY SOLID SURFACE.	 TRIPOD STAND AVAILABLE FOR SEPERATE PURCHASE.	 CEILING MOUNT AVAILABLE FOR SEPERATE PURCHASE.

4.4. 3D Video Library

All customers receive access to a free 3D video library containing over 400+ 3D animations, regularly updated to provide fresh content for your display.

5. MAINTENANCE

The LUMINA 3D Holographic Fan is designed for durability with a rated usage of over 50,000 hours. All components, including the motor and LED blades, are individually replaceable to ensure long-term performance. To maintain optimal display quality, keep the LED blades clean and free from dust. Use a soft, dry cloth for cleaning. Avoid using abrasive cleaners or excessive moisture.

6. TROUBLESHOOTING

If you encounter any issues with your LUMINA 3D Holographic Fan, please refer to the following general advice:

- **No Display/Power:** Ensure the power adapter is securely connected to both the fan and a working power outlet.
- **App Connection Issues:** Verify your Wi-Fi connection to the fan. Restarting both the fan and your mobile device may resolve temporary connectivity problems.
- **Content Not Displaying Correctly:** Check the file format and resolution of your content. Ensure 3D content has a pure black background for optimal holographic effect.
- **Unusual Noise:** Ensure the fan blades are clear of any obstructions and are securely attached.

For persistent issues or specific technical support, please contact LUMINA customer support as detailed in the Support section.

7. SPECIFICATIONS

Feature	Detail
