3. Each player chooses a team of 2 rally animals of the same color and places them at the starting line.
4. Place the 2 track ghosts on their designated spots on the track.
5. Shuffle the power flash tiles and checkered flag tiles separately, placing them face down near the game board.
6. Keep the 4 dice readily accessible for all players.

How to Play

Objective

Be the first player to successfully complete three laps around the jungle track with your animal team.

Game Flow

1. **Starting the Race:** The youngest player starts the game. Play proceeds clockwise.
2. **Rolling the Dice:** On your turn, roll all 4 dice. The dice show different colors corresponding to the animal teams.
3. **Moving Animals:** For each die rolled, move the corresponding colored animal one space forward on the track. You can choose which of your two animals to move if you roll your team's color.
4. **Using the Horn:** If you roll a die that matches an opponent's animal color, you can quickly press the wooden action horn. If you are the first to press it, you can steal that die's movement for your own animal of that color, moving it one extra space.
5. **Track Ghosts:** If an animal lands on a space occupied by a track ghost, that animal is sent back to the starting line.

6. **Power Flash Tiles:** Landing on certain spaces may allow you to collect Power Flash Tiles, which can grant special abilities or bonus moves.
7. **Checkered Flag Tiles:** Collect Checkered Flag Tiles as you complete laps.
