HOMMPA Nightstand 06-BK

HOMMPA LED Nightstand Instruction Manual

Model: Nightstand 06-BK | Brand: HOMMPA

1. INTRODUCTION

Thank you for choosing the HOMMPA LED Nightstand. This modern bedside table features integrated RGB LED lighting, ample storage with a removable shelf, and a sleek high-gloss finish. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure optimal use of your new furniture.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Always follow the assembly instructions carefully.
- This product may require proper anchoring to prevent tipping or collapse due to its weight.
- Keep fingers away from pinch points during assembly and usage, especially around hinges and moving parts.
- Ensure all connections for the LED lighting are secure and properly insulated to prevent electrical hazards.
- Do not overload the shelves or top surface beyond the recommended weight capacity (up to 100 lbs for the overall unit).
- Keep liquids away from electrical components, including the LED strip and power adapter.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Nightstand Panels (various sizes)
- Hardware Pack (screws, dowels, cam locks, hinges)
- RGB LED Light Strip with Power Adapter
- Remote Control for LED Lights (with battery)
- User Manual

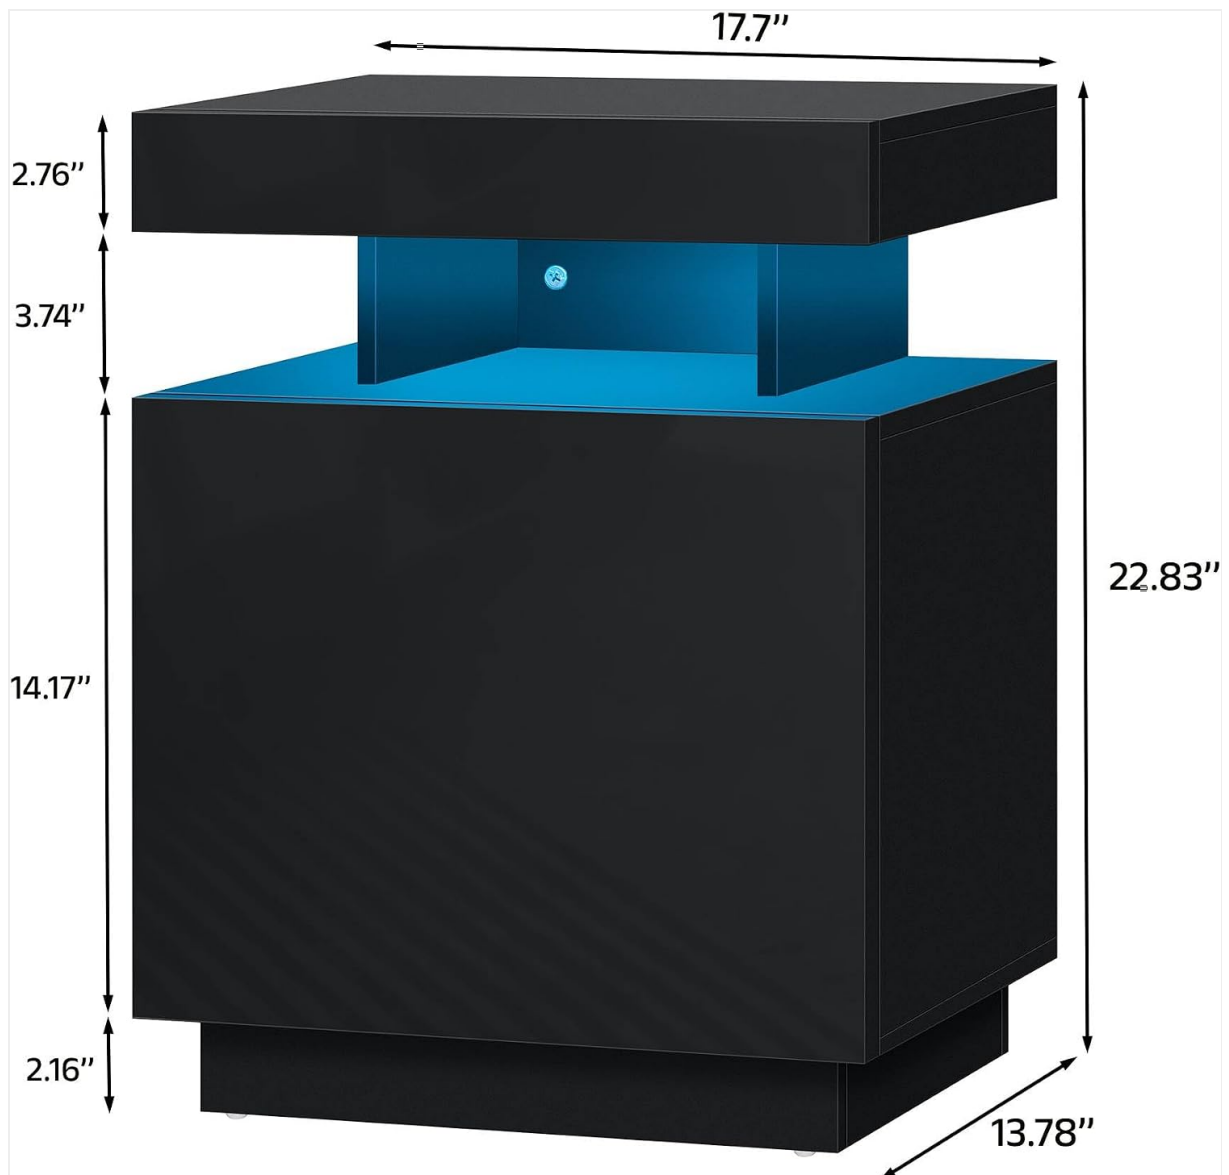

- Small Screwdriver (for assembly)
- Protective Feet (4 units)

4. SETUP & ASSEMBLY

Assembly typically requires one person and takes approximately one hour. Follow the detailed instructions provided in the included user manual. Ensure you have a clear, flat workspace.

4.1 General Assembly Steps

1. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. Identify each panel and hardware piece using the labels in the instruction manual.
3. Assemble the main frame of the nightstand according to the step-by-step diagrams.
4. Install the door hinges and attach the door. The door can be installed to open from either the left or the right side.
5. Insert the adjustable shelf into the desired height level within the cabinet.
6. Attach the protective feet to the bottom of the nightstand.
7. Install the RGB LED light strip into the designated cubby area. Connect the power adapter and remote receiver.

This image illustrates the overall dimensions of the nightstand, including the top surface, the open cubby, and the base

cabinet. The total height is 22.83 inches, length 17.7 inches, and depth 13.78 inches.

Reversible Installation

Suitable for Left or Right Door Opening

Open to the Left

Open to the Right

The nightstand door can be installed to open either to the left or to the right, providing flexibility for room layout. This image shows both options.

Removable shelf

Expand storage options

Layered storage for
swift organization

Removable dividers
for larger items

The interior of the nightstand features a removable shelf. This allows for flexible storage configurations, either as two separate compartments for smaller items or one large space by removing the shelf.

5. OPERATING INSTRUCTIONS

5.1 RGB LED Lighting

The integrated RGB LED lights can be controlled using the included remote control or a compatible smartphone application (refer to the LED strip manual for app details).

- **Power On/Off:** Use the 'ON' or 'OFF' buttons on the remote.
- **Color Selection:** Choose from multiple static colors using the color buttons.
- **Brightness Adjustment:** Use the brightness up/down buttons to adjust light intensity (10 levels).
- **Dynamic Modes:** Select various modes such as Flash Style, Music Sync, or other dynamic effects.
- **Timing Function:** Set a timer for the lights to automatically turn off.
- **Speed Adjustment:** For dynamic modes, adjust the speed of color changes.

The nightstand includes RGB LED lighting with multiple color options, brightness adjustments, music sync modes, and dynamic effects, all controllable via a remote or a smartphone application.

This image details the remote control for the LED lights, highlighting its various functions for color, brightness, and mode selection.

5.2 Storage Features

The nightstand offers versatile storage options:

- **Open Cubby:** Located directly under the top surface, ideal for frequently accessed items like books or small electronics.
- **Cabinet with Adjustable Shelf:** The lower cabinet provides concealed storage. The internal shelf can be adjusted to 3 different height levels or removed entirely to accommodate larger items.

6. MAINTENANCE

Proper care will extend the life and appearance of your nightstand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, especially on the high-gloss finish.
- **High-Gloss Finish:** The front panel has a high-gloss finish. Use a microfiber cloth for polishing to maintain its shine and prevent streaks.
- **UV Melamine Veneer:** The engineered wood with UV melamine veneer is waterproof and scratch-resistant, making it easy to clean and maintain.
- **Protective Feet:** Ensure the protective feet are securely attached to prevent scratches on your floor.
- **Hinges:** The soft-close hinges require minimal maintenance. If they become stiff, a small amount of silicone lubricant can be applied.

The nightstand features a high-gloss finish on its front panel, which is easy to clean and maintain. The design emphasizes modern aesthetics and straightforward assembly.

UV Melamine Veneer Panel

Waterproof and scratch-resistant, easy to clean and maintain;

4 Protective Feet

Protect your floor from scratches when you move the table

Constructed with UV melamine veneer panels, the nightstand is waterproof and scratch-resistant. It also includes four protective feet to safeguard your floors from scratches when moving the table.

7. TROUBLESHOOTING

If you encounter any issues with your HOMMPA LED Nightstand, refer to the following common problems and solutions:

- **LED Lights Not Working:**
 - Ensure the power adapter is securely plugged into both the LED strip and a working power outlet.
 - Check the remote control battery. Replace if necessary.
 - Verify that the LED strip is properly connected to the receiver.
- **Remote Control Not Responding:**
 - Ensure there are no obstructions between the remote and the LED receiver.
 - Check the remote battery.
- **Door Does Not Close Properly:**
 - Check the alignment of the hinges. Adjust screws on the hinges if needed to realign the door.
 - Ensure no items inside the cabinet are obstructing the door's closure.

- **Nightstand Wobbles:**

- Ensure all assembly screws and fasteners are tightened securely.
- Verify the nightstand is on a flat, even surface. Adjust protective feet if possible.
