4. INSTALLATION INSTRUCTIONS

Follow these steps to replace your headphone earpads:

1. Gently remove the old earpads from your Pioneer SE-MS7BT headphones. This usually involves peeling them off the rim of the earcups.
2. Align the new DowiTech replacement earpad with the earcup.
3. Carefully stretch the elastic edge of the new earpad over the rim of the earcup, working your way around until it is securely seated. No glue or special tools are required.
4. Ensure the earpad is fully attached and sits flush against the headphone earcup.

5. MAINTENANCE AND CARE

To ensure the longevity and hygiene of your DowiTech replacement earpads, follow these care instructions:

- **Cleaning:** Wipe the protein leather surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.
- **Storage:** When not in use, store your headphones in a clean, dry place away from direct sunlight and extreme temperatures.
- **Avoid Punctures:** Be careful not to puncture or tear the earpad material, as this can affect comfort and sound quality.

6. TROUBLESHOOTING

Issue	Possible Solution
Earpads do not fit correctly.	Ensure your headphone model is Pioneer SE-MS7BT. Re-attempt installation, carefully stretching the earpad over the entire rim of the earcup. Refer to the installation video if needed.
Reduced sound quality or comfort after installation.	Verify that the earpads are fully seated and sealed around the earcups. An improper seal can affect sound isolation and comfort.
Received incorrect product.	Contact DowiTech customer service for verification and an appropriate solution.
