

## IkeeRuic Flashlights Rechargeable

# IkeeRuic 7-Mode High Lumens Rechargeable Flashlights User Manual

Model: Flashlights Rechargeable

Brand: IkeeRuic

## 1. INTRODUCTION

---

Thank you for choosing IkeeRuic 7-Mode High Lumens Rechargeable Flashlights. This 3-pack tactical flashlight set is designed to provide ultra-high brightness and versatile lighting options for various situations, including home use, hiking, camping, dog walking, and emergencies. Please read this manual carefully to ensure proper use and maintenance of your flashlights.

## 2. PRODUCT FEATURES & COMPONENTS

- **High Lumens Output:** Equipped with a super bright LED chip, these flashlights provide ultra-high brightness, capable of illuminating objects up to 100 feet away.
- **7 Lighting Modes:** Features two light sources (LED main light and COB side light) with seven distinct lighting modes: High Mode, Low Mode, Strobe Mode, COB High Mode, COB Low Mode, Red Light, and Red Strobe Mode.
- **Adjustable Focus (Zoom In/Out):** Easily switch between floodlight (wider range) and spotlight (longer distance) by stretching the flashlight head.
- **Durable Construction:** Made from high-quality hard material, ensuring impact-resistance, wear-resistance, and fall-resistance.
- **Waterproof Design:** Suitable for use in various weather conditions, including rain or snow.
- **Rechargeable Battery:** Utilizes a Type-C input for convenient charging. The high-capacity rechargeable battery provides up to 12 hours of light in low mode.
- **Power Indicator:** An integrated indicator light displays the exact power level (25%, 50%, 75%, 100%), making it easy to monitor battery status.

## 2.1. Lighting Modes Overview

Image: Visual representation of the seven distinct lighting modes available on the flashlight.

## 2.2. Adjustable Focus

Image: The flashlight's head can be stretched to adjust the beam from a wide floodlight to a focused spotlight.

### 2.3. Key Components

Image: Detailed view of the flashlight's main features: COB side light, power indicator, power button, and Type-C charging port.

### 3. SETUP & CHARGING

Upon receiving your IkeeRuic flashlights, it is recommended to fully charge them before first use. The flashlights come with a high-capacity rechargeable battery and utilize a Type-C input for charging.

1. Locate the Type-C charging port on the flashlight (refer to "Key Components" image).
2. Connect one end of the provided Type-C charging cable to the flashlight's port.
3. Connect the other end of the cable to a compatible USB power source (e.g., wall adapter, power bank, computer USB port).
4. The power indicator lights will illuminate to show the charging progress. When all four blue lights are solid, the flashlight is fully charged.

Images: Left: USB-C charging port. Right: Power indicator lights showing battery level.

## 4. OPERATING INSTRUCTIONS

### 4.1. Power On/Off and Mode Selection

The flashlight features a single switch button for all operations.

1. To turn the flashlight **ON**, press the switch button once. It will typically start in High Mode.
2. To cycle through the **main LED modes** (High, Low, Strobe), press the switch button repeatedly while the main light is active.
3. To switch to **COB side light modes**, press and hold the switch button for approximately 2 seconds. The COB light will activate.
4. To cycle through the **COB modes** (COB High, COB Low, Red Light, Red Strobe), press the switch button repeatedly while the COB light is active.
5. To turn the flashlight **OFF** from any mode, press and hold the switch button for approximately 2 seconds.

### 4.2. Adjusting Focus (Zoom)

The flashlight features an adjustable head to change the beam focus.

- To achieve a **floodlight** (wider beam for close-range illumination), push the flashlight head forward (zoom in).
- To achieve a **spotlight** (narrow, focused beam for long-distance illumination), pull the flashlight head backward (zoom out).

Images: Left: Floodlight for wider range. Right: Spotlight for longer distance.

## 5. MAINTENANCE & CARE

To ensure the longevity and optimal performance of your IkeeRuic flashlights, follow these maintenance guidelines:

- **Cleaning:** Wipe the flashlight body with a soft, damp cloth. Do not use abrasive cleaners or solvents. Keep the lens clean for maximum light output.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures. If storing for extended periods, ensure the battery is partially charged (around 50%) and recharge every 3-6 months to prevent battery degradation.
- **Water Resistance:** While waterproof, avoid prolonged submersion in water. Ensure the charging port cover is securely closed when not charging to maintain water resistance.
- **Impact Resistance:** The flashlight is designed to be impact-resistant, but avoid unnecessary drops or harsh impacts to prevent damage to internal components.

Image: The flashlight is designed to be waterproof and impact-resistant for reliable performance.

## 6. TROUBLESHOOTING

If you encounter any issues with your IkeeRuic flashlight, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Flashlight does not turn on.	Battery is depleted.	Charge the flashlight using the provided Type-C cable. Check power indicator lights.
Light output is dim.	Low battery or dirty lens.	Recharge the battery. Clean the flashlight lens with a soft cloth.
Cannot change modes.	Incorrect button press duration.	Ensure you are pressing the button correctly for cycling (short press) or switching light sources/turning off (long press).
Zoom function is stiff.	Dirt or debris in the mechanism.	Gently clean the adjustable head area. Avoid forcing the mechanism.

If the problem persists after trying these steps, please contact IkeeRuic customer support for further assistance.

## 7. SPECIFICATIONS

Feature	Detail
Brand	IkeeRuic
Model Number	Flashlights Rechargeable
Light Source Type	LED (Main Light), COB (Side Light)
Brightness	400 Lumens (White Brightness)
Light Path Distance	Up to 100 Feet
Power Source	Battery Powered (Rechargeable Lithium Ion)
Runtime	Up to 12 hours (in low mode)
Charging Interface	Type-C USB
Material	Aluminum, Plastic
Color	White
Product Dimensions	1.57"D x 1.18"W x 6.69"H
Item Weight	1.57 pounds (for the pack)
Water Resistance Level	Waterproof

## 8. WHAT'S IN THE BOX

Your IkeeRuic 7-Mode Flashlights package includes:

- 3 x Bright Flashlight Rechargeable
- 3 x Type-C Charging Cable
- 1 x User Manual (this document)
- 1 x Gift Box
