DICTAC LB-03L

DICTAC Twin Size Loft Bed with Desk and LED Lights

Model: LB-03L | Brand: DICTAC

Product Overview

The DICTAC Twin Size Loft Bed is designed to maximize space efficiency in bedrooms, offering a comfortable sleeping area elevated above a functional workstation and integrated storage solutions. This metal loft bed features a study desk with a built-in charging station, multiple storage shelves and drawers, a clothes rail, and smart RGB LED lighting to enhance the user experience.

Safety Information

For safe use of the DICTAC Loft Bed, please adhere to the following guidelines:

- **Guardrail Height:** Ensure the top of the mattress is at least 5 inches (127mm) from the edge of the guardrail. The recommended mattress thickness is 4-6 inches.
- **Anti-Tipping Device:** Securely fasten the bed to the wall using the provided Anti-Tipping Nails. This is crucial for stability and to prevent accidental tipping, especially for high-structure beds.
- **Weight Capacity:** The maximum bearing capacity of the bed is 400 pounds. Do not exceed this limit.
- **Assembly:** Assembly requires careful attention to instructions. It is recommended to have assistance during assembly due to the size and bulk of components. Verify all parts are present before beginning assembly.
- **Ladder Safety:** Use the ladder for ingress and egress only. Ensure the ladder is securely attached before use.

Components List

Before beginning assembly, please verify that all components listed below are present and undamaged. Refer to the included installation manual for a detailed visual breakdown of each part and hardware.

- Bed Frame and Guardrails
- Study Desk
- Charging Station
- LED Lights
- Storage Shelves (4 open shelves)
- Fabric Drawers (2 drawers)
- Clothes Rail
- Easy Assemble Tools (Allen wrench, wrench)
- Anti-Tipping Nails

- All necessary screws, bolts, and washers

Setup and Assembly

Assembly of the DICTAC Loft Bed requires careful attention to detail. It is highly recommended to have at least two people for assembly to ensure stability and ease of handling large components. Lay out all parts and hardware according to the included manual before starting.

Assembly Video Guide

For a comprehensive visual guide to the assembly process, please refer to the official assembly video provided by the manufacturer:

DICTAC Loft Bed Twin Size with Desk Assemble Video

Video 1: DICTAC Loft Bed Twin Size with Desk Assemble Video. This video provides step-by-step instructions for assembling the bed frame, desk, and storage components.

Key Assembly Steps:

1. **Frame Assembly:** Begin by assembling the main bed frame components, ensuring all connections are secure but not fully tightened until the entire frame is aligned.
2. **Ladder and Support Structures:** Attach the ladders and any vertical support beams as indicated in the manual.
3. **Desk and Storage Integration:** Install the desk surface and the storage shelves/drawers into their designated positions. Ensure the charging station is properly integrated into the desk.
4. **Slat Installation:** Securely fasten the metal slats to the bed frame. The buckle design helps prevent noise.
5. **Anti-Tipping Device Installation:** This is a critical safety step. Follow the instructions carefully to attach the bed securely to a wall using the provided anti-tipping nails.
6. **LED Light Installation:** Install the RGB LED lights along the designated areas, typically around the desk or bed frame.

Operating Instructions

Charging Station

The integrated charging station on the desk provides convenient power access. It includes 2 AC outlets (125V/12A) and 2 USB ports (5V/2.1A). Simply plug the bed's power cord (5.12 feet) into a wall outlet to activate the charging station. Use it to power and charge mobile phones, tablets, laptops, and other electronic devices.

RGB LED Lights

The DICTAC Loft Bed features smart RGB LED lights for customizable ambiance. Control options include:

- **Key Control:** Use the inline controller to adjust basic light functions such as color and brightness.
- **APP Control:** Download the dedicated mobile application for advanced control. This allows access to over 60,000 colors, dynamic lighting modes, timing functions, and custom styles.
- **Music Mode:** The sensitive microphone and music mode allow the light color and flashing patterns to synchronize with the rhythm of sound and music in the room.

Storage Features

The bed incorporates multiple storage solutions:

- **Open Storage Shelves:** Four open shelves are available for books, files, small electronics, and decorative items.
- **Fabric Drawers:** Two fabric drawers provide concealed storage for clothing, accessories, or other personal items.
- **Clothes Rail:** A hanging rail is provided for clothes hangers, shirts, or jackets.
- **Open Storage Rack:** Located under the clothes rail, this area is suitable for larger items like shoes or bags.

Maintenance

To ensure the longevity and continued safe operation of your DICTAC Loft Bed, regular maintenance is recommended:

- **Cleaning:** Wipe down metal surfaces with a soft, damp cloth. For wooden surfaces (desk, shelves), use a dry cloth or a mild wood cleaner. Avoid harsh chemicals or abrasive materials.
- **Hardware Check:** Periodically inspect all screws, bolts, and connections to ensure they remain tight. Re-tighten

any loose hardware to maintain structural integrity and prevent squeaking.

- **Anti-Tipping Device:** Regularly check the anti-tipping device to ensure it remains securely fastened to the wall and the bed frame.
- **LED Lights:** Ensure the LED light strips are clean and free from dust. Avoid pulling or straining the light strips or their connections.

Troubleshooting

This section addresses common issues you might encounter with your DICTAC Loft Bed:

Problem	Possible Cause	Solution
Bed wobbles or feels unstable.	Loose hardware; Anti-tipping device not installed or loose.	Ensure all screws and bolts are fully tightened. Install or re-secure the anti-tipping device to the wall.
Squeaking noises from the bed.	Loose connections; Slats not properly secured.	Check and tighten all frame connections. Ensure metal slats are firmly fixed with the buckle design.
LED lights not functioning.	Power connection issue; Controller malfunction.	Verify the LED lights are properly plugged into the power source. Check the inline controller for damage. Ensure the power outlet is functional.
Charging station not providing power.	Power cord not plugged in; Outlet issue.	Ensure the bed's main power cord is securely plugged into a working wall outlet. Test the outlet with another device.
Missing parts during assembly.	Packaging error.	Contact DICTAC customer support with your purchase details and the specific missing parts.

Specifications

Feature	Detail
Model Number	LB-03L
Size	Twin
