Konitee IDW25

Konitee IDW25 Smart Watch User Manual

Model: IDW25

1. Introduction

Thank you for choosing the Konitee IDW25 Smart Watch. This device is designed to enhance your daily life with smart features, health monitoring, and fitness tracking. This manual provides essential information for setting up, operating, and maintaining your smartwatch to ensure optimal performance.

2. Product Overview

The Konitee IDW25 Smart Watch offers a range of features to support your active lifestyle and connectivity:

- **Bluetooth Call & Message Notifications:** Make and receive calls directly from your wrist, and get real-time alerts for SMS, social media, and other app notifications.
- **Alexa Built-in:** Utilize Amazon Alexa for voice commands, checking weather, setting alarms, and controlling smart home devices.
- **24/7 Health Monitoring:** Track heart rate, SpO2 (blood oxygen), sleep patterns, and stress levels.
- **100+ Sport Modes:** Monitor various activities including walking, running, cycling, and more, with accurate data on calories burned and distance.
- **IP68 Waterproof:** Designed to withstand splashes, sweat, and brief immersion in water (not suitable for hot baths or saunas).
- **Long Battery Life:** Enjoy up to 5-7 days of active use and 30 days on standby with a 300mAh battery.
- **1.83" HD Touchscreen & DIY Dials:** A large, responsive display with over 100 customizable watch faces.

3. Setup

3.1. Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included).

3.2. App Download and Pairing

To unlock all features, download the "VeryFit" app on your smartphone (compatible with iOS 9.0+ and Android 6.0+).

1. Scan the QR code in the manual or search for "VeryFit" in your phone's app store.
2. Open the app and create an account or log in.
3. Navigate to the device section and select "Add Device" or similar option.
4. Select "Wearable device" and allow the app to search for your IDW25 Smart Watch.
5. Tap on "IDW25" when it appears in the search results to initiate pairing.
6. Confirm the pairing request on both your phone and the smartwatch.
7. Follow the on-screen prompts to complete basic settings like language and unit format.

Video: This video demonstrates the step-by-step process of connecting the IDW25 Smart Watch to a smartphone via Bluetooth using the companion app, including device discovery and successful pairing confirmation.

4. Operating Instructions

4.1. Bluetooth Call & Message Notifications

Once paired, you can manage calls and notifications directly from your watch.

- **Making/Receiving Calls:** Use the built-in microphone and speaker. Access the dial pad, contacts, or call history from the watch interface.
- **Notifications:** Enable desired app notifications (SMS, Facebook, WhatsApp, etc.) within the "VeryFit" app settings. Notifications will appear on your watch screen.

Image: The Konitee IDW25 Smart Watch displaying multiple message notifications from various applications like SMS and Facebook, demonstrating its multi-functional message reminder capability.

4.2. Alexa Voice Assistant

Your smartwatch features built-in Amazon Alexa for convenient voice control.

- **Activating Alexa:** Swipe right on the watch face or press and hold the side button (refer to app instructions for specific activation).
- **Commands:** Ask Alexa to check the weather, set alarms, control smart home devices, or add items to your shopping list.

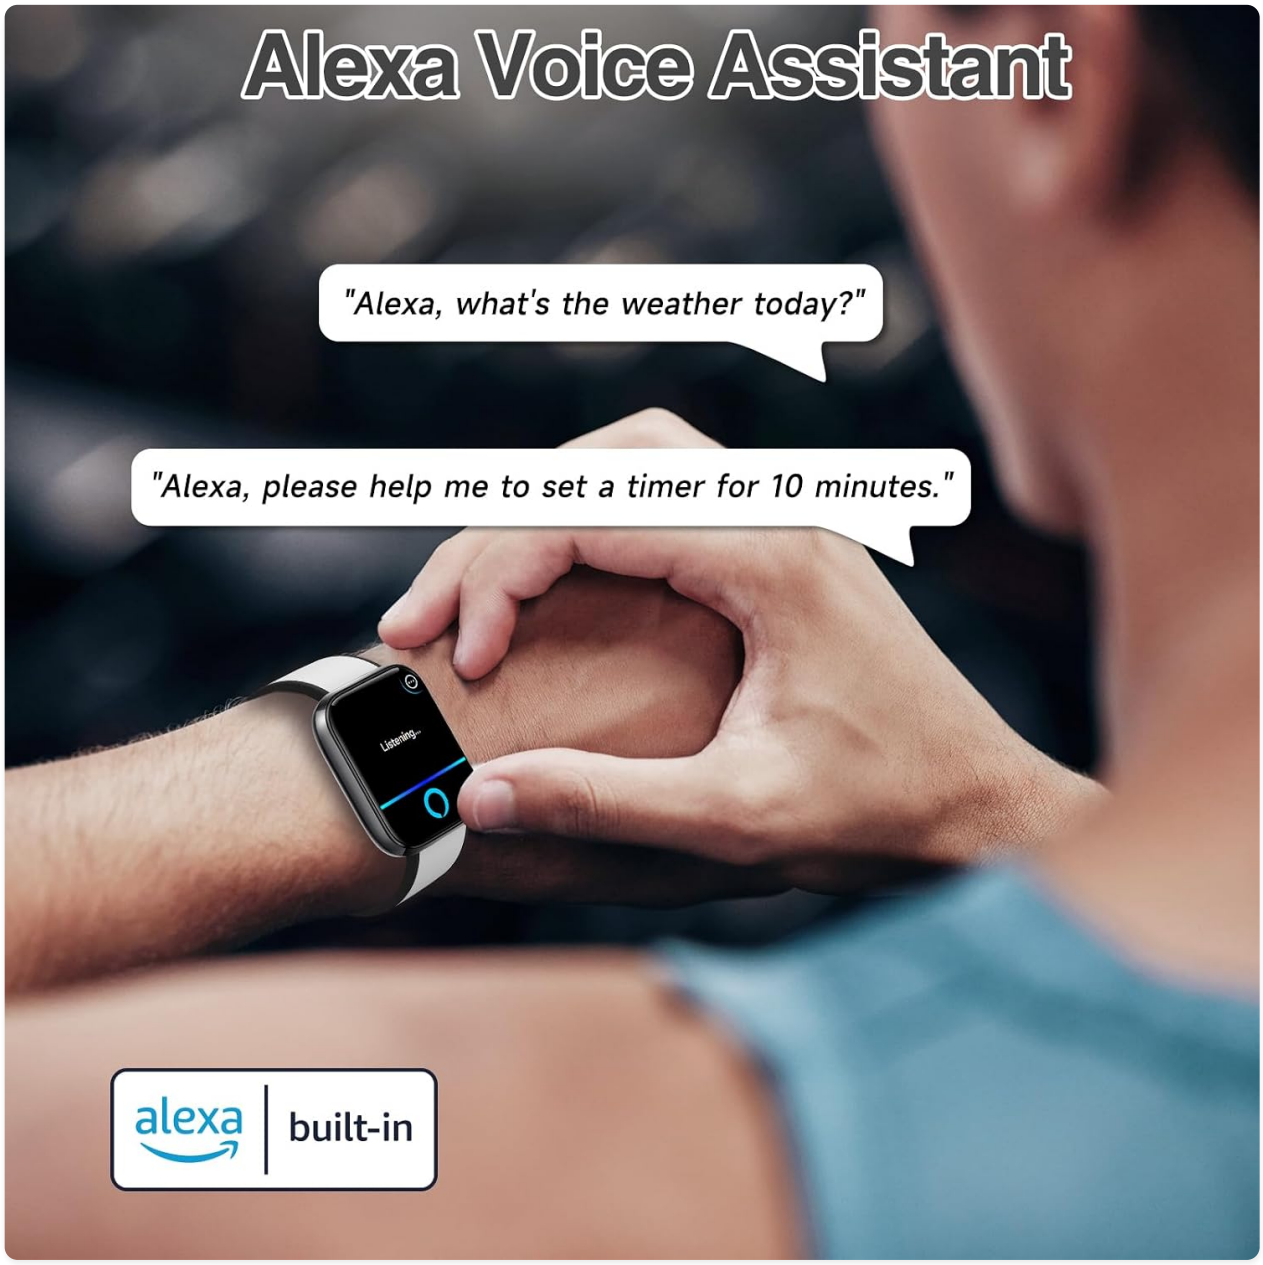

Image: A person interacting with the Konitee IDW25 Smart Watch using Alexa voice commands, with speech bubbles showing example queries like "Alexa, what's the weather today?" and "Alexa, please help me to set a timer for 10 minutes."

Video: This video demonstrates how to set up and use Alexa on a Konitee smartwatch, showing the process of logging into the Amazon account through the companion app and issuing voice commands to the watch.

4.3. Health Monitoring

The IDW25 Smart Watch continuously monitors various health indicators:

- **Heart Rate:** Provides continuous heart rate tracking throughout the day.
- **SpO2 (Blood Oxygen):** Measures your blood oxygen saturation levels.
- **Sleep Monitor:** Tracks sleep stages (deep, light, REM) and provides a sleep quality score.
- **Stress Monitor:** Assesses your stress levels and offers breathing exercises.

View detailed data and trends in the "VeryFit" app.

4.4. Sport Modes

Track your workouts with over 100 built-in sport modes.

- **Selecting a Mode:** Swipe on the watch to find the "Workout" or "Sport" icon, then select your desired activity.
- **Data Tracking:** The watch records calories burned, distance, duration, and heart rate during your exercise.
- **GPS:** For outdoor activities, the watch uses your phone's GPS for accurate route tracking.

4.5. Customizing Watch Faces

Personalize your watch with a variety of dials.

- **Cloud Dials:** Access over 100 cloud dials through the "VeryFit" app.
- **DIY Dials:** Customize your watch face using your own photos via the app.

Video: This video provides a demonstration on how to assemble and disassemble the strap of a Konitee smartwatch, illustrating the quick-release mechanism for easy band changes.

5. Maintenance

5.1. Waterproofing (IP68)

The IDW25 Smart Watch is IP68 rated, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use like hand washing, showering (cold water), and light rain.

Important: Do not use the watch in hot water, saunas, hot springs, or for diving. Avoid prolonged exposure to water and ensure the watch is dry before charging.

Video: This video demonstrates the IP68 waterproof capability of a Konitee smartwatch by submerging it in water and showing its continued functionality, including a water ejection feature.

5.2. Battery Life & Charging

The 300mAh battery provides:

- **Working time:** 5-7 days
- **Standby time:** 30 days
- **Charging time:** Approximately 2 hours

Use the provided magnetic charging cable. Ensure the charging pins align correctly with the watch's charging contacts.

Image: The Konitee IDW25 Smart Watch highlighting its IP68 waterproof rating with a swimmer in the background, and its long battery life features including 7 days working time, 30 days standby time, and 2 hours charging time.

5.3. Cleaning

Wipe the watch and strap regularly with a soft, dry cloth. If necessary, use a slightly damp cloth. Avoid harsh chemicals or abrasive materials.

6. Troubleshooting

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.

- **Unable to pair with phone:**
    a. Ensure Bluetooth is enabled on your phone.
    b. Make sure the watch is within range of your phone.
    c. Restart both your phone and the watch.
    d. Clear the app's cache or reinstall the "VeryFit" app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
- **Notifications not appearing:** Check app notification settings on your phone and within the "VeryFit" app. Ensure the app is running in the background.
