XIAOMI L65MA-SIN

MI Xiaomi X Pro QLED Series Smart Google TV

Model: L65MA-SIN

1. INTRODUCTION

Welcome to the user manual for your new MI Xiaomi X Pro QLED Series Smart Google TV. This guide provides essential information for setting up, operating, maintaining, and troubleshooting your television. The Xiaomi X Pro QLED TV offers a stunning 4K Ultra HD display, advanced QLED technology for vibrant colors, powerful audio, and the intuitive Google TV smart platform.

Image 1.1: Front view of the MI Xiaomi X Pro QLED Series Smart Google TV, highlighting its 65-inch screen, Google TV interface, Dolby Audio/Vision, and 32GB internal storage.

Key features include:

- **4K Ultra HD QLED Display:** Experience crystal-clear visuals with vibrant colors and incredible contrast.
- **Google TV:** Access a vast library of content, apps, and streaming services with a personalized interface.
- **30 Watts Output Speakers:** Enjoy immersive audio with Dolby Audio and DTS-X support.
- **Extensive Connectivity:** Multiple HDMI and USB ports, Dual Band Wi-Fi, and Bluetooth 5.0.
- **Quad-Core Processor:** Ensures smooth performance and quick navigation.

2. SETUP GUIDE

2.1 Unboxing and Package Contents

Carefully remove all components from the packaging. Ensure all items listed below are present:

- 1 x LED TV
- 2 x Table Stand Base
- 1 x Remote Control
- 1 x AC Power Cord
- 2 x AAA Batteries (for remote control)

2.2 Assembly (Table Stand)

1. Place the TV screen-down on a soft, flat surface to prevent scratches.
2. Identify the left and right table stand bases.
3. Align each stand base with the corresponding screw holes on the bottom of the TV.
4. Secure the stand bases using the provided screws.
5. Carefully lift the TV and place it on a stable, level surface.

2.3 Initial Connections

Connect your TV to power and other devices as follows:

- **Power:** Connect the AC Power Cord to the TV's power input and then to a wall outlet.
- **HDMI Devices:** Use HDMI cables to connect gaming consoles, set-top boxes, or Blu-ray players to the 3 HDMI ports. The TV supports HDMI 2.1 with ALLM and eARC.
- **USB Devices:** Connect USB drives or other USB devices to the 2 USB ports.
- **Network:** For wired internet, connect an Ethernet cable to the LAN port. For wireless internet, the TV supports Dual Band Wi-Fi.
- **Audio Output:** Use the Optical port for external audio systems if needed.

3.5 Audio Features

Enjoy powerful and immersive sound with your Xiaomi TV:

- **30 Watts Output:** Delivers clear, room-filling audio.
- **Dolby Audio:** Provides exceptional depth, clarity, and detailed sound for a realistic audio experience.
- **DTS-X & DTS Virtual:X:** Offers an immersive 3D sound experience that surrounds you.

Image 3.6: Scene depicting the cinematic audio experience with the Xiaomi TV, highlighting the 30W speakers and Dolby Audio/DTS support.

4. MAINTENANCE AND CARE

Proper care ensures the longevity and optimal performance of your TV:

- **Screen Cleaning:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a specialized screen cleaner. Avoid harsh chemicals or abrasive materials.
- **Frame and Stand:** Clean the TV frame and stand with a soft, dry cloth.
- **Ventilation:** Ensure adequate airflow around the TV. Do not block ventilation openings.
- **Power Cord:** Regularly check the power cord for any damage. Do not place heavy objects on the cord.
- **Avoid Direct Sunlight:** Do not expose the TV to direct sunlight or extreme temperatures.

5. TROUBLESHOOTING

This section addresses common issues you might encounter. If the problem persists, contact customer support.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No power	Power cord disconnected; power outlet issue.	Ensure power cord is securely connected. Check if the power outlet is working by plugging in another device.
No picture, but sound is present	Incorrect input source; faulty HDMI cable.	Press the 'Input' or 'Source' button on the remote to select the correct input. Try a different HDMI cable or port.
No sound, but picture is present	Volume muted or too low; external audio system issue.	Check volume level and ensure TV is not muted. If using external audio, check its connections and settings.
Remote control not working	Batteries depleted; obstruction; remote not paired.	Replace batteries. Ensure no obstructions between remote and TV. Re-pair the Bluetooth remote if necessary (refer to TV settings).
Cannot connect to Wi-Fi	Incorrect password; router issue; TV too far from router.	Double-check Wi-Fi password. Restart your router. Move TV closer to router or use a Wi-Fi extender.
