

Electro-Voice EVOLVE 50 Portable

Electro-Voice Evolve 50 Portable 1000W Bluetooth-Enabled Subwoofer and Column Speaker Kit (Pair) User Manual

Model: EVOLVE 50 Portable | Brand: Kellards (Manufactured by Electro-Voice)

1. PRODUCT OVERVIEW

The Electro-Voice Evolve 50 Portable 1000W Bluetooth-Enabled Subwoofer and Column Speaker Kit is a high-performance, portable PA system designed for various audio applications. This system delivers powerful and clear sound, featuring a 12-inch subwoofer and a column array with eight 3.5-inch neodymium drivers. Its integrated Class-D amplification provides 1000W of power, ensuring robust audio output. The system is designed for quick setup and includes Bluetooth connectivity for audio streaming and remote control via a dedicated app.

Figure 1.1: Electro-Voice Evolve 50 Portable PA System (Pair)

This image displays two complete Evolve 50 systems, each comprising a compact subwoofer unit at the base and a slender, tall column speaker array mounted on a connecting pole. The systems are black with a textured grille finish, showcasing their sleek and professional design.

Key Features:

- **Integrated Power:** 1000W of Class-D amplification for robust sound.
- **Comprehensive Speaker Design:** Features a 12" subwoofer for deep bass and eight 3.5" drivers in the column array for clear highs and mids.
- **Wide Coverage:** Custom waveguides ensure broad and even sound dispersion.

- **Versatile Inputs:** Includes Mic, Line, and Aux inputs for various audio sources.
- **On-Board DSP:** Digital Signal Processing with presets and a 3-band EQ for sound optimization.
- **Bluetooth Connectivity:** Supports both audio streaming and remote control via Bluetooth.
- **Easy Assembly:** Magnetically locking mounting pole for quick and secure setup.

2. SETUP INSTRUCTIONS

Follow these steps to correctly assemble and set up your Evolve 50 Portable PA System.

2.1 Unpacking and Component Identification

Carefully remove all components from the packaging. Ensure you have the following:

1. EVOLVE 50 Active Subwoofer
2. EVOLVE 50 Column Speaker Array
3. Magnetically Locking Mounting Pole
4. Power Cable

Figure 2.1: Evolve 50 System Components

This image shows the main components of the Evolve 50 system laid out: the rectangular subwoofer unit, the elongated column speaker array, the connecting pole, and the power cable, ready for assembly.

2.2 Assembly Steps

1. **Place the Subwoofer:** Position the EVOLVE 50 Active Subwoofer on a stable, flat surface where you intend to use the system. Ensure adequate space around the unit for ventilation and cable connections.
2. **Insert the Mounting Pole:** Locate the pole mount on top of the subwoofer. Insert the Magnetically Locking Mounting Pole into this mount. The magnetic mechanism will secure the pole in place.
3. **Attach the Column Speaker Array:** Carefully align the EVOLVE 50 Column Speaker Array with the top of the mounting pole. The column array will slide onto the pole and lock into position, establishing the electrical connection between the column and the subwoofer.
4. **Connect Power:** Plug the supplied power cable into the AC inlet on the rear panel of the subwoofer. Connect the other end to a suitable power outlet.
5. **Connect Audio Sources:** Before powering on, connect your audio sources (microphones, mixers, instruments, etc.)

to the appropriate input jacks on the subwoofer's rear panel.

Figure 2.2: Subwoofer Rear Panel Connections

This image provides a detailed view of the rear panel of the Evolve 50 subwoofer, highlighting the various input and output ports, including XLR, TRS, and RCA connectors, along with the power inlet and control knobs.

3. OPERATING INSTRUCTIONS

This section details how to operate your Evolve 50 system, including power-on, audio connections, DSP settings, and Bluetooth functionality.

3.1 Powering On and Basic Audio Setup

1. **Power On:** Once all physical connections are made, press the power button located on the rear panel of the subwoofer. The display screen on the top panel will illuminate.
2. **Adjust Master Volume:** Start with the Master Volume knob set to a low level.
3. **Connect Audio Sources:**
 - **Microphones:** Connect microphones to the XLR/TRS combo inputs (Input 1 or Input 2). Adjust the corresponding gain knob.
 - **Line-Level Devices:** Connect mixers, instruments, or other line-level devices to the XLR/TRS combo inputs or the 3.5mm AUX input.
 - **Bluetooth Audio:** See Section 3.3 for Bluetooth pairing instructions.
4. **Monitor Output:** Use the MONITOR OUT XLR jack to send a mix of inputs to another speaker or monitoring device.
5. **Link Output:** Use the LINK OUT XLR jack to send the full mix to another Evolve 50 system for stereo or expanded coverage.

Figure 3.1: Subwoofer Control Panel

This image provides a detailed close-up of the Evolve 50 subwoofer's control panel, showing the digital display, master volume knob, individual input gain controls, and various input jacks (XLR, TRS, AUX), along with the DSP navigation buttons.

3.2 Digital Signal Processing (DSP)

The Evolve 50 features an intuitive DSP interface accessible via the single-knob control and LCD screen on the subwoofer's top panel. This allows for precise sound customization.

- **Presets:** Navigate through various factory presets optimized for different applications (e.g., Music, Speech, Live). Select the preset that best suits your environment and audio source.
- **3-Band EQ:** Adjust the Bass, Mid, and Treble frequencies to fine-tune the overall sound.

- **Subwoofer Level:** Independently control the subwoofer output level to balance bass response.
- **Input Gain:** Adjust individual input gains for optimal signal levels, preventing clipping or distortion.
- **System Settings:** Access settings like LCD brightness, factory reset, and firmware version.

3.3 Bluetooth Connectivity

The Evolve 50 supports Bluetooth for both audio streaming and remote control via the Electro-Voice QuickSmart Mobile app.

3.3.1 Bluetooth Audio Pairing

1. Ensure Bluetooth is enabled on your mobile device (smartphone, tablet, etc.).
2. On the Evolve 50's DSP menu, navigate to the Bluetooth settings and select "Pair Audio Device."
3. On your mobile device, search for Bluetooth devices. Select "EVOLVE 50" from the list.
4. Once paired, you can stream audio wirelessly from your device to the Evolve 50 system.

3.3.2 QuickSmart Mobile App Control

1. Download the "QuickSmart Mobile" app from your device's app store (iOS or Android).
2. Open the app and ensure Bluetooth is active on your mobile device.
3. The app will automatically detect nearby Evolve 50 systems. Select your system to connect.
4. Once connected, you can remotely control all DSP functions, including volume, EQ, presets, and input levels, directly from your mobile device.

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Evolve 50 system.

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the subwoofer and column array. For stubborn dirt, a slightly damp cloth can be used, but ensure no liquid enters any openings. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the system in a dry, dust-free environment. It is recommended to use the original packaging or protective covers to prevent damage.
- **Cable Management:** Regularly inspect all cables for signs of wear or damage. Replace any frayed or damaged cables immediately to prevent electrical hazards or signal loss.
- **Ventilation:** Ensure the subwoofer's ventilation grilles are clear of obstructions to prevent overheating. Do not operate the system in enclosed spaces without adequate airflow.
- **Transportation:** When transporting the system, disassemble it into its components and use appropriate carrying bags or cases to protect against impacts.

5. TROUBLESHOOTING

This section provides solutions to common issues you might encounter with your Evolve 50 system.

Problem	Possible Cause	Solution
No Power	Power cable not connected; Power outlet faulty; System fuse blown.	Ensure power cable is securely plugged into the system and a working outlet. Check the power outlet with another device. Contact service if fuse replacement is suspected.

Problem	Possible Cause	Solution
No Sound Output	Master volume too low; Input gain too low; Incorrect input selected; Faulty audio cable; Column array not properly connected.	Increase Master Volume and individual input gains. Verify correct input selection on the DSP. Test with a different audio cable. Ensure the column array is fully seated on the mounting pole.
Distorted Sound	Input gain too high (clipping); Master volume too high; Faulty audio source.	Reduce input gain until the input level indicator no longer clips. Lower the Master Volume. Test with a different audio source.
Bluetooth Pairing Failure	Bluetooth not enabled on device; Device too far; Interference; Evolve 50 not in pairing mode.	Ensure Bluetooth is on and visible on your device. Move device closer to the Evolve 50. Reduce other wireless interference. Ensure Evolve 50 is set to "Pair Audio Device" in its Bluetooth menu.
System Overheating	Blocked ventilation; Prolonged operation at high volume in hot environment.	Ensure all ventilation grilles are clear. Reduce volume. Allow system to cool down in a well-ventilated area.

6. SPECIFICATIONS

Detailed technical specifications for the Electro-Voice Evolve 50 Portable PA System.

Feature	Detail
Model Number	EVOLVE 50 Portable
Brand	Electro-Voice (Sold by Kellards)
Output Wattage	1000 Watts (Class-D Amplification)
Subwoofer Size	12 inches
Column Drivers	Eight 3.5-inch Neodymium Drivers
Audio Inputs	Mic, Line, Aux (XLR/TRS Combo, 3.5mm)
Audio Outputs	Monitor Out (XLR), Link Out (XLR)
Number of Channels	3 (Mic/Line 1, Mic/Line 2, Aux/Bluetooth)
Connectivity Technology	AUX, Bluetooth
Power Source	Corded Electric
Color	Black
Mounting Type	Floor Standing
UPC	810160682486
ASIN	B0DC84LF11

Figure 6.1: Evolve 50 Column Speaker Array Drivers

This image provides a detailed view of the column speaker array, revealing the eight precisely aligned 3.5-inch neodymium drivers that contribute to the system's wide and clear sound dispersion.

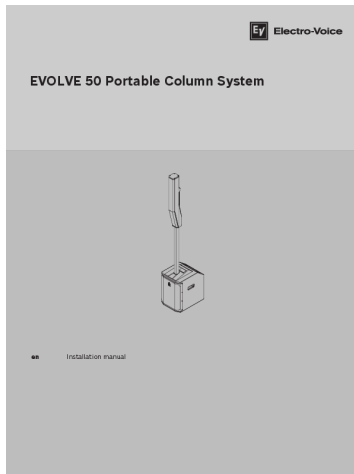

7. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the official Electro-Voice website or contact their customer service directly. Keep your proof of purchase for warranty claims.

- **Online Resources:** Visit the official Electro-Voice website for product registration, FAQs, and downloadable resources.
- **Customer Service:** Contact Electro-Voice customer support for technical assistance, troubleshooting beyond this manual, or warranty service.
- **Proof of Purchase:** Always retain your sales receipt or invoice as proof of purchase for any warranty-related inquiries.

ElectroVoice® DIOUSE 80 Portable Console System

Electro-Voice® Portable Console System

Electro-Voice®

• **Altoparlante Cónico Unidireccional** de 8" con forma cónica, construido para máxima potencia y máxima fidelidad. No necesita trasear de forma externa e insustentada y no necesita refrigeración inmediata. Sin grandes altavoces de montaje en pared.

• **La conectividad Bluetooth** hace está disponible en varios paises.

• **Transmisión de sonido Bluetooth®** a una distancia de hasta 30 pies (9 metros) para el uso de un único sistema portátil. La conectividad Bluetooth® hace está disponible en varios paises.

• **La columna traseña** ofrece una amplia gama de 20" traslada de grito de onda en dinámico personalizable para un control de volumen automático de 40" en forma de una amplia gama. Incluye un botón de ajuste de nivel de volumen para la columna traseña. La columna traseña puede ser ajustada a una altura que está de 60".

• **QuickConnect™** proporciona el mejor procesamiento de la interfaz gráfica para la interfaz de usuario en un solo modo con pantalla LCD característica de CV.

• **Mezcla para aplicaciones portátiles.** El peso ligero y el montaje rápido a través de la columna traseña y el soporte portátil permite a usuarios el movimiento de calidad de sonido más flexible que nunca.

• **Alimentación por batería** de columna DIOUSE 80 en un modo de ahorro de energía. El sistema puede ser alimentado a una potencia de hasta 200W y se puede conectar a un generador de potencia.

• **Alimentación de energía** de columna DIOUSE 80 en un modo de ahorro de energía. El sistema puede ser alimentado a una potencia de hasta 200W y se puede conectar a un generador de potencia.

La conexión del pique de aluminio bi-direccional al sistema de sonido mediante un cable en el puerto de conexión se puede girar y girar en la parte del sistema. La conexión de la columna traseña al sistema de sonido es un componente.

Una columna traseña de 20" en un modo de ahorro de energía. El sistema puede ser alimentado a una potencia de hasta 200W y se puede conectar a un generador de potencia. La columna traseña puede ser ajustada a una altura que está de 60".

A line drawing of the EVOLVE 50 Portable Column System. It consists of a rectangular base unit with a handle on top and a vertical column extending upwards. The column has a small, angled component at the top. The drawing is centered on a light gray background.

Electro-Voice | EVOLVE 50 Portable Column System

EVOLVE 50 Portable Column System

- Aplicativo EV QuickSmart Mobile: configure, controle e monitore de forma rápida e sem fio até seis sistemas EVOLVE 50 simultaneamente e receba notificação imediata durante condições de desempenho crítico. A conectividade Bluetooth® também é possível em select countries.
- Transmissão de alta fidelidade: Mais alta qualidade para música de fundo no ambiente de trabalho. A conectividade Bluetooth® também é possível em select countries.
- Capacidade horizontal de 120 graus: Vitrines por medida de 40 graus em formato nativo: significa que toda a energia acústica é direcionada tanto para o público, quanto para cima.
- O QuickSmartDSP oferece processamento de ponto por medida: interface de usuário com botão único e LCD, característico do EV.
- Ideal para aplicações portáteis. O conjunto leve e robusto por medida: usuário de cabine com áudio magnético prático em desempenho de qualidade mais forte que nunca.

O sistema de colunas portáteis EVOLVE 50 é um sistema de alto desempenho de três componentes: alimentado por um amplificador classe D (DSD) e um alto-falante omnidirecional de 12" (305 mm) e um alto-falante de 40" (1016 mm) em formato nativo. O sistema oferece um alcance de 120 graus, com eficiência de radiação que oferece um desempenho de 120 graus de cobertura, além de 120 graus de cobertura horizontal de 37°.

O conjunto de alta fidelidade inclui um subwoofer e um tweeter, além de um alto-falante de 12" (305 mm) e um alto-falante de 40" (1016 mm) em formato nativo. O sistema oferece um alcance de 120 graus, com eficiência de radiação que oferece um desempenho de 120 graus de cobertura, além de 120 graus de cobertura horizontal de 37°.

Electro-Voice | EVOLVE 50 Portable Column System

EVOLVE 50 Portable Column System

- Aplicativo EV QuickSmart Mobile: configure, controle e monitore de forma rápida e sem fio até seis sistemas EVOLVE 50 simultaneamente e receba notificação imediata durante condições de desempenho crítico. A conectividade Bluetooth® também é possível em select countries.
- High-quality Bluetooth® audio streaming for background music or musical accompaniment. Bluetooth® connectivity is available in select countries.
- Ultra-wide 120° horizontal coverage via custom-designed waveguides and array-formed 40° omnidirectional vertical coverage means all acoustic energy is directed towards both sitting and standing audiences.
- QuickSmartDSP provides best-in-class processing via EV's signature single-line user interface with LCD.
- Ideal for portable applications. Light weight and robust assembly via the rugged standard sub-pole make equally performance easier than ever.

The EVOLVE 50 Portable Column System is a three-component loudspeaker system powered by a DSD100 Class D amplifier and driven by Electro-Voice's QuickSmartDSP.

The system consists of a 12 mm woofer, ported, powered subwoofer and a 40 mm tweeter, all housed within a 120° horizontal frequency output down to 37 Hz.

The subwoofer and tweeter are connected to the subwoofer via a 12 mm cable. The signal is internally routed to the components.

QuickSmartDSP provides best-in-class processing via EV's signature single-line user interface with LCD.

QuickSmartDSP provides best-in-class processing via EV's signature single-line user interface with LCD.
