FORLIM 2-Speed Electric Salt And Pepper Grinder Set Instruction Manual

Model: KYMQ-S32A-HO03AL-BS-2DG

Brand: FORLIM

1. INTRODUCTION AND OVERVIEW

The FORLIM 2-Speed Electric Salt and Pepper Grinder Set offers a convenient and elegant solution for seasoning your dishes. Crafted from durable aluminum alloy, these rechargeable mills feature a ceramic grinding core for efficient and consistent results. With adjustable coarseness and dual-speed settings, you can achieve the perfect grind for various spices, from fine salt to coarse pepper.

Figure 1: The FORLIM 2-Speed Electric Salt and Pepper Grinder Set, including two grinders, a transparent base, and USB-C charging cables.

2. WHAT'S INCLUDED

Your FORLIM Electric Salt and Pepper Grinder Set package includes:

- 2 x Electric Salt and Pepper Grinders
- 1 x Transparent Charging Base
- 2 x USB-C Charging Cables
- 1 x Foldable Silicone Funnel (for easy refilling)
- 1 x Cleaning Brush
- 1 x User Manual (this document)

3. SETUP

3.1 Filling the Grinders

1. Twist the top section of the grinder counter-clockwise to detach it from the transparent container.
2. Using the provided funnel, carefully pour your desired whole spices (e.g., peppercorns, coarse salt) into the transparent container. The container has a 3.5 oz capacity.
3. Align the top section with the container and twist clockwise to securely reattach it. Ensure it is locked to prevent spills.

Figure 2: Filling the grinder with spices using the provided funnel.

3.2 Charging the Grinders

The grinders are equipped with a 300mAh rechargeable battery. For optimal performance, fully charge the

grinders before first use.

1. Place the grinders onto the transparent charging base.
2. Connect the USB-C charging cables to the ports on the back of each grinder and plug the other end into a compatible USB power source (e.g., wall adapter, computer USB port).
3. The LED indicator light on the grinder will illuminate during charging and turn off when fully charged. A full charge typically takes less than 2 hours.

4. OPERATING INSTRUCTIONS

4.1 Powering On/Off and Grinding

To operate the grinder, simply press and hold the power button located on the top of the unit. The grinder will begin to operate, and a bright white LED light will illuminate the grinding area for precise seasoning. Release the button to stop grinding.

COMPACT AND ELEGANT

Aluminum Alloy Material, Lightweight and Upscale

Figure 4: The power button on the FORLIM electric grinder.

4.2 Adjusting Coarseness

The grinder features an external coarseness adjustment mechanism with six settings. To adjust, simply rotate the grinding head at the bottom of the grinder. Rotate towards the smaller dots for a finer grind and towards the larger dots for a coarser grind.

EXTERNAL ROTATION ADJUSTS COARSENESS

Figure 5: Adjusting the external coarseness of the grinder.

4.3 2-Speed Grinding

The FORLIM grinder offers two grinding speeds: High (H) and Low (L). Use the switch on the top of the grinder to select your desired speed.

- **High Speed (H):** Ideal for quickly grinding pepper for cooking.
- **Low Speed (L):** Suitable for precise seasoning with salt or other spices requiring a finer, more controlled output.

DUAL-GRINDING SPEEDS

High and low grinding speeds with one-touch control

LOW SPEED

Suitable for Salt

HIGH SPEED

Suitable for Pepper

Figure 6: Dual-speed settings for optimal grinding control.

5. MAINTENANCE

5.1 Cleaning the Container and Base

The transparent container and the charging base are washable. To clean:

1. Ensure the grinder is empty of spices.
2. Detach the transparent container from the main body.
3. Hand wash the transparent container and the charging base with water and mild soap.
4. **Important:** Do NOT wash the main body of the grinder (the top aluminum alloy part) as it contains electronic components and the motor. Getting this part wet will damage the device.

5. After washing, thoroughly dry the container and base. It is recommended to air dry them completely, ideally for a full day, before refilling or reassembling to prevent moisture from affecting spices or components.

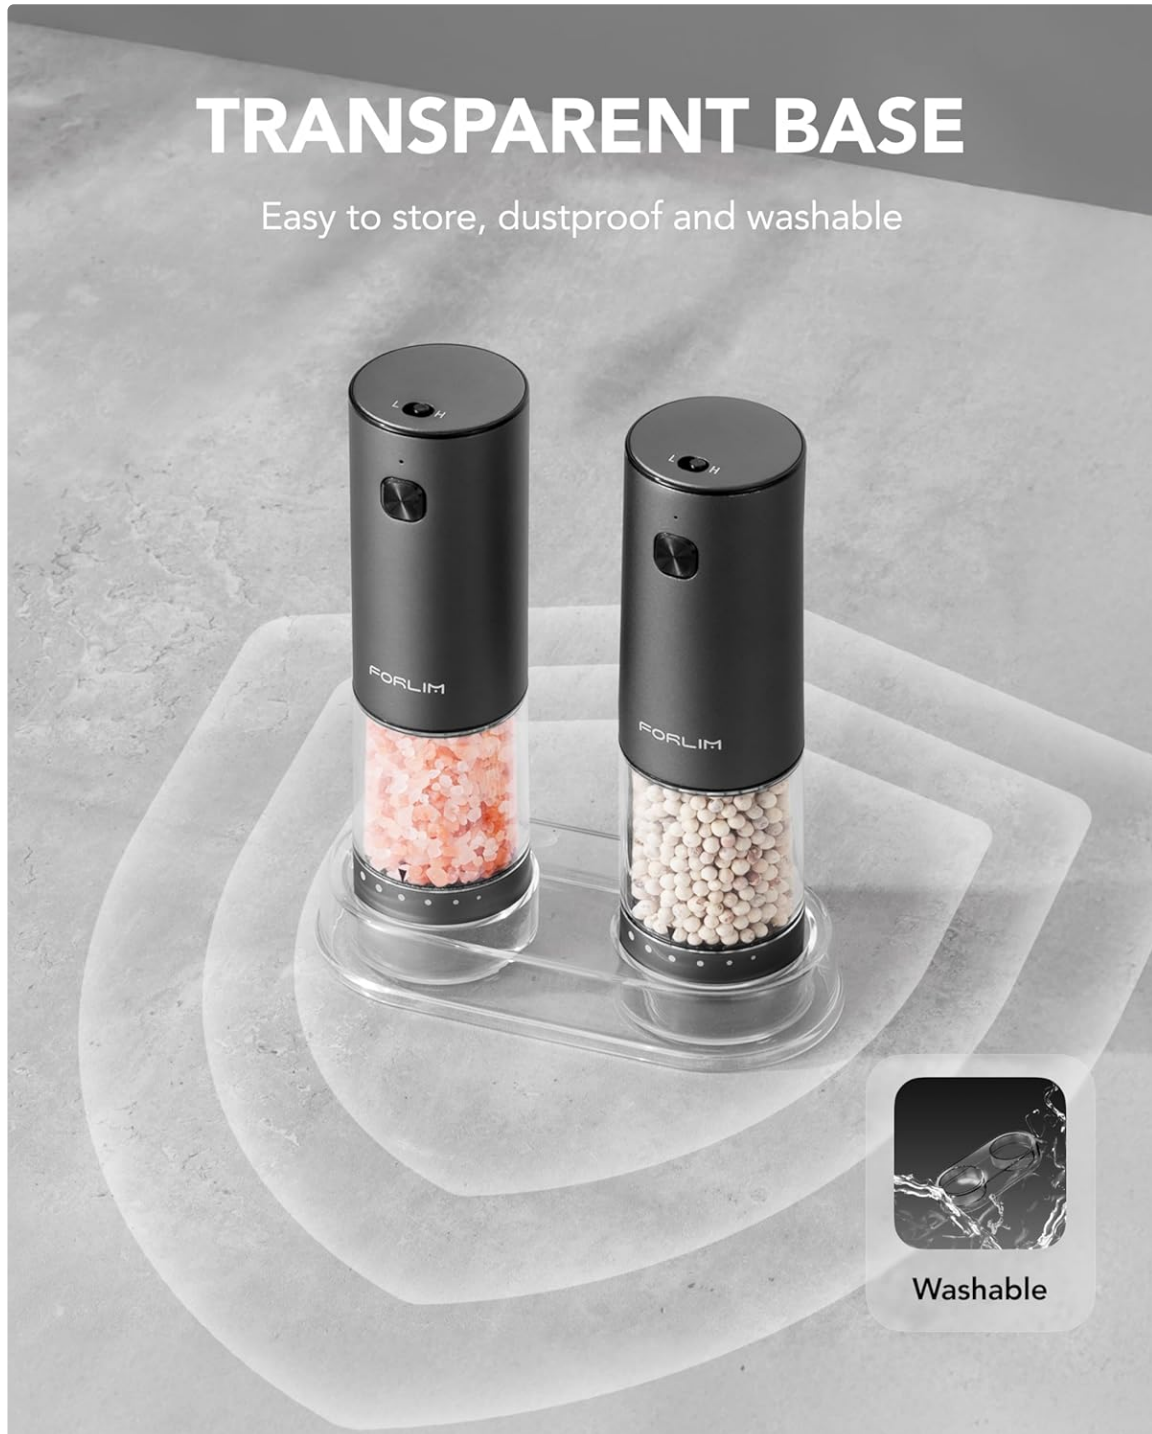

Figure 7: Washable container and base for easy cleaning.

6. TROUBLESHOOTING

If you encounter issues with your FORLIM Electric Salt and Pepper Grinder Set, please refer to the following common troubleshooting steps:

- **Grinder not operating:** Ensure the grinder is fully charged. Check that the top section is securely twisted and locked onto the transparent container.

- **Inconsistent grinding:** Verify that the coarseness adjustment is set correctly for your desired grind. Ensure the spice container is not overfilled or underfilled.
- **No LED light:** The LED light activates only when the grinding button is pressed and the motor is running. If the motor runs but the light does not, ensure the grinder is charged. If the issue persists, contact customer support.
- **Spices not dispensing:** Check for any blockages in the grinding mechanism. Ensure the spice container is not empty.

For further assistance, please refer to the Warranty and Support section.

7. SPECIFICATIONS

Feature	Specification
Brand	FORLIM
Model Number	KYMQ-S32A-HO03AL-BS-2DG
Material	Aluminum, Plastic, Acrylic
Color	Matte Gunmetal
Product Dimensions	2.2"W x 7.7"H
Item Weight	1.14 Pounds
Operation Mode	Automatic
Capacity	3.5 ounces
Batteries	300mAh Rechargeable (2 CR5 batteries included)
Care Instructions	Hand Wash (container and base only)
