MAGIC JOHN iPhone 16 Plus Case with Magnetic Stand User Manual

Model: iPhone 16 Plus

INTRODUCTION

Thank you for choosing the MAGIC JOHN iPhone 16 Plus Case. This case is designed to provide robust protection for your device while offering enhanced functionality through its integrated magnetic stand and MagSafe compatibility. This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal use of your new phone case.

PRODUCT FEATURES

- **Innovative MagicStand Design:** Features a strong magnetic technology combined with a foldable kickstand for versatile use. It seamlessly attaches to all MagSafe accessories, allowing for easy gripping, propping, mounting, and charging. The tactile ring is sturdy and durable, offering adjustable angles for optimal vertical or horizontal viewing.
- **Ultra Magnetic Strength:** The advanced magnetic structure ensures efficient wireless charging with minimal power loss. It provides a secure hold for MagSafe chargers and car mounts, preventing accidental disconnections.
- **Military-Grade Drop Protection:** Constructed from rugged polycarbonate, precision premium TPU, and TPE materials, this case offers superior durability. It includes a 2.5 mm raised border around the camera and a 1.5 mm bezel over the screen to protect against scratches and damage from drops.
- **Carefree Viewing:** The invisible stand, made from lightweight and durable aerospace aluminum alloy, enhances portability. It can be adjusted between 40° and 120° for stable viewing in both portrait and landscape modes, ideal for video calls, streaming, and photography.
- **Perfect Fit:** Designed specifically for the iPhone 16 Plus, the case features precise cutouts, ergonomic edges, and highly responsive buttons. The matte semi-transparent finish provides a silky touch, while the non-slip grip on the sides ensures secure handling. Long-term anti-fingerprint technology keeps the case clean.

SETUP: CASE INSTALLATION

To install your MAGIC JOHN iPhone 16 Plus case, follow these simple steps:

1. Ensure your iPhone 16 Plus is clean and free of dust or debris.
2. Align the camera cutouts of the case with your phone's camera lenses.
3. Gently push your phone into the case, starting from one side, ensuring all edges and corners are securely fitted.
4. Verify that all buttons (power, volume) and ports (charging, speakers) are properly aligned and accessible through the case's precise cutouts.

OPERATING INSTRUCTIONS

Using the Magnetic Stand

The integrated magnetic stand provides convenient hands-free viewing. To use:

1. Locate the foldable ring stand on the back of the case.
2. Gently pull the ring outwards until it clicks into an open position.
3. Adjust the angle of the stand between 40° and 120° to achieve your desired viewing position, either vertically or horizontally.
4. When not in use, fold the ring stand flat against the case until it securely snaps back into place.

MagSafe Compatibility

The case is designed to be fully compatible with MagSafe accessories. The built-in magnetic ring ensures a strong and secure connection.

- **Wireless Charging:** Simply place your iPhone 16 Plus (with the case on) onto a MagSafe wireless charger. The magnets will align automatically for optimal charging efficiency.
- **Magnetic Accessories:** Attach MagSafe wallets, car mounts, or other compatible accessories directly to the back of the case. The strong magnetic connection will hold them securely.

MAINTENANCE

To keep your MAGIC JOHN iPhone 16 Plus case in optimal condition:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth. The anti-fingerprint and anti-stain technology makes cleaning easy. Avoid using harsh chemicals or abrasive materials, as these may damage the case's finish.
- **Inspection:** Periodically inspect the case for any signs of wear or damage, especially around the stand hinge and edges.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Magnetic stand feels loose or does not hold position.	Wear and tear over time, or excessive force applied to the hinge.	Ensure the stand is fully extended or retracted. If the hinge mechanism is damaged, contact customer support for assistance.
MagSafe accessories do not attach securely.	Misalignment, foreign objects between the case and accessory, or a non-MagSafe compatible accessory.	Ensure the accessory is MagSafe compatible. Clean the back of the case and the accessory to remove any obstructions. Realign the accessory carefully.
Buttons are difficult to press.	Case not fully seated on the phone.	Remove the case and re-install, ensuring all corners and edges are properly fitted.
