Yistao X6

Yistao X6 Bone Conduction Headphones User Manual

MODEL: X6

Introduction

Thank you for choosing the Yistao X6 Bone Conduction Headphones. These open-ear headphones are designed to provide a comfortable listening experience while maintaining awareness of your surroundings. Featuring Bluetooth 5.3 connectivity, 32GB of internal MP3 storage, and an IP68 waterproof rating, the X6 is ideal for various activities including running, cycling, and fitness workouts.

Video: A 3D product introduction showcasing the features and design of the Yistao X6 Bone Conduction Headphones.

Product Overview & What's in the Box

The Yistao X6 headphones utilize bone conduction technology to deliver audio through your cheekbones, leaving your ears open. They are lightweight and designed for secure, all-day wear.

What's Included:

- 1 x Premium Yistao X6 Headphones
- 1 x Magnetic Data & Charging Cable
- 1 x User Manual

Setup Guide

1. Initial Charging

Before first use, fully charge your Yistao X6 headphones. Connect the provided magnetic charging cable to the charging port on the headphones and plug the USB end into a power source (e.g., computer USB port, USB wall adapter). The charging indicator light will show the charging status.

Charging Time: Approximately 2 hours for a full charge.

Important: Ensure the charging port is dry and free of sweat or water before charging to prevent damage.

Video: Demonstrates microphone maintenance and charging tips for the Yistao X6 headphones. It shows how to wipe off water from the microphone hole and the charging port before charging.

2. Bluetooth Pairing

1. **Power On:** Press and hold the Power button on the headphones for 3 seconds until the indicator light flashes blue and red alternately, indicating pairing mode.
2. **Activate Bluetooth:** On your device (smartphone, tablet, computer), go to Bluetooth settings and turn on Bluetooth.
3. **Select Device:** Look for "Yistao X6" or a similar name in the list of available devices and select it.
4. **Connect:** Once connected, the indicator light will flash blue slowly, and a voice prompt will confirm successful pairing.

Operating Instructions

Controls:

The Yistao X6 headphones feature intuitive button controls for easy management of audio and calls.

- **Power Button:** Press and hold to power on/off. Single press to play/pause music.
- **Volume Up Button:** Short press to increase volume. Long press for next track.
- **Volume Down Button:** Short press to decrease volume. Long press for previous track.
- **Call Management:** Single press to answer/end calls. Press and hold to reject calls.

MP3 Mode (Internal Storage):

The Yistao X6 includes 32GB of internal storage, allowing you to store over 3,000 songs for offline listening, perfect for activities where you prefer not to carry your phone.

1. **Transferring Music:** Connect the headphones to your computer using the magnetic data & charging cable. The headphones will appear as a USB drive. Drag and drop your desired audio files (MP3 format recommended) into the drive.
2. **Activating MP3 Mode:** Double-click the Power button to switch between Bluetooth and MP3 modes.

Wearing Instructions

For optimal sound quality and comfort, position the bone conduction transducers slightly in front of your ears, resting on your cheekbones. The flexible band should wrap around the back of your head.

Image: A person wearing the Yistao X6 Bone Conduction Headphones, demonstrating the correct placement of the transducers on the cheekbones.

The Yistao X6 headphones are designed to fit head circumferences between 21-24 inches. If your head circumference is larger than 24 inches, it is recommended to verify the fit before purchase.

Care and Maintenance

To ensure the longevity and optimal performance of your Yistao X6 headphones, follow these care guidelines:

- **Cleaning:** Regularly wipe the headphones with a soft, dry cloth. For sweat or water, gently wipe off any moisture from the microphone hole and charging port before storage or charging.
- **Water Resistance:** The headphones are IP68 waterproof, suitable for swimming and exposure to fresh water. Avoid prolonged exposure to saltwater or harsh chemicals.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging Cable:** Use only the provided magnetic charging cable. Do not attempt to use other charging methods.

Troubleshooting

If you encounter issues with your Yistao X6 headphones, try the following solutions:

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure the headphones are in pairing mode (alternating blue/red light). Turn off and on your device's Bluetooth, then try pairing again. If issues persist, perform a factory reset (refer to the quick guide for specific steps).
- **Low Volume/Poor Sound Quality:** Adjust the volume on both the headphones and your connected device. Ensure the transducers are correctly positioned on your cheekbones.
- **Microphone Issues:** Ensure the microphone hole is clear of debris and moisture.
