- The chair is designed with transportation wheels for easy movement and storage.
- Avoid placing heavy objects on the chair.

TROUBLESHOOTING

If you encounter any issues with your massage chair, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Chair does not power on.	Power cord not securely plugged in; Power outlet not working; Main power switch off.	Ensure power cord is firmly plugged into both the chair and the wall outlet. Test the outlet with another device. Check if the main power switch (if any) is in the 'ON' position.
Massage function not working.	Incorrect mode selected; Safety feature activated; Remote control issue.	Select a massage mode from the control panel. Ensure no objects are obstructing the massage mechanisms. Check if the remote control batteries need replacement (if applicable).
Unusual noise during operation.	Loose components; Obstruction; Normal operational sound.	Check for any loose parts or foreign objects. Some operational sounds (e.g., motor hum, air pump) are normal. If the noise is loud or unusual, discontinue use and contact support.

Problem	Possible Cause	Solution
---------	----------------	----------

Recline function not responding.	Obstruction; Power issue; Control panel malfunction.	Ensure there are no obstructions behind or under the chair. Check power connection. Try restarting the chair.
