6. MAINTENANCE

Maintaining your tectake Oval Coffee Table is simple, ensuring its elegant appearance lasts for years.

- **Cleaning:** A simple wipe with a damp cloth is sufficient to clean the sintered stone tabletop and lacquered wood legs. Avoid abrasive cleaners or harsh chemicals that could damage the surfaces.
- **Spills:** Wipe up spills immediately to prevent staining, especially on the marble-look tabletop.
- **Protection:** For outdoor use, while the table is weather-resistant, prolonged exposure to extreme weather conditions may reduce its lifespan. Consider covering it during heavy rain or harsh sunlight.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your tectake Oval Coffee Table, please refer to the following common solutions:

- **Table is wobbly:** Ensure all leg screws are tightened. Adjust the non-slip feet to level the table on uneven surfaces.
- **Scratches on tabletop:** While the sintered stone is robust, avoid dragging sharp or heavy objects across the surface. Use coasters for drinks and placemats for decorative items.
- **Discoloration:** Avoid placing hot items directly on the tabletop without protection. For outdoor use, minimize prolonged direct sunlight exposure to prevent fading of materials.
