VUSH Glow Rabbit Vibrator

VUSH Glow Rabbit Vibrator Instruction Manual

MODEL: GLOW RABBIT VIBRATOR

Introduction

The VUSH Glow Rabbit Vibrator is designed to provide dual stimulation with its unique thrusting motion and rabbit-ear design. Crafted from medical-grade silicone, this waterproof and rechargeable device offers a versatile and personalized experience. This manual provides essential information for the safe and effective use, maintenance, and care of your VUSH Glow Rabbit Vibrator.

Setup

Initial Cleaning

Before first use, and after every use, clean your VUSH Glow Rabbit Vibrator thoroughly. Refer to the 'Maintenance' section for detailed cleaning instructions.

Charging

The device features magnetic USB charging. Connect the provided USB charging cable to the magnetic charging points on the base of the vibrator. Plug the USB end into a compatible USB power source (e.g., computer, wall adapter). The device fully charges in approximately 120 minutes, providing up to 50 minutes of use.

VUSH

MAGNETIC CHARGING

- ALLOWS EASY CHARGING ACCESS
- COMPACT AND SAFE
- LETS YOU ENJOY PLEASURE WITHOUT THE WORRY OF BATTERY RUNNING OUT

Operating Instructions

Power On/Off

To turn the device on, press and hold the single power button located on the base of the vibrator for 2-3 seconds. To turn it off, press and hold the same button for 2-3 seconds until the device powers down.

Changing Modes

The VUSH Glow Rabbit Vibrator offers 10 rumbly vibration settings and thrusting functions. Once the device is powered on, short press the power button to cycle through the different modes and intensities. Experiment to find your preferred setting.

Maintenance

Cleaning

The VUSH Glow Rabbit Vibrator is 100% waterproof. Clean the device before and after each use with warm water and a mild, toy-safe soap. Rinse thoroughly and pat dry with a lint-free cloth. Do not use harsh chemicals or abrasive cleaners.

Storage

Store the vibrator in a clean, dry place away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent damage or degradation.

Troubleshooting

- Device Not Turning On:** Ensure the device is fully charged. Connect it to the magnetic USB charger and allow 120 minutes for a full charge.
- Weak Vibrations:** The battery may be low. Recharge the device.
- Unexpected Shutdown:** The device may automatically turn off if the battery is critically low. Recharge the device.
- Buttons Unresponsive:** Ensure the device is not locked (if applicable, refer to specific product features). If issues persist after charging, contact customer support.
