SGNICS X13 Earbuds

SGNICS X13 Earbuds User Manual

Model: X13 Earbuds

INTRODUCTION

This manual provides detailed instructions for the proper use, setup, and maintenance of your SGNICS X13 Bluetooth 5.3 Earbuds. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

PACKAGE CONTENTS

Verify that all items are present in your package:

- SGNICS X13 Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- Eartips (S, M, L sizes)

PRODUCT OVERVIEW

The SGNICS X13 Earbuds feature an ergonomic ear hook design for secure fit during activities, a portable charging case with an LED display, and touch controls for easy operation.

Image: SGNICS X13 Earbuds with ear hooks and their charging case. The earbuds are black with a sleek design, and the charging case is also black with a glossy finish.

Image: The SGNICS X13 Earbuds placed inside their open charging case. A green LED display in the center of the case shows "100", indicating a full charge. The earbuds are securely nestled in their compartments.

Image: This image illustrates the three included eartip sizes (S, M, L) for user selection. Below, a three-step diagram demonstrates how to correctly wear the earbuds: 1) Insert the earbud, 2) Rotate to secure, 3) Adjust the ear hook for comfort.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case.

1. **Charging the Case:** Connect the provided USB-C cable to the charging port on the case and to a USB power adapter (not included). The LED display on the case will show the charging progress. A full charge takes approximately 1.5 hours.
2. **Charging the Earbuds:** Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots (L for left, R for right). The earbuds will automatically begin charging. The LED display on the case will indicate the charge level of the earbuds.

Fully charged earbuds provide up to 9 hours of playback, and the charging case extends total playtime to approximately 48 hours.

IPX6 Waterproof

Image: A single SGNICS X13 earbud is shown being charged within its open case. A blue lightning bolt graphic indicates the charging process. The case's LED display shows "100", signifying a full charge.

2. Bluetooth Pairing

The earbuds utilize Bluetooth 5.3 for a stable and fast connection.

1. **Initial Pairing:**

    a. Open the charging case. The earbuds will automatically power on and enter pairing mode.

    b. Enable Bluetooth on your device (smartphone, tablet, etc.).

    c. Search for "X13 Earbuds" in the list of available Bluetooth devices and select it to connect.

    d. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

2. **Automatic Reconnection:** After initial pairing, the earbuds will automatically connect to the last paired device when removed from the charging case, provided Bluetooth is enabled on the device.

OPERATING INSTRUCTIONS

Wearing the Earbuds

For optimal sound quality and comfort, choose the correct eartip size (S/M/L) and adjust the ear hooks.

- Select the eartips that provide a snug fit in your ear canal.
- Insert the earbud into your ear, then gently rotate it to secure.
- Adjust the flexible ear hook over your ear for a stable and comfortable fit, especially during sports or exercise.

Touch Controls

The earbuds feature touch-sensitive areas for controlling various functions. The exact touch patterns may vary slightly, but common functions include:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud.

Making and Receiving Calls

The SGNICS X13 Earbuds are equipped with 4 microphones and Environmental Noise Canceling (ENC) technology to ensure clear call quality.

- Refer to the "Touch Controls" section for answering, ending, and rejecting calls.
- During a call, audio will be routed through the earbuds.

Music Playback

Experience Hi-Fi stereo sound with deep bass. Use the touch controls to manage your music.

- Refer to the "Touch Controls" section for playing, pausing, and skipping tracks.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds, eartips, and charging contacts with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Water Resistance:** The earbuds are IPX6 waterproof, protecting them from sweat and rain. However, they are not designed for submersion in water. Ensure they are dry before placing them back in the charging case.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.

Image: The SGNICS X13 Earbuds are depicted amidst water droplets, illustrating their IPX6 waterproof and sweatproof capabilities. The earbuds appear durable and resistant to moisture.

TROUBLESHOOTING

If you encounter issues, refer to the following common solutions:

- **Earbuds not pairing:**

  - Ensure earbuds are charged and removed from the case.
  - Turn off and on Bluetooth on your device.
  - Forget "X13 Earbuds" from your device's Bluetooth list and try pairing again.

- **No sound:**

  - Check device volume and earbud volume.
  - Ensure earbuds are properly connected to your device.
  - Try playing audio from a different application or source.

- **Charging issues:**

  - Verify the USB-C cable and power adapter are working correctly.

- Ensure charging contacts on earbuds and case are clean and free of debris.

SPECIFICATIONS

| Feature	Detail

4.Earbuds Size/Weight: 48*38*27mm/9g
5.Charging Case Size/Weight: 100*63*41mm/127g
6.Charging Port: Type-C
7.Standby Time: 140H
8.Earbud Battery: 70mAh
9.Charging Case Battery: 2600mAh
10.Transmission Rang: 33 feet(without obstacle)

Power On/Off

Auto Power On
Take the earbuds out from the charging case, they will turn on automatically.

Auto Power Off
Put the earbuds back into the charging case, they will disconnect & turn off automatically.

Manually Power On
If the earbuds are out of the charging case and power off, then press & hold them for 2s, they will power on.

Manually Power Off
In non-music mode or standby mode, press & hold either earbud for 5s, both earbuds will power off at the same time.

03

Bluetooth Connection

Prior to first use (or not in use for long time), please fully charge both earbuds and charging case.

First Time Pairing

Step 1 - Take twin earbuds out from charging case, they will automatically power on and enter pairing mode.
At this time, led indicator of master earbud will flash Blue & Red light alternately, and the vice earbud led indicator flashes Blue 2 times every 2s.
Step 2 - Activate the Bluetooth setting on your phone, search and connect "D8".

Once connected, the led light of both earbuds goes off.

*Note: If the earbuds are not connected to your device over 5 minutes, the earbuds will power off automatically.

04

For Second Time Use

If the earbuds have already connected with your device, and the Bluetooth setting of this device is on, in the second time using, when you take out the earbuds from the charging case, they will connect with your device automatically.

Pair with Other Device

D8 sports earbuds have memory function, they usually auto connect with the last paired device.

Thus, if you want to pair them with other device, you should disconnect "D8" from the last paired device, AND forget the pairing record on the last device. Then try to connect it to a new device, it should work properly.

Mono Mode (Only Left/Right Earbud is being Used)

You can use one earbud alone, leave another earbud in the charging case.
• When in Dual mode, put one earbud into the charging case.
• Or only take one earbud out of the charging case, then search & connect "D8" on your device.

05

Fatory Restore Settings

When should I reset?

1) Only one earbud plays music.
2) Both earbuds can not work with together.
3) Occur connection issues.

Follow Steps Below to Reset Earbuds

Step 1: Delete the pairing name "D8" on your phone and deactive the Bluetooth setting of all devices near by the earbuds.
Step 2: Put the two earbuds in the charging case, keep them in the charging state.
Step 3: Press the MFB button for 8 seconds, then the earbud will flash red & blue light alternately for 3 seconds, which means the both earbuds have reset completely.
Step 4: Now, pick up the earbuds to turn them on, activate the Bluetooth setting on your phone search and select "D8" to connect, it should work properly.
If not, please put the earbuds back to the charging case and repeat the steps above.

*Note: After resetting, the pairing record between the earbuds and all your devices will be cleared. In case there is any unsuccessful message in your devices. Please consider to delete the historical record of "D8" and try the pairing process again.

06

Earbuds Charging

To Charge Earbuds
Insert the earbuds into charging case properly, they will power off & get charged.

Flash during charging;
Turn off once fully charged.

(Earbud's LED light: Red light up means "being charged", Red light off means "fully charged".)

Low Battery Alarm

When the battery is less than 10% (and the voltage is lower than 3.4V), a prompt voice "Please charge" will be advised, announce once every 5 minutes and 5 times in total, and then the earbuds will power off as normal.

Tips: If the earbuds don't charge or even can't turn on, that may because there is oxidized layer or something else on the charging connector or charging pin.
You can solve this problem by cleaning the magnet connector on the earbuds and charging pin on the charging case with alcohol wipes.

07

Charging Case Charging

Type-C Charging
There is a Type-C charging cable in the small black paper box inside the packing box. Please use the provided Type-C cable with a 5V/1A adapter(not included) to charge the charging case.

During charging, the charging case power display will show the battery in real time. The number will be displayed as 100 when fully charged.

Wireless Charging

D8 Wireless Earbuds User Manual

How to Wear the Earbuds Correctly?

Choose best-fit ear
tips, gently push
the earbuds into
your ears and
adjust them to get
a comfortable fit.

10

Safety Attention

1. Do not use the earbuds while driving a car, operating machinery
or performing other activities that require hearing surrounding
sounds.
2. Using earbuds at high to moderate volumes for extended periods
of time will result in permanent hearing damage. It is advised you
keep volume levels moderate to low at times for your safety.
3. Please avoid use in thundering and raining days to prevent
damage or electrical shock.
4. Please keep the earbuds out of extreme heat or humidity; do not
use any corrosive cleaner/oil to clean the earbuds.
5. Please avoid disassemble/reassemble the product in case of failure
or fire accident.
6. Please keep beyond the reach of kids or pets.
7. Please stop using the device if it causes any discomfort or pain.
8. As the Bluetooth signal cannot transmit in water it is not suitable
for swimming or diving. If submerged in water, do not turn the
earbuds on until completely dried.

How to Place the Earbuds?

"L"   "R"

11

How to Sync Volume on Android?

To protect users from potential hearing damage, Android's limit on
max volume is quite low for Bluetooth audio devices.

If you feel the volume is too low, please access developer options
and enable absolute volume, so you'll be able to max the volume at
your own volition and to the full capabilities of
your Bluetooth earbuds.

(Please scan this QR code to watch a video to
learn more details.)

Find Build Number Firstly

Android 4.1 and lower: the Developer options screen is available by
default.
Android 4.2 and higher: the Developer options in Android phones
are hidden, you must enable this screen through Build Number.
Android 7.1 and lower: Settings > About Phone > Build Number
Android 8.0.0 and Android 8.1.0 : Settings > System > About Phone
> Build Number

Enable Developer Options

Locate the Build number and tap it about 7 times in succession to
enable Developer options. You may also have to tap in your PIN for
verification. Once developer options are activated, you will see a
message that reads "You are now a developer".

12

Go back to the Settings pane, search Developer options as an entry.
At the top of the Developer options screen, you can toggle the
options as figure 1.

Developer
Options

[Figure 1]

Enable Absolute Volume

Scroll down until you reach the Networking section. Once there,
enable (toggle ON) the absolute volume option as figure 2.

Enable
absolute
volume

[Figure 2]

*Note: These options in the figures may be different from the
device you're using. Typically, the choices depend on the type and
model of the device you are working with.
