

PQKIE B0DCCF4MB9

PQKIE 12-Piece Flower Botanical Collection Building Set

INSTRUCTION MANUAL - MODEL B0DCCF4MB9

1. Introduction

Thank you for choosing the PQKIE 12-Piece Flower Botanical Collection Building Set. This set allows you to construct 12 unique miniature flower and plant models using micro building blocks. Designed for individuals aged 8 and above, this kit offers an engaging and creative building experience, resulting in beautiful decorative pieces for your home or office. Please read this manual carefully before beginning assembly to ensure a smooth and enjoyable experience.

2. Safety Information

- **Small Parts Warning:** This product contains very small building blocks (micro blocks). It is not suitable for children under 3 years old due to choking hazards. Adult supervision is recommended for younger builders (8-14 years).
- **Non-Toxic Materials:** The building blocks are made from high-quality ABS material, which is non-toxic and odorless.
- **Handling:** Handle pieces with care to avoid accidental ingestion or loss.

3. Package Contents

Your PQKIE Flower Botanical Collection Building Set includes:

- 12 individual flower building kits, each in its own box.
- Assorted micro building blocks for each flower model (approximately 2531 pieces total across all 12 sets).
- Detailed instruction manuals for each individual flower model.

Please verify all components are present upon opening. If any parts are missing, refer to the 'Warranty and Support' section.

4. Setup and Assembly

Each of the 12 flower models comes with its own dedicated instruction manual. Follow the steps outlined in each manual for accurate assembly.

1. **Unpack:** Open one individual flower kit at a time to avoid mixing pieces.
2. **Organize:** Lay out the building blocks on a clean, flat surface. Due to the small size of the micro blocks, careful organization can prevent loss.
3. **Follow Instructions:** Refer to the specific instruction manual provided with each flower kit. Each step is illustrated to guide you through the construction process.
4. **Connect Pieces:** Firmly connect the blocks as indicated. Some pieces may require gentle pressure to snap into place.
5. **Complete Model:** Continue until the flower and its pot are fully assembled.

The assembly process is designed to be immersive and can help improve concentration and hand-eye coordination.

5. Operating (Display and Arrangement)

Once assembled, your botanical collection can be displayed in various settings to enhance your environment.

- **Home Decor:** Place the finished flower models on shelves, windowsills, desks, or tables to add a touch of color and nature to any room.
- **Office Decor:** Brighten up your workspace with these miniature plants, providing a maintenance-free touch of greenery.
- **Arrangement:** Experiment with different arrangements of the 12 unique flowers to create a personalized botanical display.

FLOWERS AND POTTED PLANTS BUILDING SET **Decorate every corner of the room**

6. Maintenance

These building block flowers require minimal maintenance:

- **Cleaning:** Dust the models periodically with a soft, dry cloth or a small brush to maintain their appearance.
- **Storage:** If disassembling or storing, keep all small pieces together in a secure container to prevent loss.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or solvents, as these may damage the plastic blocks.

7. Troubleshooting

- **Missing Pieces:** If you discover any missing parts during assembly, please contact our customer support team immediately. Refer to the 'Warranty and Support' section for contact details.
- **Pieces Not Connecting Firmly:** Ensure that the blocks are aligned correctly and apply gentle, even

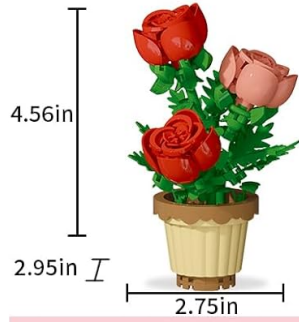

pressure. If a piece consistently does not fit, double-check the instruction manual for correct orientation.

- **Assembled Model is Fragile:** Some users have noted that the assembled models can be delicate. If pieces frequently fall apart, consider applying a small amount of plastic-safe adhesive to critical connection points for increased stability, especially if the model is for display and not frequent handling.

8. Specifications

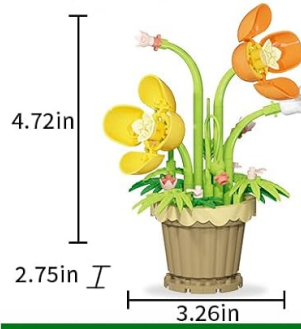

Feature	Detail
Product Dimensions (overall)	2.75 x 2.94 x 4.56 inches (individual models vary)
Item Weight	1.74 pounds (total package)
ASIN	B0DCCF4MB9
