## Altec Lansing IMT8400

# Altec Lansing SOUNDROVER PRO 650 Portable Speaker User Manual

Model: IMT8400

## INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Altec Lansing SOUNDROVER PRO 650 Portable Speaker. Please read this manual thoroughly before using the product and retain it for future reference.

## WHAT'S IN THE Box

- Altec Lansing SOUNDROVER PRO 650 Portable Speaker
- Wireless Microphone
- Tripod Stand
- Power Adapter

Image: Contents of the Altec Lansing SOUNDROVER PRO 650 package, including the speaker, wireless microphone, and tripod stand.

## SETUP

### Speaker Placement

The SOUNDROVER PRO 650 can be placed directly on a flat surface or mounted on the included tripod stand for optimal sound projection. Ensure the speaker is stable and on a level surface to prevent tipping.

## BUILT-IN CARRYING HANDLES

Image: The SOUNDROVER PRO 650 speaker positioned on its tripod stand in an outdoor setting, demonstrating typical setup.

### Power Connection

Connect the provided power adapter to the AC input on the rear panel of the speaker and then to a standard wall outlet. The unit is designed for wall-powered operation to deliver maximum output.

Video: Demonstrates connecting the power cable to the speaker and turning on the power switch, highlighting its wall-powered capability for maximum output.

### OPERATING INSTRUCTIONS

#### Control Panel Overview

The rear panel of the SOUNDROVER PRO 650 features a comprehensive control interface for various audio inputs and adjustments.

## TAKE IT **EVERWHERE** WITH YOU

Image: Detailed view of the speaker's control panel, showing inputs for USB/SD media, guitar, microphone, RCA, and XLR/1/4" connectors, along with the graphic equalizer and reverb controls.

- 1. USB/SD Media Playback:** Insert USB drives or SD cards for direct audio playback.
- 2. Guitar Input:** Connect a guitar using a 1/4" cable.
- 3. Mic Input:** Connect a microphone using an XLR or 1/4" cable.
- 4. Graphic EQ:** Adjust the frequency response for customized sound.
- 5. RCA 1/8" Input:** Connect external audio devices via RCA or 1/8" (3.5mm) auxiliary cable.
- 6. Inputs with Reverb:** Apply reverb effect to specific inputs.
- 7. Pro XLR & 1/4" Connectors:** Professional-grade inputs for microphones and other audio equipment.

### Wireless Microphone Usage

The included wireless microphone can be used for karaoke, announcements, or performances. Ensure the microphone is powered on and paired with the speaker according to the microphone's instructions.

## DURABLE WHEELS

Image: The wireless microphone included with the SOUNDROVER PRO 650 speaker.

### Bluetooth Connectivity

To connect a Bluetooth device, ensure the speaker is in Bluetooth mode. Search for "SOUNDROVER PRO 650" on your device's Bluetooth settings and pair. A confirmation sound will indicate successful pairing.

### TWS Pairing (True Wireless Stereo)

For an enhanced stereo experience, two SOUNDROVER PRO 650 speakers can be paired wirelessly. Refer to the detailed TWS pairing instructions in the full product manual for specific steps.

Image: Two SOUNDROVER PRO 650 speakers configured for True Wireless Stereo (TWS) pairing, providing a wider soundstage for outdoor events.

## LED Lighting Modes

The speaker features dynamic LED lighting with various modes, including chase and beat-sync. Use the dedicated LIGHT button on the control panel to cycle through the available lighting effects.
