# DICTAC Farmhouse Queen Bed Frame with Storage Headboard, Charging Station, and LED Lights

Model: BFH-02

## 1. INTRODUCTION

Thank you for choosing the DICTAC Farmhouse Queen Bed Frame. This instruction manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read this manual thoroughly before beginning assembly and retain it for future reference.

### Important Safety Information

- Ensure all parts are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly to avoid damaging components.
- Periodically check all connections and tighten as necessary to maintain stability.
- The bed frame has a maximum weight capacity of 900 lbs. Do not exceed this limit.
- Keep small parts away from children during assembly.

## 2. PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- Headboard with Storage and Charging Station
- Footboard with Shoe Bench
- Side Rails
- Metal Slats
- Central Support Leg
- Easy Assembly Tools
- Installation Manual (this document)

- LED Light Strip and Controller
- Power Adapter for Charging Station and LED Lights

### 3. ASSEMBLY INSTRUCTIONS

---

Follow the numbered steps and diagrams provided in the included detailed installation instructions. All parts and accessories are labeled with numbered stickers for easy identification.

#### Key Assembly Points:

- **Headboard Assembly:** Attach the headboard panels and ensure the storage compartments are securely fastened.
- **Side Rails and Footboard:** Connect the side rails to the headboard and footboard. The footboard features a higher design to prevent mattress sliding.
- **Metal Slats Installation:** The bed frame utilizes heavy-duty metal slats with an embedded design. The buckle design simplifies installation. Ensure the EVA mute stickers are properly placed on the slats to prevent noise. No box spring is required.
- **Central Support:** Install the central support leg and bar for enhanced stability.

## 5. MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning Wood Surfaces:** Wipe wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning Metal Components:** Use a dry or slightly damp cloth to clean metal parts.
- **Cleaning PU Leather:** Wipe the PU leather cushion with a damp cloth and mild soap if necessary. Dry immediately.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Retighten as needed.
- **LED Lights:** Ensure the LED strip and power connections are free from dust and moisture.

## 6. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

| Problem                                    | Possible Cause                                      | Solution                                                                                                          |
|--------------------------------------------|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| Bed frame makes creaking noises.           | Loose connections; slats rubbing.                   | Ensure all bolts are tightened. Verify EVA mute stickers are correctly placed on slats.                           |
| Mattress slides on the frame.              | Incorrect mattress size; lack of footboard support. | Ensure your mattress is Queen size. The higher footboard design is intended to prevent sliding.                   |
| Charging station not working.              | Power cord not connected; faulty device.            | Check if the charging station's power cord is securely plugged into a wall outlet. Test with a different device.  |
| LED lights not turning on/changing colors. | Power connection issue; controller/app malfunction. | Ensure the LED light power adapter is connected. Check batteries in the key controller or restart the mobile app. |
