## CONTROLS AND DISPLAY

Figure 7: Top and Back Panel Controls Diagram.

### Top Panel Controls

- **Wireless Charging Pad:** Place Qi-compatible devices here for wireless charging.
- **AL VOL- / Hour:** Adjust alarm volume down, or set alarm hour.
- **Radio On/Off:** Toggle FM radio on/off.
- **BT (Bluetooth) On/Off:** Activate/deactivate Bluetooth pairing mode.
- **SNOOZE / LIGHT:** Snooze active alarm; short press to cycle nightlight colors; long press to turn nightlight off.
- **Sleep Timer:** Set sleep timer duration.
- **Alarm On/Off:** Toggle alarm on/off.
- **AL VOL+ / Min:** Adjust alarm volume up, or set alarm minute.

### Back Panel Controls

- **FM/BT Volume (High/Low):** Adjust overall volume for FM radio and Bluetooth audio.
- **DC 9V:** Power input port.
- **USB:** USB charging port for external devices.
- **Night Light Dimmer:** Adjust brightness of the nightlight.
- **12H/24H:** Switch between 12-hour and 24-hour time format.
- **Alarm Set:** Enter alarm setting mode.
- **Time Set:** Enter time setting mode.
- **Display Dimmer (Low/High):** Adjust the brightness of the digital time display.

- **Radio Antenna:** Extend fully for optimal FM radio reception.

## SETUP

### Power Connection

1. Connect the provided power adapter to the DC 9V input port on the back of the alarm clock.
2. Plug the power adapter into a standard wall outlet. The display will light up.

### Radio Antenna

- For optimal FM radio reception, fully extend the radio antenna located on the back panel.

## OPERATING INSTRUCTIONS

### Setting the Time

1. Press and hold the **Time Set** button on the back panel until the hour digits begin to flash.
2. Use the **AL VOL-** / **Hour** and **AL VOL+** / **Min** buttons on the top panel to adjust the hour.
3. Press the **Time Set** button again to switch to minute adjustment. The minute digits will flash.
4. Use the **AL VOL-** / **Hour** and **AL VOL+** / **Min** buttons to adjust the minutes.
5. Press the **Time Set** button one more time to confirm and exit time setting mode.
6. To switch between 12-hour and 24-hour format, press the **12H/24H** button on the back panel.

### Setting the Alarm

1. Press and hold the **Alarm Set** button on the back panel until the alarm hour digits begin to flash.
2. Use the **AL VOL-** / **Hour** and **AL VOL+** / **Min** buttons on the top panel to adjust the alarm hour.
3. Press the **Alarm Set** button again to switch to alarm minute adjustment. The minute digits will flash.
4. Use the **AL VOL-** / **Hour** and **AL VOL+** / **Min** buttons to adjust the alarm minutes.
5. Press the **Alarm Set** button one more time to confirm and exit alarm setting mode.
6. To activate or deactivate the alarm, short press the **Alarm On/Off** button on the top panel. An alarm icon will appear/disappear on the display.

### Snooze Function

- When the alarm sounds, press the **SNOOZE** / **LIGHT** button on the top panel to activate the snooze function. The alarm will temporarily stop and sound again after 9 minutes.

### Wireless Charging

- Place your Qi-compatible smartphone directly onto the wireless charging pad located on the top of the alarm clock.
- Ensure the phone is centered on the charging pad for optimal connection. A charging indicator will appear on the clock display.

- *Note: Do not place metal phone cases or metal objects in the wireless charging area to prevent interference.*

## USB Charging

- Connect your device's USB charging cable to the USB port on the back panel of the alarm clock.
- The alarm clock will provide power to charge your device.

## Bluetooth Pairing

1. Press the **BT** button on the top panel to enter Bluetooth pairing mode. The display will show "BT" and flash.
2. On your smartphone or Bluetooth device, search for "UE268" in the Bluetooth settings.
3. Select "UE268" to pair. Once successfully paired, the "BT" indicator on the clock display will stop flashing.
4. You can now play audio through the alarm clock's speaker. Adjust volume using the **FM/BT Volume** scroll on the back panel or your connected device.

## FM Radio Operation

- Press the **Radio On/Off** button on the top panel to turn on the FM radio.
- Use the **AL VOL-** / **Hour** and **AL VOL+** / **Min** buttons to tune to your desired frequency. Long press these buttons for automatic station scanning.
- Adjust the radio volume using the **FM/BT Volume** scroll on the back panel.
- To set a sleep timer for the radio, press the **Sleep Timer** button on the top panel repeatedly to cycle through preset durations (e.g., 15, 30, 60, 90 minutes). The radio will automatically turn off after the selected time.

## Nightlight Control

- Short press the **SNOOZE / LIGHT** button on the top panel to cycle through the 8 available nightlight colors.
- Long press the **SNOOZE / LIGHT** button to turn the nightlight off.
- Adjust the brightness of the nightlight using the **Night Light Dimmer** button on the back panel.

## Display Brightness

- Adjust the brightness of the digital time display using the **Display Dimmer** scroll on the back panel. You can set it from 0% to 100% brightness.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the alarm clock. Do not use liquid cleaners or abrasive materials.
- **Storage:** If not in use for an extended period, unplug the device and store it in a cool, dry place.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Clock display is off/blank.	No power connection or display dimmer set to 0%.	Ensure power adapter is securely plugged in. Adjust Display Dimmer on the back panel.
Wireless charging not working.	Phone not Qi-compatible, not centered, or metal objects on pad.	Verify phone compatibility. Reposition phone. Remove metal objects/cases.
Bluetooth not pairing.	Device not in pairing mode or too far.	Ensure alarm clock is in BT pairing mode (flashing "BT"). Move devices closer. Restart both devices.
Poor FM radio reception.	Antenna not extended or weak signal.	Fully extend the radio antenna. Try repositioning the alarm clock.
Alarm not sounding.	Alarm not activated or volume too low.	Press Alarm On/Off button to activate (icon visible). Increase alarm volume using AL VOL+ button.
