3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

3.2 App Installation (VeryFit)

To access all features and synchronize data, download the 'VeryFit' app on your smartphone.

1. Scan the QR code provided in the quick start guide or search for 'VeryFit' in your smartphone's app store (App Store for iOS, Google Play Store for Android).
2. Install the 'VeryFit' app.
3. Open the app and follow the on-screen instructions to create an account and set up your profile.

3.3 Device Pairing (Bluetooth)

Ensure your smartphone's Bluetooth is enabled.

1. Open the 'VeryFit' app.
2. Navigate to the 'Device' section and select 'Add Device'.
3. The app will search for available devices. Select 'IDW20' from the list to initiate pairing.
4. Confirm the pairing request on both your smartphone and the smartwatch.

3.4 Bluetooth Call Setup

For Bluetooth calling functionality, an additional connection is required.

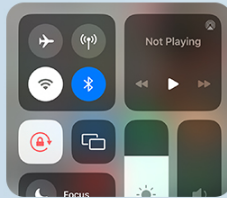

1. After successful device pairing, go to your smartphone's Bluetooth settings.
2. Locate 'IDW20_CALL' (or similar) in the list of available devices and connect to it.
3. Ensure all necessary permissions (e.g., call logs, contacts) are granted to the 'VeryFit' app.
4. You can now make and receive calls directly from your smartwatch.
