Aoxun IG402GR05-MJ

Aoxun 12'x14' Hardtop Gazebo (Model IG402GR05-MJ) Instruction Manual

Product Overview

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aoxun 12'x14' Hardtop Gazebo. Designed with a sturdy aluminum frame and a double galvanized steel roof, this outdoor pavilion offers a comfortable and protected space for your backyard, patio, or deck. It includes integrated netting and curtains for enhanced privacy and insect protection.

Setup and Assembly

The Aoxun Hardtop Gazebo is designed for straightforward installation. All parts are clearly numbered, and step-by-step instructions are provided. It is recommended that two to four persons complete the assembly, which typically takes two to three hours. Ensure all parts are present and undamaged before beginning assembly.

Assembly Video Guide

Video 1: A detailed assembly guide for the Aoxun Hardtop Gazebo. Follow these steps carefully for proper installation.

Key Assembly Features

Figure 2: Illustrates the triangular structure for enhanced stability, velcro straps for securing curtains, and the anchored frame design.

Important Tip: Do not fully tighten all screws until the entire frame is assembled. This allows for minor adjustments and ensures proper alignment of all components.

Figure 3: Your gazebo may arrive in multiple packages, potentially on different days. Please ensure all boxes are received before starting assembly.

Operating Instructions

Your Aoxun Hardtop Gazebo offers versatile functionality to enhance your outdoor experience.

Curtains and Netting

The gazebo is equipped with 180g gray polyester curtains and 40g netting. These can be adjusted to provide privacy, block sunlight, or allow for airflow while keeping insects out. The curtains can be fully closed for privacy, half-open for mosquito protection, or fully open for maximum ventilation.

Figure 4: Demonstrates the three adjustable modes for the curtains and netting: fully open, half-open, and fully closed.

Multifunctional Top Design

The gazebo roof features integrated hooks, allowing you to hang lights, fans, or other decorations to personalize your outdoor space.

Figure 5: The multifunctional top design includes hooks for hanging various accessories.

Care and Maintenance

Proper care and maintenance will extend the lifespan of your Aoxun Hardtop Gazebo.

- **Regular Cleaning:** Clean the metal frame and roof panels with a mild soap and water solution. Rinse thoroughly and dry to prevent water spots and corrosion.
- **Fabric Care:** The polyester curtains and netting can be spot cleaned with a mild detergent. For deeper cleaning, they may be removed and hand washed. Ensure they are completely dry before reattaching to prevent mildew.
- **Fastener Checks:** Periodically inspect all screws and bolts to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **Anchoring:** Always ensure the gazebo is securely anchored to a stable foundation, especially in windy conditions.

Weather Resistance

The galvanized steel roof provides UV protection, is waterproof, and snow-resistant, designed to withstand various

weather conditions.

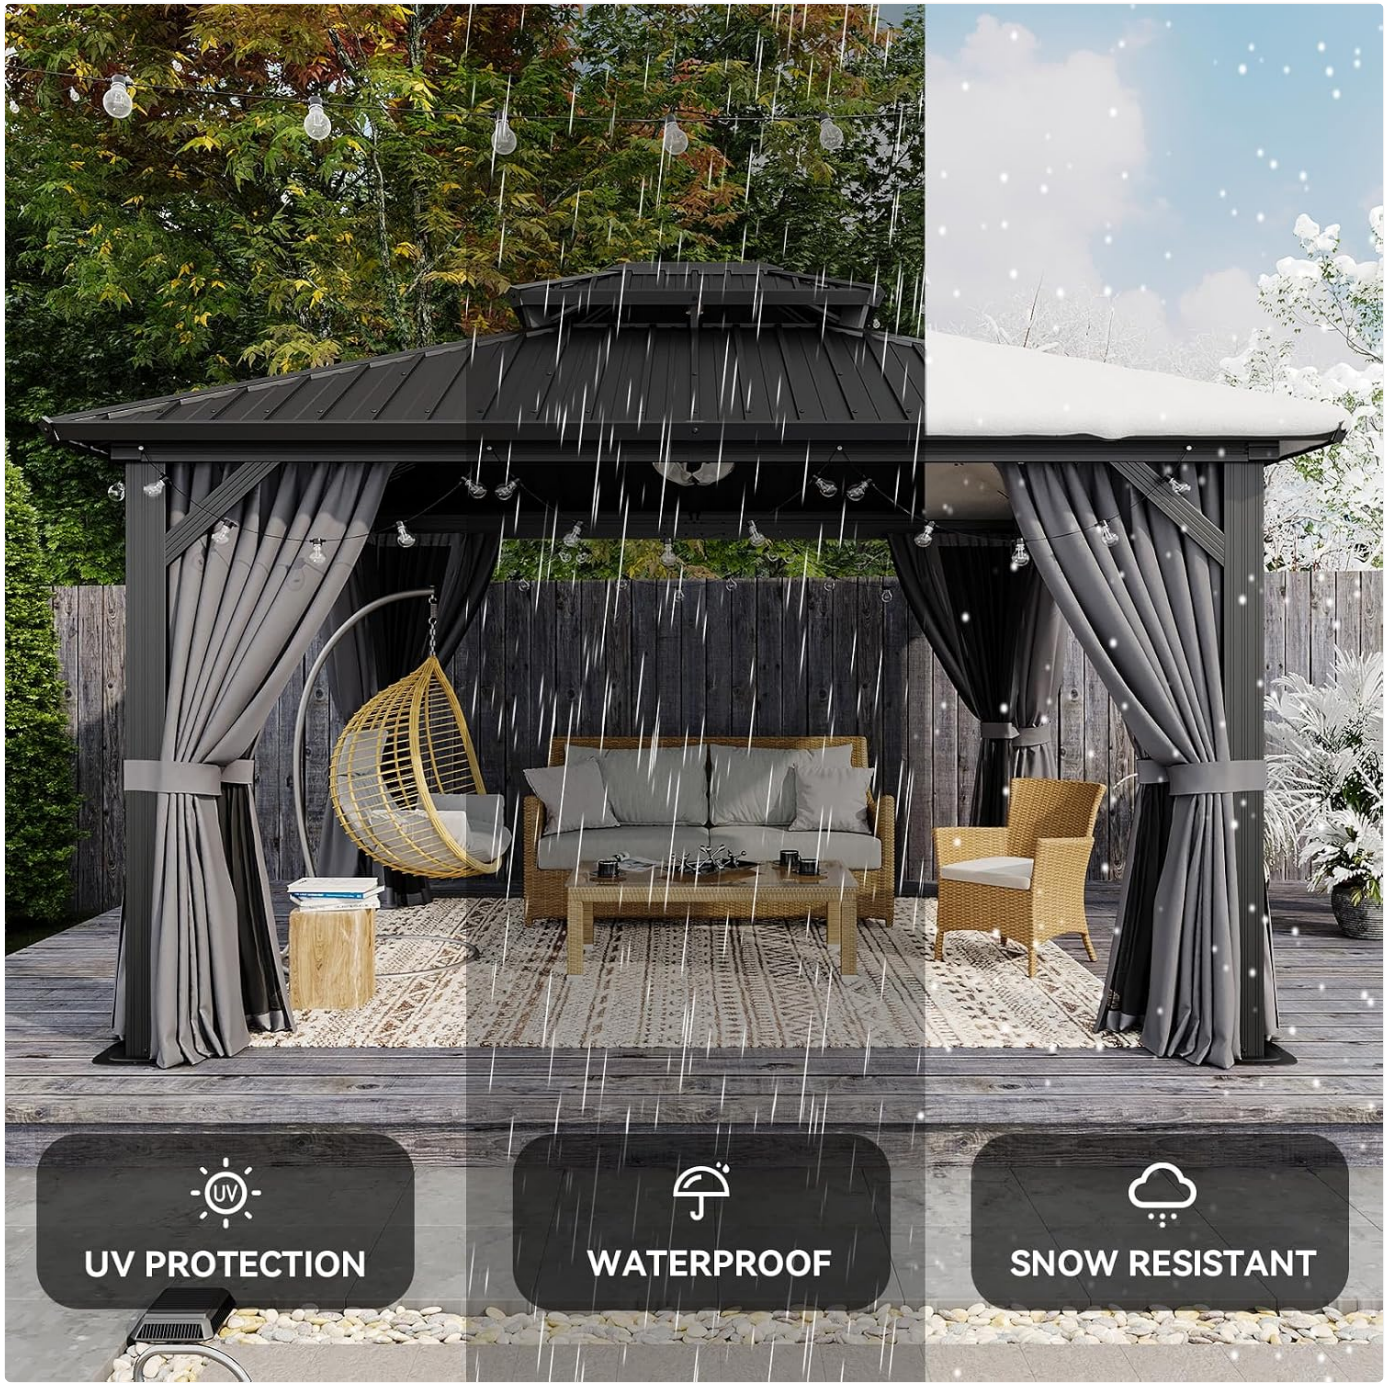

Figure 6: The gazebo is built for all-weather use, offering protection from sun, rain, and snow.

Efficient Drainage System

The superior slope design of the roof helps rainwater drain quickly, preventing accumulation and maintaining the pavilion in excellent condition.

Video 2: Demonstrates the efficient drainage system of the hardtop gazebo, ensuring water runs off quickly.

Troubleshooting Common Issues

If you encounter any issues during or after assembly, please refer to the following common solutions:

- **Misaligned Holes:** During roof panel assembly, some holes may not align perfectly. It is crucial to keep all screws loose until all panels are in place. This allows for flexibility to adjust and align the components before final tightening.
- **Netting Gaps:** If the netting does not appear flush or allows insects through, ensure all attachment points are correctly

secured. While designed for protection, minor gaps may occur. Consider additional sealing methods if necessary.

- **Stability Concerns:** Ensure the gazebo is anchored to a solid surface using the provided expansion bolts or other suitable anchoring methods. Regularly check the tightness of all structural fasteners.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact Aoxun customer service immediately for assistance.

Product Specifications

Feature	Detail
Brand	Aoxun
Model Number	IG402GR05-MJ
Product Dimensions	167.3"L x 143.7"W x 119.6"H (12' x 14')
Item Weight	322 Pounds
Frame Material	Aluminum
Roof Material	Galvanized Steel (Double Top)
Curtain Material	180g Gray Polyester
Netting Material	40g Netting
Color	Gray
Water Resistance Level	Water Resistant
UV Protection	25
