## MIRADOR 111S

# MIRADOR 111S Round Louvered Pergola Gazebo Instruction Manual

Model: 111S

## INTRODUCTION

---

This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your MIRADOR 111S Round Louvered Pergola Gazebo. Please read all instructions carefully before beginning assembly or use.

## SAFETY INFORMATION

---

Your safety is paramount. Adhere to all warnings and instructions to prevent injury or damage.

- **Permit Requirements:** This structure may require a permit. Consult with your local city, municipality, and relevant HOA guidelines for guidance on building codes and zoning requirements in your area before purchase.
- **Weather Precautions:** To prevent potential damage to your pergola, avoid snow accumulation on the louver roof. In high winds or extreme weather conditions, open the louvers and elevate or remove any shade screen accessories.
- **Installation Services:** Please note that MIRADOR does not provide installation services. All installation services listed on the order page are provided by a third party.

## SETUP AND ASSEMBLY

---

The Mirador 111S Round pergola comes with prefabricated rounded rails and louvers that require no special rivets

or welds for assembly. It can be securely fastened to the ground using the provided expansion bolts. For a detailed visual guide, please refer to the official assembly video below.

## OPERATING INSTRUCTIONS

The Mirador 111S Round pergola features a unique louvered hardtop design that lets you modify the light angle from 0° to 90°, providing a variety of protection options against the sun, rain, and wind. Use the integrated crank system to adjust the louvers to your desired position.

Our patented Integrated Water Drainage feature is designed to efficiently channel rainwater to the columns and effectively drain it through the notches at the base of the rounded pillars, keeping your outdoor space clean and dry.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your pergola, follow these maintenance guidelines:

- Regularly inspect all bolts and connections to ensure they are secure.
- Clean the aluminum frame and galvanized steel louvers with mild soap and water. Avoid abrasive cleaners.
- During heavy snow, open the louvers to prevent accumulation and potential damage to the roof structure.
- In high winds or extreme weather, ensure louvers are open and any accessories are secured or removed.

## TROUBLESHOOTING

---

If you encounter any issues with your MIRADOR 111S Pergola, please refer to the assembly video for common solutions. For persistent problems or issues not covered in this manual, contact MIRADOR customer support for assistance.
