MAINTENANCE AND CARE

To ensure the longevity and appearance of your Dowinx Vanity Desk, follow these simple maintenance guidelines:

- **Spills:** Clean up spills immediately to prevent staining or damage to the wood and metal components.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors to clean the LED mirror. Do not spray cleaner directly onto the mirror; apply it to a cloth first.
- **Hardware:** Periodically check and tighten all screws and fasteners to maintain stability.
- **Placement:** Avoid placing the desk in direct sunlight or near heat sources to prevent warping or

discoloration.

TROUBLESHOOTING

If you encounter any issues with your vanity desk, refer to the following common troubleshooting tips:

Problem	Possible Cause / Solution
LED Mirror Lights Not Working	Ensure the power cord is securely plugged into both the mirror and a working electrical outlet. Short press the touch button on the mirror to ensure it is turned on. Check the power outlet for functionality by plugging in another device.
Stool Feels Unstable	Check all screws and bolts on the stool frame. Tighten any loose fasteners. Ensure the stool is placed on a flat, even surface.
