Super Box Remote Control RC-200 User Manual

Original Superbox Bluetooth Remote Control

1. INTRODUCTION

Thank you for choosing the Super Box Remote Control RC-200. This universal original Super Voice Box Bluetooth Remote Control is designed to work seamlessly with your SuperBox S4, S5 Max, S5, S6 Pro/Elite Ultra/Elite Pro+ models. It requires no programming and is ready to use right out of the box after battery insertion.

Please note that while this remote offers full functionality for all compatible models, the voice control feature is not supported for SuperBox S4 Pro and S3 Pro. All other functionalities, however, remain fully operational for these models.

2. PRODUCT OVERVIEW

The RC-200 remote control is an authorized original SuperBox accessory, designed for intuitive navigation and control of your set-top box. It features both Bluetooth connectivity for advanced functions like voice control and IR for basic TV control.

3. SETUP

Battery Installation

The RC-200 remote control requires two (2) AAA 1.5V batteries for operation. Batteries are not included with the remote.

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery cover.
3. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the

markings inside the compartment.

4. Close the battery cover securely.

Once batteries are installed, the remote is ready for use with compatible SuperBox devices without any additional programming or pairing.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Super Box Remote Control RC-200, please follow these maintenance guidelines:

- **Cleaning:** Wipe the remote with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as they may damage the surface or internal components.
- **Battery Care:** If the remote will not be used for an extended period, remove the batteries to prevent leakage, which can cause damage.
- **Storage:** Store the remote in a cool, dry place, away from direct sunlight, extreme temperatures, and high humidity.
- **Avoid Drops:** Protect the remote from physical shocks and drops, as this can damage internal circuitry.

7. TROUBLESHOOTING

If you encounter issues with your RC-200 remote control, please refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Remote not responding	Dead or incorrectly inserted batteries. Obstruction between remote and device.	Replace batteries, ensuring correct polarity. Remove any obstructions. Ensure line of sight for IR functions.
Voice control not working	Incompatible SuperBox model (S3 Pro/S4 Pro). Bluetooth connection issue.	Confirm your SuperBox model supports voice control. Ensure Bluetooth is enabled on your SuperBox and the remote is within range.
Buttons are sticky or unresponsive	Dirt or debris under buttons. Worn out contacts.	Clean the remote surface. If problem persists, contact customer support.
Remote works intermittently	Low battery power. Interference.	Replace batteries. Move away from other electronic devices that might cause interference.
