ROOMTEC 7FTAPT3PCS

ROOMTEC 7ft Artificial Palm Tree (3 Pack) Instruction Manual

Model: 7FTAPT3PCS

PRODUCT OVERVIEW

The ROOMTEC 7ft Artificial Palm Tree offers a lifelike tropical aesthetic for various settings. This product includes three artificial palm trees, each standing 84 inches tall, featuring 36 fronds and three trunks. Designed for both indoor and outdoor use, these trees are UV resistant and require minimal maintenance.

- **Lifelike Design:** Each 84-inch tree features 36 fronds and three sturdy trunks, providing a realistic appearance.
- **UV Resistant:** Suitable for outdoor placement without fading.
- **Low Maintenance:** Requires no watering, sunlight, or pest control.
- **Stable Base:** Anchored in a heavyweight pot with solid cement for stability.
- **Versatile Decor:** Ideal for homes, offices, gardens, patios, and poolside areas.

Perfectly Stunning Decor

You can also enjoy the coastal atmosphere at home

SETUP INSTRUCTIONS

Your artificial palm tree is designed for easy assembly and customization. Follow these steps to set up your tree:

1. **Unpack Components:** Carefully remove all parts from the packaging. You will find the main tree trunk assembly and individual palm fronds.
2. **Insert Leaves:** Locate the designated slots on the plastic stems of the tree trunks. Insert each palm frond into a slot. Ensure they are securely fitted.

Image: A hand demonstrating how to insert a palm frond into the plastic stem of the artificial tree.

3. **Shape Fronds:** The palm fronds contain adjustable metal wires. Carefully bend and spread the fronds outward to achieve a natural, full shape. Adjust them to your desired aesthetic.

How to style your plant

Insert leaves on the plastic stem.

Carefully bend stems outward to give shape

Place plant anywhere to liven up the room

Important: The tree is anchored in a weighted pot. If placing outdoors in windy conditions, consider securing it further within a heavier decorative planter or by adding additional weight to its base.

MAINTENANCE

One of the primary benefits of an artificial palm tree is its minimal maintenance requirements. Follow these simple guidelines to keep your tree looking its best:

- **Cleaning:** Dust the fronds and trunks periodically with a soft, dry cloth or a feather duster. For more stubborn dirt, wipe with a damp cloth and mild soap, then dry thoroughly.

Image: A hand wiping an artificial palm frond with a cloth, demonstrating the ease of cleaning.

- **UV Resistance:** The tree is designed to be UV resistant, reducing fading when exposed to sunlight. However, prolonged exposure to extreme direct sunlight over many years may still cause some gradual color change.
- **Reshaping:** If fronds become compressed or lose their shape over time, gently bend the internal wires to restore their original form.
- **Storage:** If storing the tree, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight to preserve its condition.

TROUBLESHOOTING

Most issues with artificial plants are minor and easily resolved.

Problem	Solution
Tree appears compressed or flat.	Gently bend the internal wires of the fronds and stems to expand and shape the tree to your preference.

Problem	Solution
Fronde are dusty or dirty.	Wipe with a soft, dry cloth or a damp cloth with mild soap. Ensure to dry thoroughly.
Tree feels unstable.	Ensure the tree is placed on a flat, stable surface. For added stability, place the tree's pot inside a larger, heavier decorative planter and fill with sand or rocks.

SPECIFICATIONS

Feature	Detail
Brand	ROOMTEC
Model Number	7FTAPT3PCS
Product Dimensions	47.2"D x 47.2"W x 84"H (7ft height)
Color	Artificial Palm Tree 3 Pack (Green)
Material	Plastic
Item Package Quantity	1 (contains 3 trees)
Recommended Uses	Indoor, Outdoor
Special Feature	UV Resistant
