

HMOVPL 240601A1

HMOVPL Flower Floor Lamp (Model 240601A1) Instruction Manual

Your guide to assembly, operation, and care.

INTRODUCTION

Thank you for choosing the HMOVPL Flower Floor Lamp. This unique lamp features a vintage design inspired by lily of the valley flowers, complete with delicate leaves and butterfly decorations. Crafted from durable iron and acrylic, it provides soft, eye-friendly illumination for your living room, bedroom, or office. This manual provides essential information for the safe and proper use of your new floor lamp.

SAFETY INFORMATION

- **Electrical Safety:** Always ensure the lamp is unplugged before assembly, cleaning, or bulb replacement. Do not use the lamp with a damaged cord or plug.
- **Indoor Use Only:** This lamp is designed for indoor use in dry locations. Do not expose it to water or high humidity.
- **Stable Placement:** Place the lamp on a flat, stable surface to prevent tipping. The lamp features a heavy base for enhanced stability.
- **Bulb Type:** Use only E26 base LED bulbs with a maximum wattage of 5W per bulb. Using incorrect bulbs may cause overheating or damage.
- **Children and Pets:** Keep the lamp out of reach of small children and pets to prevent accidental knocking over or tampering with electrical components.
- **Ventilation:** Ensure adequate air circulation around the lamp to prevent heat buildup.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Lamp Base and Pole Sections (pre-wired)
- 2 x Acrylic Flower Shades
- 2 x 5W LED Bulbs (E26 base)

- Decorative Leaves and Butterfly elements
- Small Allen Wrench (for tightening decorative elements)

SETUP INSTRUCTIONS

Follow these steps to assemble your HMOVPL Flower Floor Lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble the Pole:** The lamp pole consists of several sections. Gently pull the electrical cord through each section as you twist them together clockwise until secure. Ensure the cord is not pinched.
3. **Attach to Base:** Once the main pole is assembled, twist the bottom section into the heavy lamp base clockwise until it is firmly secured.
4. **Install Bulbs:** Screw the provided 5W LED bulbs into the E26 sockets located within the flower shades. Ensure the bulbs are fully seated.
5. **Attach Shades:** Place the acrylic flower shades over the bulb sockets. Secure them by screwing the retaining rings (if present) over the socket and shade.
6. **Secure Decorative Elements:** The decorative leaves and butterfly elements are pre-installed but may be loose for shipping. Use the provided small Allen wrench to gently tighten the small screws located at the base of these elements to prevent them from spinning freely. **Note:** The small screws are already in place; you only need to tighten them, not insert new ones.
7. **Position the Lamp:** Place the assembled lamp in your desired indoor location, ensuring the power cord can reach an outlet without being strained or creating a tripping hazard.

OPERATING INSTRUCTIONS

The HMVPL Flower Floor Lamp is designed for simple operation:

- **Power Connection:** Plug the lamp's power cord into a standard 110V AC electrical outlet.
- **Foot Switch Operation:** The lamp is equipped with a convenient foot switch located on the power cord. Press the foot switch once to turn the lamp ON, and press it again to turn the lamp OFF.

MAINTENANCE

To ensure the longevity and optimal performance of your lamp:

- **Cleaning:** Always unplug the lamp before cleaning. Use a soft, dry cloth to wipe down the lamp pole, base, and decorative elements. For the acrylic shades, use a slightly damp cloth and mild soap if necessary, then dry thoroughly. Avoid abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulbs have cooled completely before attempting to replace them. Unscrew the old bulb and screw in a new E26 base 5W LED bulb.
- **Regular Inspection:** Periodically check the power cord for any signs of damage, fraying, or loose connections. Ensure all assembled parts remain securely tightened.

TROUBLESHOOTING

If you encounter issues with your HMVPL Flower Floor Lamp, refer to the following common solutions:

- **Lamp Does Not Turn On:**
 - Check if the power cord is securely plugged into a working electrical outlet.
 - Verify that the light bulbs are correctly screwed into their sockets and are not burnt out. Replace if necessary.
 - Ensure the foot switch is fully pressed to the ON position.
- **Lamp is Wobbly:**
 - Ensure all pole sections are tightly twisted together.
 - Check that the lamp base is securely attached to the bottom pole section.
 - Confirm the lamp is placed on a flat and even surface.
- **Decorative Elements (Leaves/Butterflies) are Loose:**
 - Use the provided small Allen wrench to tighten the pre-installed screws at the base of these elements. Avoid over-tightening.

SPECIFICATIONS

Feature	Detail
---------	--------
