2. SPECIFICATIONS

Feature	Detail
Model Number	EN0102
Tabletop Material	1-inch Solid Rubberwood
Tabletop Finish	Safety Varnish (Scratch-resistant, Heat-resistant)
Tabletop Load Capacity	1500 lbs
Adjustable Height Range	31-1/3 to 39-1/5 inches
Leg Material	2x2 inch Heavy-Duty Alloy Steel (1.2mm thickness)
Frame Structure	H-shape with Double Crossbar Support

Feet	3.15-inch Diameter Adjustable Metal Feet with Non-slip Mute Pads
Assembly Required	Yes (Pre-drilled holes)
Overall Dimensions (Max Height)	60" L x 22" W x 39.2" H
Item Weight	73.8 lbs

### 3. SETUP AND ASSEMBLY

The ENJOYWOOD Work Table is designed for straightforward assembly. All necessary hardware and an instruction manual are included. Pre-drilled holes simplify the process, requiring no additional drilling.

#### 3.1 Unpacking and Component Identification

1. Carefully unpack all components from the packaging.
2. Verify all parts against the included parts list in the user manual.
3. Ensure all hardware (bolts, nuts, screws, adjustable feet) is present.

#### 3.2 Frame Assembly

- Assemble the H-shape steel leg frames using the provided bolts and nuts. The double crossbar supports enhance load-bearing capacity.
- Attach the side support beams to the leg frames.

## 3.4 Adjustable Height and Feet

- The legs feature multiple pre-drilled holes allowing for height adjustment from 31-1/3 to 39-1/5 inches. Adjust the leg extensions to your desired height and secure them with the provided bolts.
- Attach the 3.15-inch diameter adjustable metal feet to the bottom of each leg. These feet can be individually adjusted to compensate for uneven ground, ensuring a stable work surface. The non-slip mute pads increase friction for added stability.

## 5 Levels of Adjustable Height for Various Scenarios

60" D x 22" W x (31.3"-39.2" )H

Figure 5: Adjustable metal feet with non-slip rubber pads provide stability on uneven surfaces.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power Outlet Usage

The workbench may include an integrated power strip with multiple outlets. To use, simply plug the workbench's main power cord into a wall outlet. Use the integrated outlets to power your tools and devices directly from your workspace.

### 4.2 Pegboard and Tool Hooks

The workbench features a pegboard section, often located on the side or integrated into the frame. Utilize the provided hooks to organize and store small tools, keeping your workspace tidy and efficient.

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your ENJOYWOOD Work Table, follow these maintenance guidelines:

- **Cleaning:** Wipe the rubberwood tabletop with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the safety varnish.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Surface Protection:** While the tabletop is scratch-resistant and heat-resistant, using protective mats or pads for heavy-duty tasks or hot items is recommended to further extend its lifespan.
- **Leg Adjustment:** When adjusting the height of the legs, ensure the bolts are fully removed and re-inserted securely into the desired holes.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your ENJOYWOOD Work Table, refer to the following common troubleshooting tips:

- **Table Wobbles:** Check if the adjustable metal feet are properly leveled. Adjust each foot individually until the table is stable on the floor. Ensure all frame bolts are securely tightened.
- **Difficulty Adjusting Height:** Ensure the bolts securing the leg extensions are fully loosened or removed before attempting to adjust the height. Re-insert and tighten bolts completely after adjustment.
- **Power Outlet Not Working:** Verify that the workbench's main power cord is securely plugged into a functional wall outlet. Check the power strip's reset button or on/off switch.

For further assistance, please contact ENJOYWOOD customer support.

## 7. WARRANTY AND SUPPORT

---

ENJOYWOOD products are manufactured to high-quality standards. For specific warranty details, including coverage period and terms, please refer to the warranty card included with your product or visit the official ENJOYWOOD website. For technical support, replacement parts, or any other inquiries, please contact ENJOYWOOD customer service through the contact information provided in your product packaging or on the brand's official channels.

Please retain your proof of purchase for warranty claims.
