- 1 x Charging Case
- 1 x USB Type-C Charging Cable
- 1 x User Manual
- Ear Tips (S/M/L sizes)

3. PRODUCT DIAGRAM

Familiarize yourself with the various parts and controls of your SKIUDCT N19 Bluetooth Headset:

Compact and Lightweight Design for All-day Comfort

Image: Headset controls and ports

1. **Power On/Off Button:** Press and hold to power on or off.
2. **Play/Pause Button:** Controls music playback.
3. **Answer/Hang Up Button:** Manages phone calls.
4. **Reject Call Button:** Declines incoming calls.
5. **Siri/Voice Assistant Button:** Activates your device's voice assistant.
6. **Volume Up (+) Button:** Increases audio volume.
7. **Volume Down (-) Button:** Decreases audio volume.
8. **Track Forward (>>) Button:** Skips to the next audio track.
9. **Track Reverse (<<) Button:** Skips to the previous audio track.
10. **Type-C Charging Port:** For charging the headset.
11. **Main Microphone:** Primary microphone for voice collection.
12. **Second Microphone:** Used for noise reduction during calls.

4. SETUP

4.1. Charging the Headset

Before first use, fully charge the headset and charging case.

Sensitive Buttons for Easy Operation

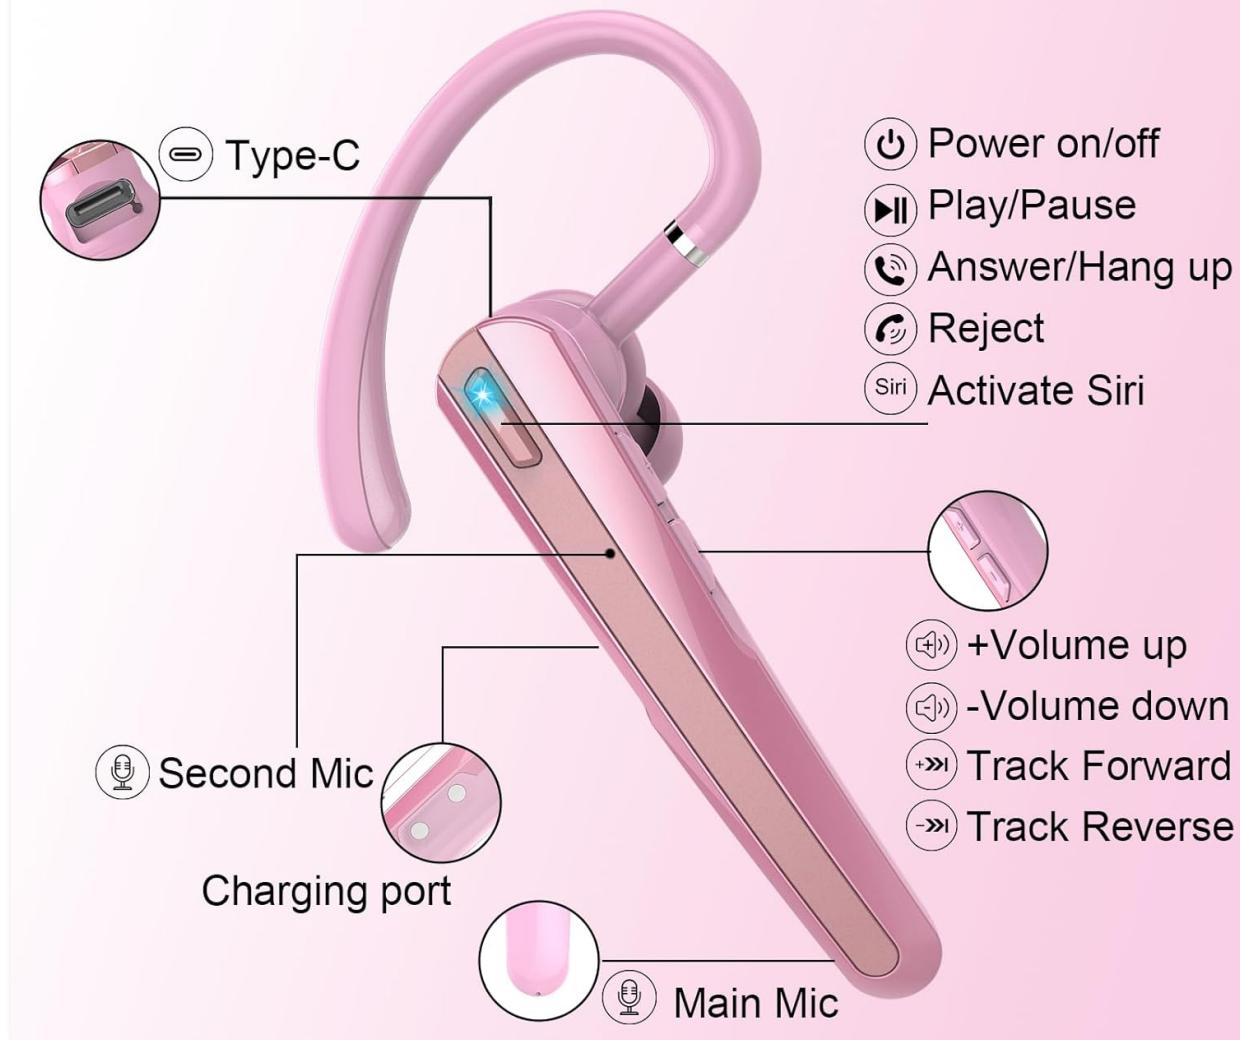

Image: Charging case and LED display

- Connect the Type-C charging cable to the charging port on the case and a power source.
- The LED display on the charging case will show the current battery percentage.
- A full charge for the case takes approximately 1.5 hours.
- The headset provides up to 20 hours of use on a single charge, and the charging case extends total usage to 120 hours.

4.2. Power On/Off

- **Power On:** Press and hold the Power On/Off button until the indicator light illuminates.
- **Power Off:** Press and hold the Power On/Off button until the indicator light turns off.

4.3. Bluetooth Pairing

Follow these steps to pair your headset with a Bluetooth-enabled device:

Image: One-step Bluetooth pairing

1. Ensure the headset is charged and powered on. It will automatically enter pairing mode.
2. Activate Bluetooth on your smartphone, tablet, or other compatible device.
3. Search for 'N19' in the list of available Bluetooth devices and select it to pair.
4. Once successfully paired, the headset will automatically connect to your device when powered on and within range (up to 15 meters in open environments).

5. OPERATING INSTRUCTIONS

5.1. Call Management

- **Answer Call:** Press the Answer/Hang Up button once.
- **End Call:** Press the Answer/Hang Up button once during a call.
- **Reject Call:** Press and hold the Reject Call button for 2 seconds.

5.2. Music Playback

- **Play/Pause:** Press the Play/Pause button once.
- **Next Track:** Press the Track Forward (>>) button once.
- **Previous Track:** Press the Track Reverse (<<) button once.
- **Volume Up:** Press the Volume Up (+) button.
- **Volume Down:** Press the Volume Down (-) button.

5.3. Voice Assistant

- **Activate Voice Assistant:** Press the Siri/Voice Assistant button once to activate your device's voice assistant (e.g., Siri, Google Assistant).

6. COMFORT AND FIT

The SKIUDCT N19 headset is designed for all-day comfort and a secure fit. It features a lightweight

construction and soft silicone ear tips (available in S, M, L sizes) to ensure effective sound isolation and comfort.

Image: Adjustable ear hook for comfort

- The ear hook can pivot 180°, allowing you to wear the headset on either your left or right ear.
- The arm of the headset rotates 270°, enabling further adjustment for optimal wearing comfort and microphone positioning.
- Choose the ear tip size that provides the best seal and comfort for your ear.

7. MAINTENANCE

- **Cleaning:** Regularly clean the headset and charging case with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Water Resistance:** The headset is waterproof, offering protection against splashes and sweat. However, avoid prolonged submersion in water.
- **Storage:** Store the headset in its charging case in a cool, dry place when not in use.
- **Battery Care:** To prolong battery life, fully charge the device before its first use. Avoid completely draining the battery frequently.

8. TROUBLESHOOTING

8.1. Cannot Pair with Device

- Ensure the headset is charged and powered on.
- Make sure Bluetooth is enabled on your device.
- Move the headset closer to your device to ensure it is within range.
- If issues persist, try restarting both the headset and your device, then attempt pairing again.

8.2. No Sound or Low Volume

- Check the volume levels on both the headset and your connected device.
- Ensure the headset is properly paired and connected to your device.
- Try re-pairing the headset with your device.

8.3. Charging Issues

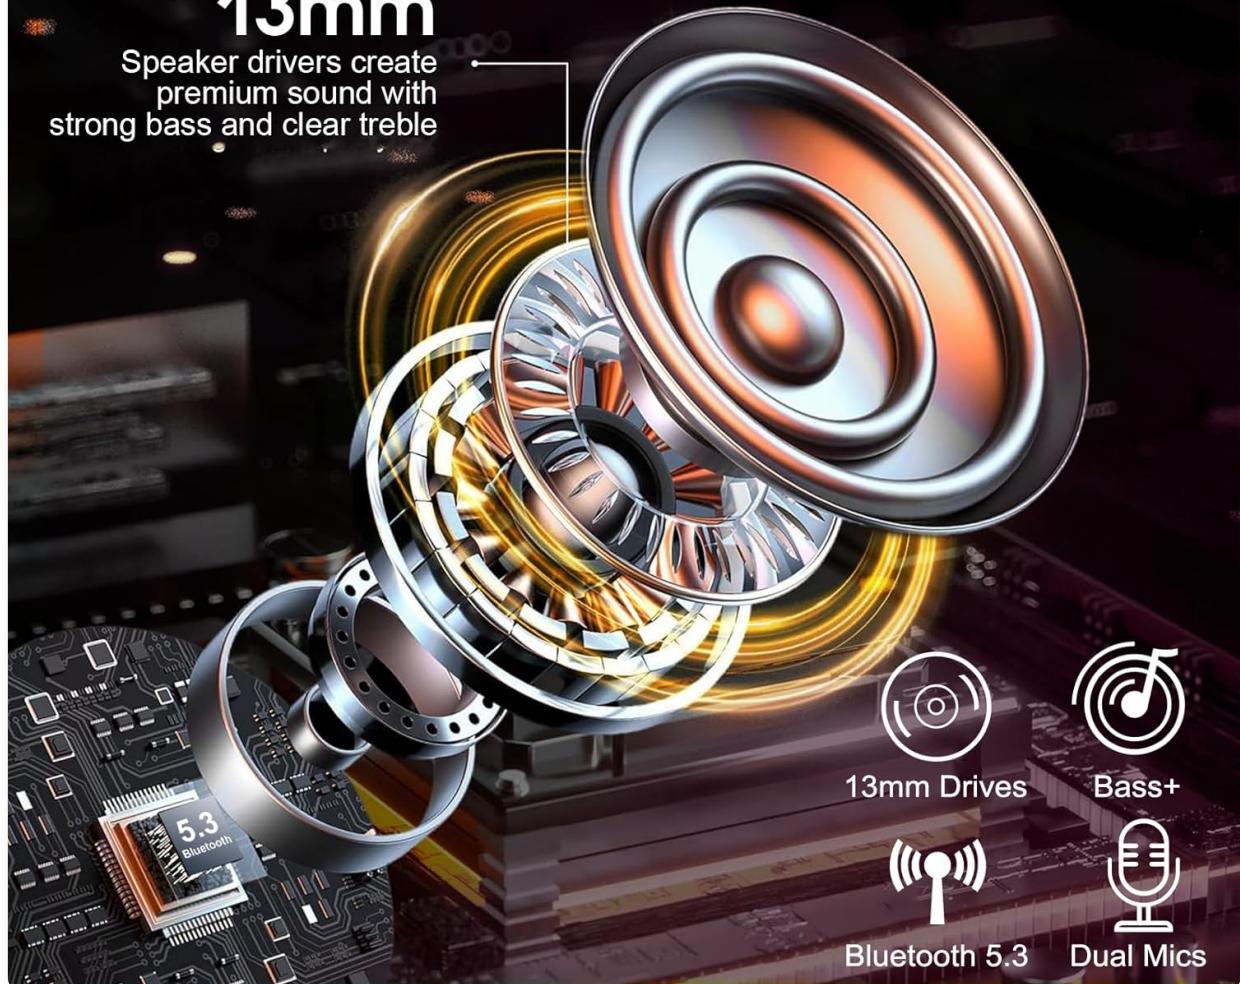

- Verify the charging cable is securely connected to both the charging case and the power source.
- Ensure the power source is active and functioning correctly.
- Clean the charging contacts on both the headset and the charging case to remove any dust or debris.

8.4. Poor Call Quality

Upgraded Bluetooth 5.3 HiFi Stereo Sound Quality
