# Apple 240W USB-C to USB-C Woven Charge Cable (2m) User Manual

Model: MYQT3AM/A

## INTRODUCTION

This manual provides essential information for the Apple 240W USB-C to USB-C Woven Charge Cable (2m). This cable is designed for efficient charging, syncing, and data transfer between compatible USB-C devices. Its woven construction enhances durability and flexibility.

## WHAT'S IN THE BOX

- Apple 240W USB-C Woven Charge Cable (2 m)

Note: A compatible USB-C power adapter is sold separately and is required for charging.

## SETUP

To begin using your Apple 240W USB-C to USB-C Woven Charge Cable, follow these steps:

1. **Connect to Power Adapter:** Insert one end of the USB-C cable into a compatible USB-C power adapter. Ensure the power adapter is rated for the wattage required by your device, up to 240W for optimal performance.
2. **Connect to Device:** Insert the other end of the USB-C cable into the USB-C port of your device (e.g., iPhone, iPad, MacBook, AirPods).
3. **Verify Connection:** Confirm that both ends of the cable are securely connected. Your device should indicate that it is charging or connected for data transfer.

## OPERATING INSTRUCTIONS

### Charging Devices

This cable supports fast charging for compatible devices, delivering up to 240 watts of power. For fast charging, pair the cable with a USB-C power adapter that supports the required wattage for your device. Connect the cable as described in the Setup section. The charging indicator on your device will confirm power delivery.

### Data Transfer

The cable facilitates data transfer at USB 2.0 rates (up to 480 Mbps). To transfer data, connect your device to a computer or another compatible device using the cable. Ensure both devices are powered on and configured for data exchange. Follow your device's instructions for initiating data transfer.

Image: Both USB-C connectors of the woven charge cable are shown, highlighting their identical appearance for reversible connection.

## MAINTENANCE

Proper care extends the life of your charge cable:

- **Cleaning:** Gently wipe the cable with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the cable in a cool, dry place. Avoid extreme temperatures.

- **Handling:** Do not bend the cable sharply, especially near the connectors. Avoid pulling the cable by the cord itself; always grasp the connector when plugging or unplugging.
- **Inspection:** Periodically inspect the cable and connectors for any signs of wear, fraying, or damage. Discontinue use if damage is observed.

## TROUBLESHOOTING

- **Device Not Charging:**
  - Ensure both ends of the cable are fully inserted into the power adapter and the device.
  - Verify that the power adapter is functioning correctly and connected to a live power outlet.
  - Confirm that your power adapter is compatible with your device and provides sufficient wattage.
  - Try using a different power adapter or a different USB-C port on your device/computer.
- **Slow Charging:**
  - Ensure you are using a power adapter that supports fast charging for your device.
  - Check for background apps or processes on your device that might be consuming significant power.
  - Environmental factors (e.g., extreme heat) can affect charging speed.
- **Data Transfer Issues:**
  - Ensure both devices are properly connected and recognized by each other.
  - Check device settings for data transfer permissions.
  - Restart both devices and try connecting again.

## SPECIFICATIONS

<b>Brand</b>	Apple
<b>Model Name</b>	USB-C Cables
<b>Item Model Number</b>	MYQT3AM/A
<b>ASIN</b>	B0DCH5B2HF
<b>UPC</b>	195949775352
<b>Cable Type</b>	USB-C to USB-C
<b>Connector Type</b>	USB Type C (Male-to-Male)
<b>Cable Length</b>	2 meters (6 feet)
<b>Max Power Delivery</b>	Up to 240 watts
<b>Data Transfer Rate</b>	USB 2.0 (480 Mbps)

<b>Special Features</b>	Woven design, Fast Charging, Data Transfer
<b>Color</b>	White
<b>Item Weight</b>	1.76 ounces (0.05 Kilograms)
<b>Compatible Devices</b>	AirPods, MacBook Air, MacBook Pro, iMac, Mac Studio, Mac mini, Mac Pro, iPad Air, iPad, iPad mini, iPad Pro, iPhone 15 series and later models.
